Item 1. Business

Our Company

Wynn Resorts, Limited ("Wynn Resorts," "Wynn," or together with its subsidiaries, "we" or the "Company") is a preeminent designer, developer, and operator of integrated resorts featuring luxury hotel rooms, high-end retail space, an array of dining and entertainment options, meeting and convention facilities, and gaming, all supported by an unparalleled focus on our guests, our people, and our community. We believe that our extensive design and operational experience across numerous gaming jurisdictions provides us with a distinct advantage over other gaming enterprises.

Through our approximately 72% ownership of Wynn Macau, Limited ("WML"), we operate two integrated resorts in the Macau Special Administrative Region of the People's Republic of China ("Macau"), Wynn Palace and Wynn Macau (collectively, our "Macau Operations"). In Las Vegas, Nevada, we operate and, with the exception of certain retail space, own 100% of Wynn Las Vegas and Encore at Wynn Las Vegas, which we also refer to as our Las Vegas Operations. In Everett, Massachusetts, we operate Encore Boston Harbor, an integrated resort. In addition, we hold an approximately 97% interest in Wynn Interactive Ltd. ("Wynn Interactive"), which operates WynnBET, our digital sports betting and casino gaming business. Additionally, the Company has a 40% equity interest in Island 3 AMI FZ-LLC, an unconsolidated affiliate, which is currently constructing an integrated resort property ("Wynn Al Marjan Island") in Ras Al Khaimah, United Arab Emirates.

Our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and all other reports and any amendments of such reports filed with or furnished to the Securities and Exchange Commission ("SEC") are available, without charge, at the SEC's website at <http://www.sec.gov>. In addition, through our corporate website at www.wynnresorts.com, Wynn Resorts provides a hyperlink to a third-party SEC filing website which makes available all such reports and amendments and where they can be viewed without charge. The information found on or linked through our website is not incorporated by reference into this Annual Report on Form 10-K, nor does it form a part of this Annual Report on Form 10-K or any other report we file with or furnish to the SEC.

Our Strategy

We conceptualize, design, build, and operate our resorts to create unforgettable customer experiences across a diverse set of gaming and non-gaming amenities that attract a wide range of customer segments and generate strong financial results.

Central to our strategy is the construction of, and regular reinvestment in, world-class integrated resorts. These activities are led by our in-house design, development, and construction subsidiary and its senior management team, which has significant experience across all major design and construction disciplines. In addition, we believe superior customer service is the best marketing strategy to attract customers and drive repeat visitation to our resorts. Human resources and staff training are essential to ensuring our employees are prepared to provide the luxury service that our guests expect. We have been successful in attracting a wide range of premium guests both domestically and internationally. Part of this strategy includes leveraging our marketing team across various branch offices located internationally to connect with and build relationships with our customers. We continually evaluate our offerings and service levels, and as a result, have made and expect to continue to make enhancements and refinements to our resorts.

We plan to continue to seek out new opportunities to develop and operate world-class integrated resorts and related businesses around the world. Overall, we believe Wynn Resorts has a demonstrated track record of developing and operating integrated resorts that stimulate local and regional economic activity, by attracting a wide range of customers (including high-net-worth international tourists), driving international tourism, raising average hotel room rates in the region, extending the average length of stay per visitor, complementing existing convention and meeting business with five-star accommodations and appropriately scaled meeting amenities, elevating service levels with the execution of five-star customer service, and stimulating city-wide investment and employment.

Our Values

Wynn Resorts thrives in the luxury hospitality industry because of our employees, who exhibit our values at every level within the Company. Our values are embodied by the following concepts:

- *Service-Driven.* We foster a culture of respect, gratitude and meticulous attention to detail that makes service to guests our life's work.
- *Excellence.* Our singular focus on being the best celebrates the inherent connection between employee and guest, company and community.
- *Artistry.* We provide a collection of guest experiences that prize artistry and championship craftsmanship, resulting in Wynn Resorts being the highest ranked hotel company in the world.
- *Progressive.* Our commitment to innovation enables us to continue evolving what it means to create and operate world-class resort destinations.

Our Commitment to Corporate Social Responsibility

We are committed to our people, our communities, and our planet. Executing on our commitment to corporate social responsibility includes:

- Creating a five-star workplace.
- Fostering a diverse and inclusive workforce, and investing in our people.
- Furthering social impact initiatives in our communities.
- Minimizing the consumption and maximizing the benefit on our environment by sourcing renewable energy and utilizing it responsibly.
- Elevating our corporate governance practices to ensure they appropriately support the long-term interests of our stakeholders.

In North America, we have taken a leading role in the hospitality industry's transition to clean and sustainable sources of energy. Our investments in low-carbon energy, including on-site solar arrays and notably, a 160-acre solar facility in northern Nevada, have earned us a place in the U.S. Environmental Protection Agency's Green Power Partnership. We voluntarily use green power to reduce carbon emissions and drive toward our corporate sustainability goals. We encourage our employees to avail themselves of numerous leadership and development opportunities and use our resources to assist in the education and development of the next generation of employees and leaders. We are also fully committed to supporting our communities in the Las Vegas and Boston areas, through our corporate giving program and through the Wynn Employee Foundation, which fosters charitable giving and volunteerism among Wynn employees and community partners.

In Macau and across the Greater Bay Area, which is the region encompassing Macau, Hong Kong, and southern Guangdong Province, we strive to drive reinvestment in our community, encourage volunteerism, and promote responsible gaming through our Wynn Care program. Since launching this program, we have centralized our community-focused initiatives under one umbrella and meaningfully increased our involvement in various volunteer activities and community events in Macau, the Greater Bay Area, and beyond. We are also fully committed to supporting the sustainable development of Macau and endeavor to provide our guests with a premium experience while remaining environmentally conscious by monitoring and reducing inefficient energy and resource consumption and embracing technologies that help us to responsibly use our resources. In addition, we provide our employees in Macau with numerous professional development and training opportunities to elevate core and leadership skills.

Executing on Our Strategy

Reflecting our strategic focus, our values, and our commitment to delivering world-class, five-star service within luxury integrated resorts, the Company has received the following recognition:

- Collectively, Wynn Resorts earned 22 Forbes Travel Guide Five-Star awards in 2024, more than any other independent hotel company in the world.

- Wynn Resorts was once again honored to be included on FORTUNE Magazine's 2024 World's Most Admired Companies list in the hotel, casino, and resort category and ranked first overall in the category of Quality of Products/ Services among all international hotel companies.
- Wynn Las Vegas has received Four Green Globes, the highest certification for energy-efficient and sustainable buildings from the Green Building Initiative.
- Encore Boston Harbor has been certified LEED Platinum, the U.S. Green Building Council's highest level of certification.

Our Resorts

We present the operating results of our four resorts in the following segments: Wynn Palace, Wynn Macau, Las Vegas Operations, and Encore Boston Harbor. We generally experience fluctuations in revenues and cash flows from month to month, including from such factors as the timing of major conventions and holidays; however, we do not believe that our business is materially impacted by seasonality.

Wynn Palace

We opened Wynn Palace in August 2016, on Macau's Cotai Strip, conveniently located minutes from both Macau International Airport and the Macau Taipa Ferry Terminal and directly adjacent to a stop serviced by Macau's light rail system. The property features approximately 468,000 square feet of casino space with 304 table games and 554 slot machines, as well as private gaming salons and sky casinos. Wynn Palace also features a luxury hotel tower with a total of 1,706 guest rooms, suites, and villas, offering a health club, spa, salon, and pool. In addition, Wynn Palace offers 14 food and beverage outlets, approximately 107,000 square feet of high-end, brand-name retail space, and approximately 37,000 square feet of meeting and convention space. The property's signature public attractions and entertainment offerings include a performance lake, an immersive entertainment center, Western and Asian art displays, and a gondola ride offering convenient street-level access.

We are in the design stages of developing the next phase of Wynn Palace. We currently expect that the next phase at Wynn Palace will incorporate an array of amenities such as theater and event space, food and beverage features, and other non-gaming offerings.

Wynn Macau

We opened Wynn Macau in September 2006, and Encore, an expansion of Wynn Macau, in April 2010. Located in the heart of downtown Macau, the property features approximately 294,000 square feet of casino space with 259 table games and 530 slot machines, as well as private gaming salons, sky casinos, and a poker room. Wynn Macau also features two luxury hotel towers with a total of 1,010 guest rooms and suites, offering two health clubs, two spas, a salon and a pool. In addition, Wynn Macau offers 14 food and beverage outlets, approximately 64,300 square feet of high-end, brand-name retail space, and approximately 31,000 square feet of meeting and convention space. Wynn Macau's signature attractions include a performance lake and a rotunda show featuring a Chinese zodiac-inspired ceiling along with gold "tree of prosperity" and "dragon of fortune" features.

Las Vegas Operations

We opened Wynn Las Vegas in April 2005 and Encore, an expansion of Wynn Las Vegas, in December 2008. Wynn Las Vegas is located at the intersection of the Las Vegas Strip and Sands Avenue, and occupies approximately 215 acres of land fronting the Las Vegas Strip. The property features approximately 194,000 square feet of casino space with 232 table games and 1,621 slot machines, as well as private gaming salons, a sky casino, a poker room, and a race and sports book. Wynn Las Vegas also features two luxury hotel towers with a total of 4,748 guest rooms, suites, and villas, which offers swimming pools, private cabanas, two full service spas and salons, and a wedding chapel. In addition, Wynn Las Vegas offers 34 food and beverage outlets, approximately 177,000 square feet of high-end, brand-name retail space, approximately 513,000 square feet of meeting and convention space, and a golf course. Our nightlife and entertainment offerings at Wynn Las Vegas include two nightclubs and a beach club, and two theaters presenting an exclusive theatrical production and various headliner entertainment act.

Encore Boston Harbor

On June 23, 2019, we opened Encore Boston Harbor, an integrated resort in Everett, Massachusetts, adjacent to Boston along the Mystic River. The property features approximately 210,000 square feet of casino space with 183 table games, 24 poker tables and approximately 2,633 slot machines, private and high-limit gaming areas, and a sports book. Encore Boston Harbor also features a luxury hotel tower with a total of 671 guest rooms and suites, which offers a spa and salon. In addition, Encore Boston Harbor offers 14 food and beverage outlets and a nightclub, approximately 8,186 square feet of retail space, and approximately 71,000 square feet of meeting and convention space. Public attractions include a waterfront park, floral displays, and water shuttle service to downtown Boston.

Future Development Projects

In January 2022, we, along with Al Marjan Island and RAK Hospitality, announced plans for the development and management of Wynn Al Marjan Island, a destination integrated resort property in the Emirate of Ras Al Khaimah, United Arab Emirates. Wynn Al Marjan Island, which is currently under construction, is anticipated to be completed and open to the public in 2027, featuring an over 1,500-room hotel, luxury villas, a high-end shopping mall, a state-of-the-art meeting and convention facility, an exclusive spa, more than 10 restaurants and lounges, a wide array of entertainment choices, a gaming area (subject to regulatory approval), and other amenities. The planned integrated resort will leverage Wynn Resorts' expertise in developing and operating luxury hospitality destinations, and is expected to create substantial value to the local economy by accelerating tourism, creating jobs, and contributing to the growth of related sectors.

The Company is currently constructing a phased development adjacent to Encore Boston Harbor, which will include a theater, entertainment venues, gaming facilities, food and beverage facilities, and a parking garage. We anticipate this development opening to the public in 2026.

Wynn Interactive

In August 2023, the Company announced its decision to close WynnBET, Wynn Interactive's digital sports betting and casino gaming business, in jurisdictions other than New York, Massachusetts, and Michigan, and in January 2024 the Company announced its decision to close WynnBET in Massachusetts. In February 2024, the Company entered into an asset purchase agreement providing for the transfer and assignment of Wynn's market access rights and related obligations in Michigan to Caesars Entertainment, Inc., and separately, signed an equity purchase agreement for the sale of WSI US, LLC, Wynn Interactive's domestic operating subsidiary, which includes the Company's gaming license in New York, to Penn Entertainment, Inc.; in each case, subject to certain customary closing conditions.

Market and Competition

The casino resort industry is highly competitive. We compete with other high-quality resorts on the basis of the range of amenities, level of service, price, location, entertainment, themes and size, among other factors. We seek to differentiate our integrated resorts by delivering superior design and customer service.

Macau

Macau, located in the Greater Bay Area, is governed as a special administrative region of China and is located approximately 37 miles southwest of Hong Kong. The journey between Macau and Hong Kong takes approximately 15 minutes by helicopter, 30 minutes by road via the Hong Kong-Zhuhai-Macau Bridge, and one hour by jetfoil ferry. Macau, which has been a casino destination for more than 60 years, consists principally of a peninsula on mainland China and two neighboring islands, Taipa and Coloane, between which the Cotai area is located. In addition to Wynn Resorts (Macau) S.A. ("Wynn Macau SA"), SJM Resorts, S.A. ("SJM"), Galaxy Casino, S.A. ("Galaxy"), Venetian Macau, S.A. ("Venetian Macau"), Melco Resorts (Macau) Limited ("Melco"), and MGM Grand Paradise Limited ("MGM Macau") are permitted to operate casinos in Macau, with a total of 30 casinos currently in operation.

Both the Macau gaming market and visitation to Macau grew significantly from liberalization in 2002 up until the outbreak of COVID-19, but fell meaningfully from early 2020 to December 2022 due to certain border control and other travel related restrictions as a result of the pandemic. Over the course of December 2022 and January 2023, Macau authorities eliminated these COVID-19 related protective measures. According to the Macau Statistics and Census Service Monthly Bulletin of Statistics, visitation to Macau in 2023 increased 394.9% and decreased 28.4% as compared to 2022 and 2019, respectively.

We believe that the Macau region hosts one of the world's largest concentrations of potential gaming and tourism customers. According to Macau Statistical Information, annual gaming revenues were \$36.5 billion in 2019, before falling to \$7.6 billion in 2020, \$10.8 billion in 2021, and \$5.3 billion in 2022, due to various quarantine measures and travel and entry restrictions and conditions since the outbreak of COVID-19, and increased to \$22.7 billion in 2023, due to Macau authorities eliminating COVID-19 related protective measures over the course of December 2022 and January 2023. We continue to believe that Macau's stated goal of becoming a world-class tourism destination will continue to drive additional visitation to the market and create future opportunities for us to invest and grow.

Our Macau Operations face competition primarily from the 28 other casinos located throughout Macau in addition to casinos located throughout the world, including Singapore, South Korea, the Philippines, Vietnam, Cambodia, Malaysia, Australia, Las Vegas, cruise ships in Asia that offer gaming, and other casinos throughout Asia. Additionally, certain other Asian countries and regions have legalized or in the future may legalize gaming, such as Japan, Taiwan, and Thailand, which could increase competition for our Macau Operations.

Las Vegas

Las Vegas is the largest gaming market in the United States. The Las Vegas gaming market is highly competitive and is largely dependent on tourist arrivals and meeting- and convention-related visitation.

Las Vegas Strip gaming revenues increased significantly during the year ended December 31, 2023 due to increases in gaming volumes and visitation to the Las Vegas Strip. According to statistics published by the Nevada Gaming Control Board, Las Vegas Strip total gaming win was \$8.9 billion in 2023, a 7.4% increase from \$8.3 billion in 2022. According to the Las Vegas Convention and Visitors Authority, overall Las Vegas visitor volume was 40.8 million in 2023, a 5.2% increase from 38.8 million in 2022. Occupancy on the Las Vegas Strip increased 5.6% (on an absolute basis) to 86.2%, from 81.6% in 2022.

Our Las Vegas Operations are located on the Las Vegas Strip and compete with other high-quality resorts and hotel casinos in Las Vegas. There are currently several large-scale integrated resort projects either recently completed or under development in the vicinity of our Las Vegas Operations, which may present increased competition in the future. Our Las Vegas Operations also compete, to some extent, with other casino resorts throughout the United States and elsewhere in the world.

Massachusetts

Massachusetts and its neighboring states of Connecticut and Rhode Island are host to a large, established casino market that generated approximately \$3.0 billion of gross gaming revenue in each of the years ended December 31, 2023 and 2022. The greater Boston metropolitan area is the largest population center in New England, with a population of approximately 5 million residents.

Gaming in the New England region is characterized by a high degree of competition, based largely on location, product quality, service levels, and effectiveness in marketing to and establishing relationships with repeat visitors located in the area. Encore Boston Harbor competes with both commercial and Native American casinos located in the northeastern United States, including two Native American casinos in Connecticut, two casinos in Rhode Island, and MGM Springfield in Massachusetts. Differences in regulatory landscapes across state borders may impact our ability to compete with other casinos in the region. For example, some casino operators in the region may pay lower gaming taxes, or may be permitted to offer gaming amenities we are currently unable to offer at Encore Boston Harbor. We also face competition, to a lesser degree, from operations in the region which offer other forms of legalized gaming and related recreation and leisure facilities, such as state lotteries, horse racing, online gaming, and sports betting.

Regulation and Licensing

Macau

On December 16, 2022, Wynn Macau SA, an indirect subsidiary of the Company, entered into a definitive gaming concession contract (the "Gaming Concession Contract") with the Macau government, pursuant to which Wynn Macau SA was granted a 10-year gaming concession commencing on January 1, 2023 and expiring on December 31, 2032, to operate games of chance at Wynn Palace and Wynn Macau.

As a casino concessionaire, Wynn Macau SA is subject to the regulatory control of the Macau government. The Macau government has adopted Laws and Administrative Regulations governing the operation of casinos in Macau. Only concessionaires are permitted to operate casinos. Each concessionaire was required to enter into a concession agreement with the Macau government which, together with the Law and Administrative Regulations, form the framework for the regulation of the activities of the concessionaire.

Under the Laws and Administrative Regulations, concessionaires are subject to suitability requirements relating to background, associations and reputation, as are stockholders of 5% or more of a concessionaire's equity securities, officers, directors and key employees. The same requirements apply to any entity engaged by a concessionaire to manage casino operations. Concessionaires are required to satisfy minimum capitalization requirements, demonstrate and maintain adequate financial capacity to operate the concession and submit to continuous monitoring of their casino operations by the Macau government. Concessionaires also are subject to periodic financial reporting requirements and reporting obligations with respect to, among other things, certain contracts, financing activities and transactions with directors, financiers and key employees. Transfers or the encumbering of interests in concessionaires must be reported to the Macau government and are ineffective without government approval.

Each concessionaire is required to engage a managing director who must be a permanent resident of Macau and the holder of at least 15% of the capital stock of the concessionaire. The appointment of the managing director and of any successor is ineffective without the approval of the Macau government. All contracts placing the management of a concessionaire's casino operations with a third party also are ineffective without the approval of the Macau government.

Concessionaires are subject to a special gaming tax of 35% of gross gaming revenue, and must also make an annual contribution of up to 5% of gross gaming revenue for the promotion of public interests, social security, infrastructure and tourism. Concessionaires are obligated to withhold applicable taxes, according to the rate in effect as set by the government, from any commissions paid to gaming promoters. The withholding rate may be adjusted from time to time.

The Gaming Concession Contract between Wynn Macau SA and the Macau government requires Wynn Macau SA to operate two casinos: "Casino Wynn Macau" and "Casino Wynn Palace."

Under the Gaming Concession Contract, Wynn Macau SA provided a first demand bank guarantee of MOP1.00 billion (approximately \$124.2 million) in favor of the Macau government to support Wynn Macau SA's legal and contractual obligations, from January 1, 2023 until one hundred and eighty days after the term of the Gaming Concession Contract expires or the rescission of the concession.

Pursuant to the Gaming Concession Contract and applicable Macau laws, Macau government may rescind the gaming concession if Wynn Macau SA fails to fulfill its obligations under the Macau law or the Gaming Concession Contract, including in the circumstances of (i) endangerment to the national security of mainland China or Macau, (ii) failure on the part of Wynn Macau SA to perform its obligations under the Gaming Concession Contract, (iii) public interest, and (iv) Wynn Macau SA ceasing to be eligible for the gaming concession under the Macau gaming law. If the Macau government rescinds the Gaming Concession Contract due to Wynn Macau SA's non-fulfilment, or perceived non-fulfilment, of its obligations, Wynn Macau SA will be required to transfer to the Macau government, free from any encumbrance or lien and without compensation, all of its casinos, gaming assets and equipment and ownership rights to its casino areas in Macau. Beginning in the eighth year of Wynn Macau SA's concession, the Macau government may exercise its right to redeem the concession by providing Wynn Macau SA with at least one-year prior written notice. In such event, Wynn Macau SA would be entitled to fair and equitable compensation pursuant to the Macau gaming law. The amount of such compensation relating to the projects agreed with the Macau government would be determined based on the earnings of these projects, before interest, depreciation and amortization for the fiscal year immediately

preceding the date the redemption is declared, multiplied by the number of years remaining on the term of the Gaming Concession Contract. The government of Macau may assume temporary custody and control over the

operation of a concession in certain circumstances. During any such period, the costs of operations must be borne by the concessionaire.

Wynn Macau SA is required to obtain prior approval from the relevant Macau authorities or officials for various corporate changes and actions, including expansion of its business scope, issuance of shares, transfer of or creation of any encumbrances over its shares, issuance of debt securities, change of its managing director or the authority delegated thereto, change of its articles of association, certain transfers of property rights and creditor's rights, entering into a consumer loan contract or similar contract with a value equal to or exceeding MOP100.0 million (approximately US\$12.4 million), and granting of a loan to any of its directors, shareholders or key employees. Wynn Macau SA is required to notify the Macau government of certain other changes, including any loan, mortgage, claim for obligation, guarantee or the assumption of any debt for financing its business with a value that equals to or exceeds MOP16.0 million (approximately US\$2.0 million). In particular, Wynn Macau SA is required to notify the Chief Executive of Macau at least five working days in advance prior to making financial decisions (i) related to the transfer of funds within Wynn Macau SA which exceeds 50% of its share capital, (ii) related to employee salaries, remuneration or benefits which exceed 10% of its share capital, and (iii) not related to above items (i) and (ii), whose value exceeding 10% of its share capital.

Pursuant to the Gaming Concession Contract, Wynn Macau SA is required to submit to the Macau government an annual execution proposal of the specific projects mentioned in the Investment Plan annexed to the Gaming Concession Contract which it intends to execute in the following year by September 30, of each calendar year, detailing each project it intends to invest, the investment amount and the execution schedule for the relevant year for the purpose of government approval. Within 60 days after submission of each annual execution proposal, the Macau government will decide on its approval, and may request adjustments to specific projects, the investment amount and the execution schedule. If any of our annual execution proposals or parts thereof are not approved by the Macau government, Wynn Macau SA is obliged to propose allocating the relevant funds to other projects related with its activity, which are also subject to acceptance by the Macau government, while the total investment amount will remain unchanged. The annual execution proposals for the year 2023 and the year 2024 were previously submitted in March 2023 and September 2023, respectively, and thereafter approved by the Macau government. Wynn Macau SA is required to submit a report on the execution of the previous year's execution proposal by March 31st of each calendar year. In addition, Wynn Macau SA is subject to the supervision of the Macau government as regards the execution of development projects included in the Investment Plan, and Wynn Macau SA must submit regular progress reports every two months, and may be requested to submit exceptional detailed reports whenever the normal progress of any development project included in the Investment Plan is compromised.

Nevada

The ownership and operation of casino gaming facilities in Nevada are subject to the Nevada Gaming Control Act and the regulations made thereunder (collectively, the "Nevada Act"), as well as to various local ordinances. Our Las Vegas Operations are subject to the licensing and regulatory control of the Nevada Gaming Commission ("NGC"), the Nevada Gaming Control Board ("NGCB") and the Clark County Liquor and Gaming Licensing Board ("CCLGLB"). The NGC and NGCB are referred to herein collectively as the "Nevada Gaming Authorities."

The laws, regulations and supervisory procedures of the Nevada Gaming Authorities are based upon declarations of public policy. Such public policy concerns include, among other things:

- preventing unsavory or unsuitable persons from being directly or indirectly involved with gaming at any time or in any capacity;
- establishing and maintaining responsible accounting practices and procedures;
- maintaining effective controls over the financial practices of licensees, including establishing minimum procedures for internal fiscal affairs and safeguarding assets and revenue, providing reliable recordkeeping and requiring the filing of periodic reports with the Nevada Gaming Authorities;
- preventing cheating and fraudulent practices; and
- providing a source of state and local revenue through taxation and licensing fees.

Any changes in applicable laws, regulations and procedures could have an adverse effect on our Las Vegas gaming operations and our financial condition and results of operations.

Our subsidiary, Wynn Las Vegas, LLC, the owner and operator of Wynn Las Vegas, is licensed by the Nevada Gaming Authorities to conduct casino gaming operations, including a race book and sports pool, pari-mutuel wagering and the operation of gaming salons. It is also licensed as a manufacturer and distributor. These gaming licenses are not transferable.

We are required to be registered as a publicly traded corporation (a "registered public company") and to be found suitable by the NGC to own the equity interests of Wynn Resorts Holdings, LLC ("Wynn Resorts Holdings"). Wynn Resorts Holdings is required to be registered as an intermediary company and to be found suitable to own the equity interests of Wynn Resorts Finance, LLC ("Wynn Resorts Finance") (f/k/a Wynn America, LLC). Wynn Resorts Finance, LLC is required to be registered as an intermediary company and to be found suitable by the NGC to own the equity interests of Wynn America Group, LLC ("Wynn America Group"). Wynn America Group is required to be registered as an intermediary company and to be found suitable by the NGC to own the equity interests of Wynn Las Vegas Holdings, LLC ("Wynn Las Vegas Holdings"). Wynn Las Vegas Holdings is required to be registered as an intermediary company and to be found suitable by the NGC to own the equity interests of Wynn Las Vegas, LLC. Wynn Resorts Holdings, Wynn Resorts Finance, Wynn America Group, and Wynn Las Vegas Holdings are referred to individually as a "registered intermediary subsidiary" and collectively as the "registered intermediary subsidiaries." We and the registered intermediary subsidiaries hold all the various registrations, approvals, permits and licenses required for Wynn Las Vegas, LLC to engage in gaming activities in Nevada.

No person may become a member of or receive profits from Wynn Las Vegas, LLC or the registered intermediary subsidiaries without first registering (for equity ownership of 5% or less), or obtaining licenses and approvals from the Nevada Gaming Authorities. The Nevada Gaming Authorities may investigate any individual who has a material relationship to or material involvement with us to determine whether the individual is suitable or should be licensed as a business associate of a gaming licensee. Officers, directors and certain key employees of Wynn Las Vegas, LLC and the registered intermediary subsidiaries and our officers and directors who are actively and directly involved in the gaming activities of Wynn Las Vegas, LLC may be required to be licensed or found suitable by the Nevada Gaming Authorities. The Nevada Gaming Authorities may require additional applications and may also deny an application for licensing for any reason which they deem appropriate. A finding of suitability is comparable to licensing, and both require submission of detailed personal and financial information followed by a thorough investigation. An applicant for licensing or an applicant for a finding of suitability must pay or must cause to be paid all the costs of the investigation. Changes in licensed positions must be reported to the Nevada Gaming Authorities and, in addition to their authority to deny an application for a finding of suitability or licensing, the Nevada Gaming Authorities have the jurisdiction to disapprove a change in a corporate position.

If the Nevada Gaming Authorities were to find an officer, director, or key employee unsuitable for licensing or to continue having a relationship with Wynn Las Vegas, LLC, the registered intermediary subsidiaries, or us, we would have to sever all relationships with the person. In addition, the Nevada Gaming Authorities may require Wynn Las Vegas, LLC, the registered intermediary subsidiaries, or us to terminate the employment of any person who refuses to file appropriate applications. Determinations of suitability are not subject to judicial review.

If the NGC determines that we, Wynn Las Vegas, LLC, or a registered intermediary subsidiary have violated the Nevada Act, it could limit, condition, suspend or revoke our and our intermediary subsidiary registrations and Wynn Las Vegas, LLC's gaming license. In addition, we and the persons involved could be subject to substantial fines for each separate violation of the Nevada Act at the discretion of the NGC. Further, the NGC could appoint a supervisor to operate Wynn Las Vegas and, under specified circumstances, earnings generated during the supervisor's appointment (except for the reasonable rental value of the premises) could be forfeited to the State of Nevada. The limitation, conditioning or suspension of any of our gaming licenses and the appointment of a supervisor could, and revocation of any gaming license would, have a significant negative effect on our gaming operations.

Periodically, we are required to submit detailed financial and operating reports to the NGC and provide any other information that the NGC may require. Substantially all of our material loans, leases, sales of securities and similar financing transactions must be reported to, and/or approved by, the NGC.

Any beneficial owner of our voting or nonvoting securities, regardless of the number of shares owned, may be required to file an application, be investigated and have that person's suitability as a beneficial owner of voting securities determined if the NGC has reason to believe that the ownership would be inconsistent with Nevada's declared public policies. If the beneficial owner of the voting or nonvoting securities of Wynn Resorts who must be found suitable is a corporation, partnership, limited partnership, limited liability company or trust, it must submit detailed business and financial information, including a list of its

beneficial owners. The applicant must pay all costs of the investigation incurred by the Nevada Gaming Authorities in conducting any investigation.

The Nevada Act requires any person who acquires more than 5% of our voting securities to report the acquisition to the NGC. The Nevada Act requires beneficial owners of more than 10% of a registered company's voting securities to apply to the NGC for a finding of suitability within 30 days after the Chair of the NGCB mails the written notice requiring such filing. Under certain circumstances, an "institutional investor" as defined in the Nevada Act which acquires more than 10%, but not more than 25%, of a registered company's voting securities may apply to the NGC for a waiver of a finding of suitability if the institutional investor holds the voting securities for investment purposes only. An institutional investor that has obtained a waiver may hold more than 25% but not more than 29% of a registered company's voting securities and may, in certain circumstances, own up to 29% of the voting securities of a registered company for a limited period of time and maintain the waiver.

An institutional investor will not be deemed to hold voting securities for investment purposes unless the voting securities were acquired and are held in the ordinary course of business as an institutional investor and not for the purpose of causing, directly or indirectly, the election of a majority of the members of the Board of Directors of the registered company, a change in the corporate charter, bylaws, management, policies or operations of the registered company, or any of its gaming affiliates, or any other action which the NGC finds to be inconsistent with holding the registered company's voting securities for investment purposes only. Activities which are not deemed to be inconsistent with holding voting securities for investment purposes only include:

- voting on all matters voted on by stockholders or interest holders;
- making financial and other inquiries of management of the type normally made by securities analysts for informational purposes and not to cause a change in management, policies or operations; and
- other activities that the NGC may determine to be consistent with such investment intent.

We are required to maintain a current stock ledger in Nevada which may be examined by the Nevada Gaming Authorities at any time. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to the Nevada Gaming Authorities. A failure to make the disclosure may be grounds for finding the record holder unsuitable. We are required to provide maximum assistance in determining the identity of the beneficial owner of any of our voting securities. The NGC has the power to require the stock certificates of any registered company to bear a legend indicating that the securities are subject to the Nevada Act. The certificates representing shares of Wynn Resorts' common stock note that the shares are subject to a right of redemption and other restrictions set forth in Wynn Resorts' articles of incorporation and bylaws and that the shares are, or may become, subject to restrictions imposed by applicable gaming laws.

Any person who fails or refuses to apply for a finding of suitability or a license within 30 days after being ordered to do so by the NGC or by the Chair of the NGCB, or who refuses or fails to pay the investigative costs incurred by the Nevada Gaming Authorities in connection with the investigation of its application may be found unsuitable. The same restrictions apply to a record owner if the record owner, after request, fails to identify the beneficial owner. Any person found unsuitable and who holds, directly or indirectly, any beneficial ownership of any voting security or debt security of a registered company beyond the period of time as may be prescribed by the NGC may be guilty of a criminal offense. We will be subject to disciplinary action if, after we receive notice that a person is unsuitable to hold an equity interest or to have any other relationship with us, we:

- pay that person any dividend or interest upon any voting securities;
- allow that person to exercise, directly or indirectly, any voting right held by that person relating to Wynn Resorts;
- pay remuneration in any form to that person for services rendered or otherwise; or
- fail to pursue all lawful efforts to require the unsuitable person to relinquish such person's voting securities, including, if necessary, the immediate purchase of the voting securities for cash at fair market value.

The NGC may, in its discretion, require the owner of any debt or similar securities of a registered public company, to file applications, be investigated and be found suitable to own the debt or other securities of the registered company if the NGC has reason to believe that such ownership would otherwise be inconsistent with Nevada's declared public policies. If the NGC decides that a person is unsuitable to own the securities, then under the Nevada Act, the registered public company can be sanctioned, including the loss of its approvals if, without the prior approval of the NGC, it:

- pays to the unsuitable person any dividend, interest or any distribution whatsoever;
- recognizes any voting right by the unsuitable person in connection with the securities;
- pays the unsuitable person remuneration in any form; or
- makes any payment to the unsuitable person by way of principal, redemption, conversion, exchange, liquidation or similar transaction.

We may not make a public offering (debt or equity) without the prior approval of the NGC if the proceeds from the offering are intended to be used to construct, acquire or finance gaming facilities in Nevada, or to retire or extend obligations incurred for those purposes or for similar transactions. On March 17, 2022, the NGC granted Wynn Resorts prior approval, subject to certain conditions, to make public offerings for a period of three years (the "Shelf Approval"). The Shelf Approval may be rescinded for good cause without prior notice upon the issuance of an interlocutory stop order by the Chair of the NGCB.

Changes in control of Wynn Resorts through merger, consolidation, stock or asset acquisitions, management or consulting agreements, or any act or conduct by a person whereby the person obtains control may not occur without the prior approval of the NGC. Entities seeking to acquire control of a registered public company must satisfy the NGCB and the NGC concerning a variety of stringent standards prior to assuming control of the registered public company.

The NGC may also require controlling stockholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control to be investigated and licensed as part of the approval process relating to the transaction.

The Nevada legislature has declared that some corporate acquisitions opposed by management, repurchases of voting securities and corporate defense tactics affecting Nevada gaming licensees and registered public companies that are affiliated with the operations of Nevada gaming licensees may be harmful to stable and productive corporate gaming. The NGC has established a regulatory scheme to reduce the potential adverse effects of these business practices upon Nevada's gaming industry and to further Nevada's policy in order to:

- assure the financial stability of corporate gaming licensees and their affiliated companies;
- preserve the beneficial aspects of conducting business in the corporate form; and
- promote a neutral environment for the orderly governance of corporate affairs.

Approvals are, in certain circumstances, required from the NGC before we can make exceptional repurchases of voting securities above its current market price and before a corporate acquisition opposed by management can be consummated. The Nevada Act also requires prior approval of a plan of recapitalization proposed by a registered company's Board of Directors in response to a tender offer made directly to its stockholders for the purpose of acquiring control.

The Nevada Act requires any person who individually or in association with others, acquires or holds any amount of any class of voting securities, or each plan sponsor of a pension or employee benefit plan that acquires or holds any amount of any class of voting securities in a registered public company with the intent to engage in an activity that necessitates an amendment to a corporate charter, bylaws, management, policies or operation of a registered public company, to engage in an activity that materially influences or affects the affairs of a registered public company, or to engage any other activity that the NGC determines is inconsistent with holding voting securities for investment purposes to, within 2 days after possession of that intent, notify the NGCB Chair and apply to the NGC for a finding of suitability within 30 days after notification to the NGCB Chair.

License fees and taxes, computed in various ways depending on the type of gaming or activity involved, are payable to the State of Nevada and to the counties and cities in which the licensed subsidiaries' respective operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable monthly, quarterly or annually and are based upon a percentage of the gross revenue received; the number of gaming devices operated; or the number of table games operated. A live entertainment tax also is imposed on admission charges where live entertainment is furnished.

Because we are involved in gaming ventures outside of Nevada, we are required to deposit with the NGCB, and thereafter maintain, a revolving fund in the amount of \$10,000 to pay the expenses of investigation of the NGCB of our participation in such foreign gaming. The revolving fund is subject to increase or decrease at the discretion of the NGC. Thereafter, we are also required to comply with certain reporting requirements imposed by the Nevada Act. A licensee or registrant is also subject to disciplinary action by the NGC if it:

- knowingly violates any laws of the foreign jurisdiction pertaining to the foreign gaming operation;
- fails to conduct the foreign gaming operation in accordance with the standards of honesty and integrity required of Nevada gaming operations;
- engages in any activity or enters into any association that is unsuitable because it poses an unreasonable threat to the control of gaming in Nevada, reflects or tends to reflect, discredit or disrepute upon the State of Nevada or gaming in Nevada, or is contrary to the gaming policies of Nevada;
- engages in activities or enters into associations that are harmful to the State of Nevada or its ability to collect gaming taxes and fees; or
- employs, contracts with or associates with a person in the foreign operation who has been denied a license or finding of suitability in Nevada on the ground of unsuitability.

The conduct of gaming activities and the service and sale of alcoholic beverages at Wynn Las Vegas are subject to licensing, control and regulation by the CCLGLB, which has granted Wynn Las Vegas, LLC licenses for such purposes. In addition to approving Wynn Las Vegas, LLC, the CCLGLB has the authority to approve all persons owning or controlling the equity of any entity controlling a gaming license. Certain of our officers, directors and key employees have been or may be required to file applications with the CCLGLB. Clark County gaming and liquor licenses are not transferable. The County has full power to limit, condition, suspend or revoke any license. Any disciplinary action could, and revocation would, have a substantial negative impact on our operations.

Massachusetts

The Massachusetts Expanded Gaming Act and the regulations promulgated thereunder (collectively the "Massachusetts Act") subjects the owners and operators of gaming establishments to extensive state licensing and regulatory requirements. We are subject to the Massachusetts Act through our ownership interest in Wynn MA, LLC, ("Wynn MA") which operates Encore Boston Harbor.

The Massachusetts Gaming Commission ("MGC") is responsible for issuing licenses under the Massachusetts Act and assuring that licenses are not issued or held by unqualified, disqualified or unsuitable persons. The MGC, in particular its Investigations and Enforcement Bureau ("IEB"), which is a bureau within the MGC, has extensive authority to conduct background investigations of applicants and licensees, and for generally enforcing the Massachusetts Act. The MGC has the authority to award up to three Category 1 licenses (table games and slot machines), and one Category 2 license (slot machines only), within the Commonwealth of Massachusetts to qualified applicants.

On September 17, 2014, the MGC designated Wynn MA the award winner of the Category 1 Greater Boston gaming license effective November 7, 2014. We, our relevant subsidiaries, and individual qualifiers required to be qualified have been found suitable by the MGC. Additional entities and key employees have been and will be required to file applications with the MGC and are or may be required to be licensed or found suitable by the MGC. A finding of suitability is comparable to licensing, and both require submission of detailed personal and financial information followed by a thorough investigation. Changes in licensed positions must be reported to the MGC.

If the MGC were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue having a relationship with us, we would have to sever all relationships with that person. In addition, the MGC may require us to terminate the employment of any person who refuses to file appropriate applications.

The initial license term is for 15 years, which commenced upon the MGC's confirmation of its approval of the commencement of the operation of the gaming establishment on June 27, 2019. Wynn MA's gaming license is conditioned upon Wynn MA continuing to meet applicable licensing, registration, qualification and other regulatory requirements. The initial license fee for Category 1 licenses is \$85,000,000, which Wynn MA has paid. All Category 1 and Category 2 gaming licenses are also subject to additional annual fees under the Massachusetts Act. The Commonwealth of Massachusetts also receives 25% of gross gaming revenues for Category 1 licensees.

Encore Boston Harbor was granted a sports wagering license by the MGC on December 8, 2022 under 2022 legislation legalizing sports wagering in Massachusetts. Under the 2022 legislation, Encore Boston Harbor is authorized to operate a sportsbook and is entitled to two individually branded mobile platforms. The initial term of the sports wagering licenses, which

carries a \$5,000,000.00 initial license fee, is 5 years. Sports wagering licenses are also subject to additional regulatory fees. The Commonwealth of Massachusetts receives 15% of gross retail sports wagering revenues.

The MGC has responsibility for the continuing regulation and licensing of the licensee and its officers, directors, employees and other designated persons. The MGC retains the authority to suspend, revoke or condition a Category 1 license, or any other license issued under the Massachusetts Act, and the IEB may levy civil penalties for regulatory and other violations. All licenses issued under the Massachusetts Act are expressly deemed a revocable privilege, conditioned on the licensee's fulfillment of all conditions of licensure, compliance with applicable laws and regulations, and the licensee's continuing qualification and suitability. Among other things, the MGC is also responsible for the collection of application, license and other fees, conducting investigations of and monitoring applicants and licensees, and reviewing and ruling on complaints, and may conduct inspections of the gaming establishment premises or the licensee's records and equipment.

Pursuant to the Massachusetts Act, the MGC may grant a gaming beverage license for the sale and distribution of alcoholic beverages for a gaming establishment. The division of gaming liquor enforcement of the Alcoholic Beverage Control Commission has the authority to enforce, regulate and control the distribution of alcoholic beverages in a gaming establishment. The MGC may revoke, suspend, refuse to renew or refuse to transfer a gaming beverage license for violations of the Massachusetts Act that pertain to the sale and distribution of alcohol consumed on the premises and the regulations adopted by the MGC. The MGC has adopted regulations for the issuance of gaming beverage licenses. These regulations and any changes in applicable laws, regulations and procedures could have significant negative effects on our future Massachusetts gaming operations and results of operations.

Under the Massachusetts Gaming Act, the MGC is charged with "establishing the financial stability and integrity of gaming licensees, as well as the integrity of their sources of financing" this includes the licensure or qualification of certain persons with a financial interest in a gaming licensee or in a gaming establishment. The Gaming Act requires licensure of anyone with a financial interest in a gaming establishment, or with a financial interest in the business of the gaming licensee or who is a close associate of a gaming licensee. While the Gaming Act and MGC's regulations contain exemptions for certain financial institutions and transactions, and generally focus on actual or beneficial ownership interests, the MGC retains significant discretion to require licensure of anyone with a financial interest in a gaming licensee or gaming establishment including any company holding over 15% of the licensee, or a holding, intermediary or subsidiary company of a licensee or of an individual that can exercise control or provide direction to a gaming licensee. Like its discretionary authority to require licensure, the MGC also has discretionary authority to grant a waiver from licensure to any person that cannot exercise control or provide direction to a gaming licensee or a holding, intermediary or subsidiary company thereof.

Certain transfer of interests in a Massachusetts gaming licensee or gaming establishment may require notice to the MGC and approval of any new person required to be licensed as a result of the transfer. A transfer of interest that also results in a change in control may require further review and approval by the MGC. No notice or approval is required for the open market transfer of less than five per cent interest in the holding company, parent or intermediary company of the licensee. The granting of a security interest in a gaming license or gaming establishment to certain banking or commercial financial institutions in return for financing does not require prior notice or approval by the MGC.

Digital Sports Betting and Gaming

We and our partners are subject to various federal, state, and international laws and regulations that affect our digital sports betting and casino gaming businesses. The ownership, operation, and management of our digital sports betting and casino gaming business are subject to regulations of each of the jurisdictions in which we operate. Additional laws in these areas may be passed in the future, which could result in impact to the ways in which we and our partners are able to offer interactive sports betting and casino gaming in jurisdictions that permit such activities.

Other Regulations

In addition to gaming regulations, we are subject to extensive local, state, federal and foreign laws and regulations in the jurisdictions in which we operate. These include, but are not limited to, laws and regulations relating to alcoholic beverages, environmental matters, employment and immigration, currency and other transactions, taxation, zoning and building codes, marketing and advertising, lending, debt collection, privacy, telemarketing, money laundering, laws and regulations administered by the Office of Foreign Assets Control, and anti-bribery laws, including the Foreign Corrupt Practices Act (the "FCPA"). Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Any material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect our business and operating results.

Human Capital

As of December 31, 2023, we had approximately 27,800 employees (including approximately 11,300 in Macau and 16,500 in the United States).

Diversity and inclusion are the cornerstone of our human capital management efforts. We are committed to a fair and inclusive work environment at each of our resorts. As part of this commitment, we offer diversity and inclusion training to all of our employees. We foster the growth and development of our employees to ensure that they remain best-equipped to deliver the singular customer service at each of our resorts. Across our resorts, we maintain an extensive program of training and development focused on skills development and career advancement.

Our non-union employees are all eligible to participate in the Company paid health, vision, dental, life, prescription, and long-term disability insurance plans. The Company also provides employee paid supplemental life and accident insurance plans. In the U.S., to encourage employees to keep up with routine medical care and participate in its wellness program, the Company funds a health reimbursement account for participating employees. To help employees cover medical expenses pre-tax, the Company offers employees in the U.S. a flexible spending A\account. The Company also offers defined contribution retirement plans to its eligible employees, and a non-mandatory central provident fund scheme to eligible employees in Macau which includes contributions from employees and the employer.

Our collective bargaining agreement with the Culinary Workers Union, Local 226, and Bartenders Union, Local 165, which covers approximately 6,220 culinary, housekeeping, public area, and front services employees at Wynn Las Vegas, is effective from August 1, 2023 through November 30, 2028. Wynn Las Vegas entered into a collective bargaining agreement with the United Auto Workers Union ("UAW") effective August 28, 2021 through August 28, 2024, covering approximately 370 table games dealer employees. Wynn Las Vegas entered into a collective bargaining agreement with the International Brotherhood of Teamsters effective July 21, 2021 through July 21, 2024, covering approximately 160 horticulture and valet employees. Wynn Las Vegas entered into a collective bargaining agreement with the UAW effective from January 27, 2023 through January 27, 2027, covering approximately 70 slot attendant employees.

Our collective bargaining agreement with UNITE HERE Local 26 affiliated with UNITE HERE and International Brotherhood of Teamsters, Chauffeurs, Warehousemen & Helpers, Local 25, which covers approximately 1,400 employees at Encore Boston Harbor, expires on August 31, 2026. In October 2023, slot attendant employees at Encore Boston Harbor voted to be represented by UNITE HERE Local 26 under the terms of the existing Collective Bargaining Agreement. Effective as of July 2021, Encore Boston Harbor entered into a collective bargaining agreement with Local 103, International Brotherhood of Electrical Workers, AFL-CIO. The collective bargaining agreement covers approximately 110 maintenance employees at Encore Boston Harbor, and expires in June 2024. Effective as of August 2022, Encore Boston Harbor entered into a collective agreement with United Government Security Officers of America, Local 295. The collective bargaining agreement covers approximately 150 security officers at Encore Boston Harbor and expires in June 2025.

Intellectual Property

Among our most important marks are our trademarks and service marks that use the name "WYNN." Wynn Resorts has registered with the U.S. Patent and Trademark Office ("PTO") a variety of WYNN-related trademarks and service marks in connection with a variety of goods and services.

We have also filed applications with various foreign patent and trademark registries, including in Macau, China, Singapore, Hong Kong, Taiwan, Japan, certain European countries and various other jurisdictions throughout the world, to register a variety of WYNN-related trademarks and service marks in connection with a variety of goods and services.

We recognize that our intellectual property assets, including the word and logo version of "WYNN," are among our most valuable assets. As a result, and in connection with expansion of our resorts and gaming activities outside the United States, we have undertaken a program to register our trademarks and other intellectual property rights in relevant jurisdictions. We have retained counsel and intend to take all steps necessary to protect our intellectual property rights against unauthorized use throughout the world.

Pursuant to the Surname Rights Agreement, dated August 6, 2004, Stephen A. Wynn ("Mr. Wynn") granted us our exclusive, fully paid-up, perpetual, worldwide license to use, and to own and register trademarks and service marks incorporating the "Wynn" surname for casino resorts and related businesses, together with the right to sublicense the name and

marks to its affiliates. Pursuant to a separation agreement, dated February 15, 2018, by and between Mr. Wynn and the Company, if we cease to use the "Wynn" surname and trademark, we will assign all of our right, title, and interest in the "WYNN" marks to Mr. Wynn and terminate the Surname Rights Agreement.

We have also registered various domain names with various domain registrars around the world. Our domain registrations extend to various foreign jurisdictions such as ".com.cn" and ".com.hk." We pursue domain related infringement on a case by case basis depending on the infringing domain in question.

For more information regarding the Company's intellectual property matters, see Item 1A—"Risk Factors."

Forward-Looking Statements

We make forward-looking statements in this Annual Report on Form 10-K based upon the beliefs and assumptions of our management and on information currently available to us. Forward-looking statements include, but are not limited to, information about our business strategy, development activities, competition and possible or assumed future results of operations throughout this report and are often preceded by, followed by or include the words "may," "will," "should," "would," "could," "believe," "expect," "anticipate," "estimate," "intend," "plan," "continue" or the negative of these terms or similar expressions.

Forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to differ materially from those we express in these forward-looking statements, including the risks and uncertainties in Item 1A—"Risk Factors" and other factors we describe from time to time in our periodic filings with the SEC, such as:

- extensive regulation of our business and the cost of compliance or failure to comply with applicable laws and regulations;
- pending or future investigations, litigation and other disputes;
- our dependence on key managers and employees;
- our ability to maintain our gaming licenses and concessions and comply with applicable gaming law;
- international relations, national security policies, anticorruption campaigns and other geopolitical events, which may impact the number of visitors to our properties and the amount of money they are willing to spend;
- disruptions caused by, and the impact on regional demand for casino resorts and inbound tourism and the travel and leisure industry more generally from, events outside of our control, including an outbreak of an infectious disease (such as the COVID-19 pandemic), public incidents of violence, mass shootings, riots, demonstrations, extreme weather patterns or natural disasters, military conflicts, civil unrest, and any future security alerts or terrorist attacks;
- public perception of our resorts and the level of service we provide;
- our dependence on a limited number of resorts and locations for all of our cash flow and our subsidiaries' ability to pay us dividends and distributions;
- competition in the casino/hotel and resort industries and actions taken by our competitors, including new development and construction activities of competitors;
- our ability to maintain our customer relationships and collect and enforce gaming receivables;
- win rates for our gaming operations;
- construction and regulatory risks associated with our current and future construction projects or co-investments in such projects;
- any violations by us of various anti-money laundering laws or the Foreign Corrupt Practices Act;
- our compliance with environmental requirements and potential cleanup responsibility and liability as an owner or operator of property;
- adverse incidents or adverse publicity concerning our resorts or our corporate responsibilities;
- changes in and compliance with the gaming laws or regulations in the various jurisdictions in which we operate;
- changes in tax laws or regulations related to taxation, including changes in the rates of taxation;
- our collection and use of personal data and our level of compliance with applicable governmental regulations, credit card industry standards and other applicable data security standards;
- cybersecurity risk, including cyber and physical security breaches, system failure, computer viruses, and negligent or intentional misuse by customers, company employees, or employees of third-party vendors;
- our ability to protect our intellectual property rights;
- labor actions and other labor problems;
- our current and future insurance coverage levels;
- risks specifically associated with our Macau Operations;
- the level of our indebtedness and our ability to meet our debt service obligations (including sensitivity to fluctuations in interest rates); and
- continued compliance with the covenants in our debt agreements.

Further information on potential factors that could affect our business, financial condition, results of operations and cash flows are included elsewhere in this report and our other filings with the SEC. You should not place undue reliance on any forward-looking statements, which are based only on information available to us at the time this statement is made. We undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

Item 1A. Risk Factors

You should carefully consider the risk factors set forth below, as well as the other information contained in this Annual Report on Form 10-K, regarding matters that could have an adverse effect, including a material one, on our business, financial condition, results of operations and cash flows. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also have a material adverse effect on our business, financial condition, results of operations and cash flows.

Risks Related to our Business

Our business is particularly sensitive to reductions in discretionary consumer spending, and deterioration or a protracted extension of a negative macroeconomic environment, including an economic downturn or recession, could adversely impact our business, results of operations, financial condition and cash flows.

Our financial results are affected by the global and regional economies in which we have operations. Consumer demand for hotels, casino resorts, trade shows, conventions and the type of luxury amenities that we offer is particularly sensitive to downturns in the economies in which we operate, which could harm consumer confidence in the economy and adversely affect discretionary spending. Because a significant number of our customers come from the PRC, Hong Kong and Taiwan, the economic condition of Macau and its surrounding region, in particular, affects the gaming industry in Macau and our Macau Operations. As a result, changes in discretionary spending or consumer preferences brought about by factors such as perceived or actual negative general economic conditions, perceived or actual changes in disposable consumer income and wealth, inflationary pressures, economic recession, or changes in consumer confidence could reduce customer demand for the luxury amenities and leisure activities we offer and may negatively impact our results of operations.

Negative macroeconomic conditions, including inflationary pressures, relatively low levels of unemployment, and centralized efforts to control and mitigate the impact of those conditions, have led to a significant increase in interest rates, decreased consumer discretionary spending and disruption and volatility within the capital markets, and continue to present fiscal and monetary policy uncertainty. As a result, our gaming revenues, financial condition, results of operations and cash flows could be adversely affected by a further deterioration of the current macroeconomic environment, an economic slowdown or recession in the U.S. or global economy, or perception that any of these events may occur.

We are subject to extensive state and local regulation, and licensing and gaming authorities have significant control over our operations. The cost of compliance or failure to comply with such regulations and authorities could have a negative effect on our business, and if we fail to obtain regulatory approvals to operate in new jurisdictions, our growth prospects may be limited.

The operations of our resorts and digital sports betting and casino offerings are contingent upon our obtaining and maintaining all necessary licenses, permits, approvals, registrations, findings of suitability, orders and authorizations in the jurisdictions in which our resorts are located. The laws, regulations and ordinances requiring these licenses, permits and other approvals generally relate to the responsibility, financial stability and character of the owners and managers of gaming operations, as well as persons financially interested or involved in gaming operations. The NGC may require the holder of any debt or securities that we, the registered intermediary subsidiaries, or Wynn Las Vegas, LLC issue to file applications, be investigated and be found suitable to own such debt or securities if it has reason to believe that the security ownership would be inconsistent with the declared policies of the State of Nevada.

The Company's articles of incorporation provide that, to the extent required by the gaming authority making the determination of unsuitability or to the extent the Board of Directors determines, in its sole discretion, that a person is likely to jeopardize the Company's or any affiliate's application for, receipt of, approval for, right to the use of, or entitlement to, any gaming license, shares of Wynn Resorts' capital stock that are owned or controlled by such unsuitable person or its affiliates are subject to redemption by Wynn Resorts. The redemption price may be paid in cash, by promissory note, or both, as required, and pursuant to the terms established by the applicable gaming authority and, if not, as Wynn Resorts elects.

United States gaming regulatory authorities have broad powers to request detailed financial and other information, to limit, condition, suspend or revoke a registration, gaming license or related approvals; approve changes in our operations; and levy fines or require forfeiture of assets for violations of gaming laws or regulations. Complying with gaming laws, regulations and license requirements is costly. Any change in gaming laws, regulations or licenses applicable to our business or a violation of any current

or future laws or regulations applicable to our business or gaming licenses could require us to make substantial expenditures and forfeit assets, and would negatively affect our gaming operations.

Failure to adhere to the regulatory and gaming requirements in Macau could result in the revocation of our Macau Operations' concession or otherwise negatively affect our operations in Macau. Moreover, we are subject to the risk that U.S. regulators may not permit us to conduct operations in Macau in a manner consistent with the way in which we intend, or the applicable U.S. gaming authorities require us, to conduct our operations in the United States.

Each of these regulatory authorities has extensive power to license and oversee the operations of our casino resorts and digital offerings and has taken and could in the future take action against the Company and its related licensees, including actions that have and could further affect the ability or terms upon which our subsidiaries hold their gaming licenses and concessions, and the suitability of the Company to continue as a stockholder of those affiliates.

Investigations, litigation and other disputes could distract management, damage our reputation, and result in negative publicity and additional scrutiny from regulators.

As discussed in Item 3—"Legal Proceedings" and Item 8—"Financial Statements and Supplementary Data," Note 18, "Commitments and Contingencies," the Company is subject to various investigations, litigation and other disputes related to our operations. These and any additional such matters that may arise in the future, even if routine, are expensive and divert management's attention from the operations of our businesses. In addition, improper conduct by our employees, agents or gaming promoters could damage our reputation and/or lead to litigation or legal proceedings that could result in civil or criminal penalties, including substantial monetary fines. In certain circumstances, it may not be economical to defend against such matters and/or our legal strategy may not ultimately result in us prevailing in a matter. Investigations, litigation and other disputes have in the past, and may in the future, lead to additional scrutiny from regulators, which could lead to investigations relating to, and possibly a negative impact on, the Company's gaming licenses and the Company's ability to bid successfully for new gaming market opportunities. In addition, publicity from these matters have, or in the future, could negatively impact our business, reputation and competitive position and reduce investor demand for shares of Wynn Resorts and WML and negatively impact the trading prices of those respective shares.

We depend on the continued services of key managers and employees. If we do not retain our key personnel or attract and retain other highly skilled employees, our business will suffer.

Our ability to maintain our competitive position is dependent to a large degree on the services of our senior management team. Our success depends upon our ability to attract, hire, and retain qualified operating, marketing, financial, and technical personnel in the future. Given the intense competition for qualified management personnel in our industry, we may not be able to hire or retain the required personnel. The loss of key management and operating personnel would likely have a material adverse effect on our business, prospects, financial condition, and results of operations.

Demand for our products and services may be negatively impacted by geopolitical tensions, visa and travel restrictions or difficulties, restrictions on international money transfers and other policies or campaigns implemented by regional governments.

Geopolitical tensions, notably with respect to international trade, including increases in tariffs and company and industry specific restrictions, in addition to changes in national security policies and other similar and geopolitical events, could cause economic disruption and adversely impact our business and results of operations. Various types of restrictions and sanctions have been placed by government agencies on targeted industries and companies which could potentially negatively impact the intended subject as well as other companies and persons sharing a common country of operations. These types of events have also caused significant volatility in the regional economies in which these restrictions and sanctions are imposed which may negatively impact discretionary consumer spending, disposable consumer income and wealth or changes in consumer confidence, and in turn, demand for our products and services, or worsen or exacerbate the impact of current negative macroeconomic conditions on our business and results of operations, as further described above.

In addition, policies adopted from time to time by governments, including any visa and travel restrictions or difficulties faced by our customers such as restrictions on exit visas for travelers requiring them or restrictions on visitor entry visas for the jurisdictions in which we operate, have and may in the future decrease the number of visitors to our properties from those affected places, including from the PRC, Hong Kong and Taiwan. It is not known when, or if, policies restricting visitation by PRC citizens will be put in place and such policies may be adjusted, without notice, in the future. Furthermore, anti-corruption campaigns may influence the behavior of certain of our customers and their spending patterns. Such campaigns, as well as monetary outflow policies, have specifically led to tighter monetary transfer regulations in a number of areas. These policies may affect and impact the number of visitors to our properties and the amount of money they are willing to spend on our products and services. The overall effect of these campaigns and monetary transfer restrictions may negatively affect our revenues, results of operations and cash flows.

Our business is particularly sensitive to the willingness of our customers to travel to and spend time at our resorts. Acts or the threat of acts of terrorism, outbreak of infectious disease, regional political events and developments in certain countries could cause severe disruptions in air and other travel and may otherwise negatively impact tourists' willingness to visit our resorts. Such events or developments have in the past and may in the future reduce the number of visitors to our facilities and have a material adverse effect on our business and financial condition, results of operations or cash flows.

We are dependent on the willingness of our customers to travel. Most of our revenue is from customers who travel to our properties. Acts of terrorism or concerns over the possibility of such acts have in the past disrupted, and may again severely disrupt, domestic and international travel, which has resulted, and could in the future result, in a decrease in customer visits to our properties. Regional conflicts could have a similar effect on domestic and international travel. Disruptions in air or other forms of travel as a result of any terrorist act, outbreak of hostilities, escalation of war or worldwide infectious disease outbreak have had, and could in the future have, a material and adverse effect on our business and financial condition, results of operations and cash flows. For example, the outbreak of COVID-19 in late 2019 resulted in steep declines in visitation to our properties, driven by the strong deterrent effect of the COVID-19 pandemic on travel and social activities and quarantine measures put in place in Macau and elsewhere. Although containment measures and restrictions were lifted throughout the U.S. by early 2022, several travel-related restrictions and conditions, including COVID-19 testing, entry restrictions, and other mitigation procedures, remained in effect until early 2023, and regional demand for casino resorts and inbound tourism to Macau still continues to recover. We cannot predict when, or even if, operations at our properties in Macau will return to pre-pandemic levels.

In addition, governmental action and uncertainty resulting from global political trends and policies of major global economies, including potential barriers to travel, trade and immigration, have reduced demand for hospitality products and services, including visitation to our resorts.

Furthermore, the attack in Las Vegas on October 1, 2017 underscores the possibility that large public facilities could become the target of mass shootings or other attacks in the future. The future occurrence or the possibility of attacks may cause all or portions of affected properties to be shut down for prolonged periods, resulting in a loss of revenue, reduce travel to affected areas for tourism and business or adversely affect the willingness of customers to stay in or avail themselves of the services of the affected properties. In addition, such occurrences expose us to a risk of monetary claims arising from death, injury or damage to property caused by any such attack and may result in higher costs for security and insurance premiums, all of which could adversely affect our financial condition and results of operations.

Our continued success depends on our ability to maintain the reputation of our resorts.

Our strategy and integrated resort business model rely on positive perceptions of our resorts and the level of service we provide. Any deterioration in our reputation could have a material adverse effect on our business, results of operations and cash flows. Our reputation could be negatively impacted by our failure to deliver the superior design and customer service for which we are known or by events that are beyond our control. Our reputation may also suffer as a result of negative publicity regarding the Company or our resorts, including as a result of social media reports, regardless of the accuracy of such publicity. The continued expansion of media and social media formats has compounded the potential scope of negative publicity and has made it more difficult to control and effectively manage negative publicity.

We are entirely dependent on a limited number of resorts for all of our cash flow, which subjects us to greater risks than a gaming company with more operating properties.

We are currently entirely dependent upon our Macau Operations, Las Vegas Operations and Encore Boston Harbor for all of our operating cash flow. As a result, we are subject to a greater degree of risk than a gaming company with more operating properties or greater geographic diversification. The risks to which we have a greater degree of exposure include changes in local economic and competitive conditions; changes in local and state governmental laws and regulations, including gaming laws and regulations, and the way in which those laws and regulations are applied; natural and other disasters, including the potential effects of climate change such as severe storms, hurricanes, typhoons, rising sea levels, severe drought, or the outbreak of infectious diseases such as COVID-19; an increase in the cost of maintaining our properties; a decline in the number of visitors to Las Vegas, Macau or Boston; and a decrease in gaming and non-casino activities at our resorts. Certain of these factors or events, such as severe storms and infectious diseases such as COVID-19, have in the past negatively affected our results of operations, and any of these factors or events may in the future negatively affect our results of operations and our ability to generate sufficient cash flow to make payments or maintain our covenants with respect to our debt.

We are a parent company and our primary source of cash is and will be distributions from our subsidiaries.

We are a parent company with limited business operations of our own. Our main asset is the capital stock of our subsidiaries. We conduct most of our business operations through our direct and indirect subsidiaries. Accordingly, our primary

sources of cash are dividends and distributions with respect to our ownership interests in our subsidiaries that are derived from the earnings and cash flow generated by our operating properties. Our subsidiaries might not generate sufficient earnings and cash flow to pay dividends or distributions in the future. For example, WML's board of directors concluded not to recommend the payment of a dividend with respect to the years ended December 31, 2022, 2021 and 2020 due to the financial impact of the COVID-19 pandemic. The pace of recovery of our Macau Operations' gaming business to pre-pandemic levels may continue to have an adverse effect on our subsidiaries' results of operations and their ability to pay dividends or distributions to us in the future.

Our subsidiaries' payments to us will be contingent upon their earnings and upon other business considerations, and may be impacted by potential changes in laws and regulations. In addition, our subsidiaries' debt instruments and other agreements limit or prohibit certain payments of dividends or other distributions to us. We expect that future debt instruments for the financing of our other developments will contain similar restrictions. An inability of our subsidiaries to pay us dividends and distributions would have a significant negative effect on our liquidity.

Our casino, hotel, convention and other facilities and offerings face intense competition, which may increase in the future.

General. The casino resort and hotel industry is highly competitive. Increased competition could result in a loss of customers which may negatively affect our cash flows and results of operations.

Macau Operations. We hold one of six gaming concessions authorized by the Macau government for the operation of casinos in Macau. If the Macau government were to allow additional competitors to operate in Macau, we would face additional competition, which could have a material adverse effect on our business, financial condition, results of operations and cash flows. Several of the current concessionaires have opened facilities in the Cotai area over the past few years, which has significantly increased gaming and non-gaming offerings in Macau, with continued development expected in the near future.

Our Macau Operations face competition from casinos throughout the world, including Singapore, South Korea, the Philippines, Malaysia, Vietnam, Cambodia, Australia, Las Vegas, cruise ships in Asia that offer gaming and other casinos throughout Asia. Additionally, certain other Asian countries and regions have legalized or in the future may legalize gaming, such as Japan, Taiwan and Thailand, which could further increase competition for our Macau Operations.

Las Vegas Operations and Encore Boston Harbor. Our Las Vegas Operations compete with other Las Vegas Strip hotels and with other hotel casinos in Las Vegas on the basis of overall atmosphere, range of amenities, level of service, price, location, entertainment, theme and size, among other factors. There are currently several large-scale integrated resort projects either recently completed or under development in the vicinity of our Las Vegas Operations, which may present increased competition in the future. Wynn Las Vegas also competes with other casino resort and hotel facilities in other cities. The proliferation of gaming activities in other areas could significantly harm our business as well. In particular, the legalization or expansion of casino gaming in or near metropolitan areas from which we attract customers could have a negative effect on our business. In addition, new or renovated casinos in Macau or elsewhere in Asia could draw Asian gaming customers away from Wynn Las Vegas. Encore Boston Harbor competes with other casinos in the northeastern United States. Additional competition in the northeast region as a result of the upgrading or expansion of facilities by existing market participants, the entrance of new gaming participants into a market or legislative changes may harm our business. As competing properties and new markets are opened, our operating results may be negatively impacted.

Our business relies on premium customers. We often extend credit, and we may not be able to collect gaming receivables from our credit players or credit play may decrease.

General. A significant portion of our table games revenue at our resorts is attributable to the play of a limited number of premium customers. The loss or a reduction in the play of the most significant of these customers could have a material adverse effect on our business, financial condition, results of operations and cash flows. Adverse global or regional economic conditions, as discussed above, could also reduce the frequency of visits by these customers and revenue we generate from them.

We conduct our gaming activities on a credit, as well as a cash, basis. The casino credit we extend is generally unsecured and due on demand. We will extend casino credit to those customers whose level of play and financial resources, in the opinion of management, warrant such an extension. Table games players typically are extended more credit than slot players, and high-value players typically are extended more credit than customers who tend to wager lower amounts. The collectability of receivables from customers could be negatively affected by future business or economic trends or by significant events in the countries in which these customers reside. In addition, premium gaming is more volatile than other forms of gaming, and variances in win-loss results attributable to high-value gaming may have a positive or negative impact on cash flow and earnings in a particular quarter.

Macau Operations. Although the law in Macau permits casino operators to extend credit to gaming customers, our Macau Operations may not be able to collect all of its gaming receivables from its credit players. We expect that our Macau Operations will be able to enforce these obligations only in a limited number of jurisdictions, including Macau. To the extent our gaming customers are visitors from other jurisdictions, we may not have access to a forum in which we will be able to collect all of our gaming receivables because, among other reasons, courts of many jurisdictions do not enforce gaming debts and we may encounter forums that will refuse to enforce such debts. Our inability to collect gaming debts could have a significant negative impact on our financial condition and results of operations.

Currently, the gaming tax in Macau is calculated as a percentage of gross gaming revenue, including the face value of credit instruments issued. The gross gaming revenues calculation in Macau does not include deductions for uncollectible gaming debts. As a result, if we extend credit to our customers in Macau and are unable to collect on the related receivables from them, we remain obligated to pay taxes on our winnings from these customers regardless of whether we collect on the credit instrument.

Las Vegas Operations and Encore Boston Harbor. While gaming debts evidenced by a credit instrument, including what is commonly referred to as a "marker," are enforceable under the current laws of Nevada and Massachusetts, and judgments on gaming debts are enforceable in all states of the United States under the Full Faith and Credit Clause of the United States Constitution, other jurisdictions may determine that direct or indirect enforcement of gaming debts is against public policy. Although courts of some foreign nations will enforce gaming debts directly and the assets in the United States of foreign debtors may be used to satisfy a judgment, judgments on gaming debts from U.S. courts are not binding on the courts of many foreign nations. We cannot assure that we will be able to collect the full amount of gaming debts owed to us, even in jurisdictions that enforce them. Changes in economic conditions may make it more difficult to assess creditworthiness and more difficult to collect the full amount of any gaming debt owed to us. Our inability to collect gaming debts could have a significant negative impact on our financial condition and results of operations.

Win rates for our gaming operations depend on a variety of factors, some of which are beyond our control.

The gaming industry is characterized by an element of chance. Win rates are also affected by other factors, including players' skill and experience, the mix of games played, the financial resources of players, the spread of table limits, the volume of bets played, the amount of time played and undiscovered acts of fraud or cheating. In addition, premium gaming is more volatile than other forms of gaming, and variances in win-loss results attributable to high-end gaming may have a positive or negative impact on cash flow and earnings in a particular quarter. Our gross gaming revenues are mainly derived from the difference between our casino winnings and the casino winnings of our gaming customers. Since there is an inherent element of chance in the gaming industry, we do not have full control over our winnings or the winnings of our gaming customers.

Acts of fraud or cheating through the use of counterfeit chips, covert schemes and other tactics, possibly in collusion with our employees, may be attempted or committed by our gaming customers with the aim of increasing their winnings. Our gaming customers, visitors and employees may also commit crimes such as theft in order to obtain chips not belonging to them. We have taken measures to safeguard our interests including the implementation of systems, processes and technologies to mitigate against these risks, extensive employee training, surveillance, security and investigation operations and adoption of appropriate security features on our chips such as embedded radio frequency identification tags. Despite our efforts, we may not be successful in preventing or detecting such culpable behavior and schemes in a timely manner and the relevant insurance we have obtained may not be sufficient to cover our losses depending on the incident, which could result in losses to our gaming operations and generate negative publicity, both of which could have an adverse effect on our reputation, business, results of operations and cash flows.

We may not realize the anticipated benefits of our new projects, or co-investments in new projects. Construction projects are subject to development and construction risks, and being a co-investor in new projects decreases our ability to manage risks, which could have an adverse effect on our financial condition, results of operations or cash flows.

In addition to the construction and regulatory risks associated with our current and future construction projects, we cannot assure you that the level of consumer demand for our casino resorts or for the type of luxury amenities that we will offer will meet our expectations. The operating results of our new projects may be materially different than the operating results of our current integrated resorts due to, among other reasons, differences in consumer and corporate spending and preferences in new geographic areas, increased competition from other markets or other developments that may be beyond our control. In addition, our new projects may be more sensitive to certain risks, including risks associated with downturns in the economy, and risks associated with disruptions of the supply chains through which we obtain construction materials and furniture, fixtures, and equipment, than the resorts we currently operate. The demands imposed by new developments on our managerial, operational and other resources may impact our operation of our existing resorts. Construction, equipment or staffing problems or difficulties in obtaining any of the requisite licenses, permits and authorizations from regulatory authorities could increase the total cost, delay or prevent the construction or opening or otherwise affect the design and features of our projects. If any of these issues were to occur, it could adversely affect our prospects, financial condition, or results of operations.

To the extent we conduct the development of new projects or engage in new strategies through investments in entities alongside other co-investors (as is the case with Wynn Al Marjan Island, in which we own a 40% equity interest), our expected return on our investment may be limited by our inability to exercise control over certain strategic and operations decisions that may influence the success of the venture. Furthermore, the occurrence of risks that adversely affect the businesses of our co-investors or our unconsolidated affiliates could reduce the value of our investments, impair their ability to make future distributions or pay management fees to us, or require that we make additional capital contributions to them. Inherent limitations on our ability to exercise control over such ventures may limit our ability to directly manage these risks.

In addition, investments with other investors involve risks such as the possibility that a co-investor might become bankrupt or not have the financial resources to meet its obligations, have economic or business interests or goals that are inconsistent with our business interests or goals, or take action contrary to our policies or objectives. Consequently, actions by a co-investor might subject the properties or businesses owned by such entities to additional risk. Further, we may be unable to take action without the approval of our co-investors, or our co-investors could take actions binding on the property without our consent. Additionally, should a co-investor become bankrupt, we could become liable for its share of liabilities.

We could encounter higher than expected cost increases in the development of our projects.

The projected development costs for our projects reflect our best estimates and the actual development costs may be higher than expected. Contingencies that have been set aside by us to cover potential cost overruns or potential delays may be insufficient to cover the full amount of such overruns or delays. If these contingencies are not sufficient to cover these costs, or if we are not able to recover damages for these delays and contingencies, we may not have the funds required to pay the excess costs and our projects may not be completed. Failure to complete our projects may negatively affect our financial condition, our results of operations and our ability to pay our debt.

Any violation of applicable anti-money laundering laws and regulations, the Foreign Corrupt Practices Act ("FCPA") and other anti-corruption laws, or resulting sanctions and penalties could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

We deal with significant amounts of cash in our operations and are subject to various jurisdictions' reporting and anti-money laundering laws and regulations. Both U.S. and Macau governmental authorities focus heavily on the gaming industry and compliance with anti-money laundering laws and regulations. From time to time, the Company receives governmental and regulatory inquiries about compliance with such laws and regulations. The Company cooperates with all such inquiries. Any violation of anti-money laundering laws or regulations could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

Further, we have operations, and a significant portion of our revenue is derived outside of the United States. We are therefore subject to regulations imposed by the FCPA and other anti-corruption laws that generally prohibit U.S. companies and their intermediaries from offering, promising, authorizing or making improper payments to foreign government officials for the purpose of obtaining or retaining business. Violations of the FCPA and other anti-corruption laws may result in severe criminal and civil sanctions as well as other penalties, and the SEC and U.S. Department of Justice have increased their enforcement activities with respect to such laws and regulations. The Office of Foreign Assets Control and the U.S. Department of Commerce administer and

enforce economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign states, organizations, and individuals. Failure to comply with these laws and regulations could increase

our cost of operations, reduce our profits, or otherwise adversely affect our business, financial condition, and results of operations.

Internal control policies and procedures and employee training and compliance programs that we have implemented to deter prohibited practices may not be effective in prohibiting our and our affiliates' directors, employees, contractors or agents from violating or circumventing our policies and the law. If we or our affiliates, or either of our respective directors, employees or agents fail to comply with applicable laws or Company policies governing our operations, the Company may face investigations, prosecutions and other legal proceedings and actions, which could result in civil penalties, administrative remedies and criminal sanctions. Any such government investigations, prosecutions or other legal proceedings or actions could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

Because we own real property, we are subject to extensive environmental regulation, which creates uncertainty regarding future environmental expenditures and liabilities.

We have incurred, and may in the future incur, costs to comply with environmental requirements, such as those relating to discharges into the air, water and land, the handling and disposal of solid and hazardous waste and the cleanup of properties affected by hazardous substances. Under these and other environmental requirements we have been and may be required to investigate and clean up hazardous or toxic substances or chemical releases at our property. As an owner or operator, we could also be held responsible to a governmental entity or third parties for property damage, personal injury and investigation and cleanup costs incurred by them in connection with any contamination.

These laws typically impose cleanup responsibility and liability without regard to whether the owner or operator knew of or caused the presence of the contaminants. The liability under those laws has been interpreted to be joint and several unless the harm is divisible and there is a reasonable basis for allocation of the responsibility. The costs of investigation, remediation or removal of those substances may be substantial, and the presence of those substances, or the failure to remediate a property properly, may impair our ability to use our property. Contamination has been identified at and in the vicinity of our site in Everett, Massachusetts. The ultimate cost of remediating contaminated sites is difficult to accurately predict, and we have exceeded our initial estimates of the remediation costs for the Everett site. We may also be required to conduct additional investigations and remediation with respect to this site.

Adverse incidents or adverse publicity concerning our resorts or our corporate responsibilities could harm our brand and reputation and negatively impact our financial results.

Our reputation and the value of our brand, including the perception held by our customers, business partners, other key stakeholders and the communities in which we do business, are important assets. Our business faces increasing scrutiny related to environmental, social and governance activities, and risk of damage to our reputation and the value of our brands if we fail to act responsibly in a number of areas, such as diversity and inclusion, environmental stewardship, supply chain management, sustainability, workplace conduct, human rights, philanthropy, and support for local communities. Any harm to our reputation could have a material adverse effect on our business, results of operations, and cash flows.

Compliance with evolving laws and regulations, and the interpretations thereof, is expensive and results in compliance risks.

Evolving laws and regulations create uncertainty for gaming companies. These evolving laws and regulations are subject to varying interpretations in many cases due to their complexity, ambiguity and/or lack of guidance. As a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. In addition, public companies, financial institutions, the gaming industry and casinos are highly regulated, and compliance with such regulations is costly and subjects us to liability if we are not, or are perceived to not be, compliant. This could result in continuing uncertainty and higher costs regarding compliance matters. Due to our commitment to maintain high standards of compliance with laws and public disclosure, our efforts to comply with evolving laws, regulations and standards have resulted in and are likely to continue to result in increased general and administrative expense.

We are subject to taxation by various governments and agencies. The rate of taxation could change.

We are subject to taxation by various governments and agencies in the jurisdictions in which we operate. Changes in the laws and regulations related to taxation, including changes in the rates of taxation, the amount of taxes we owe and the time when income is subject to taxation, our ability to claim U.S. foreign tax credits, failure to renew our Macau dividend agreement and Macau income tax exemption on gaming profits and the imposition of foreign withholding taxes could change our overall effective rate of taxation.

System failure, information leakage and the cost of maintaining sufficient cybersecurity could adversely affect our business.

We rely on information technology and other systems (including those maintained by third parties with whom we contract to provide data services) to maintain and transmit large volumes of customer financial information, credit card settlements, credit card funds transmissions, mailing lists, reservation information, and other personally identifiable information. We also maintain important internal company data such as personally identifiable information about our employees and information relating to our operations. The systems and processes we have implemented to protect customers, employees and company information are subject to the ever-changing risk of compromised security. Attempts by others to gain unauthorized access to information technology and other systems and the data contained therein are becoming increasingly sophisticated and difficult to anticipate and prevent. As a result, we face cybersecurity risks including cyber and physical security breaches, system failure, phishing attacks, computer viruses, worms, ransomware, malicious software programs and negligent or intentional misuse by customers, company employees, or employees of our third-party information system service providers. The steps we take to deter, detect, and mitigate these risks may not be successful. Cybercriminals, including hackers and those working in the capacity of State actors or on behalf of a cybercrime group, may circumvent security measures, and our insurance coverage for protecting against claims, liability and damages caused by cybersecurity risks and incidents, including those related to third-party information system service providers, may not be sufficient. Our third-party information system service providers face risks relating to cybersecurity similar to ours, and we do not directly control any of such parties' information security operations.

Despite the security measures we currently have in place, our facilities and systems and those of our third-party information system service providers may be vulnerable to security breaches, acts of vandalism, phishing attacks, computer viruses, worms, ransomware, malicious software programs, misplaced or lost data, programming or human errors and other events. Cyber-attacks are becoming increasingly more difficult to anticipate, prevent and detect due to their rapidly evolving nature and, as a result, the technology we use to protect our systems from being breached or compromised could become outdated due to advances in computer capabilities or other technological developments.

We have experienced data security incidents in the past, and expect to experience additional incidents in the future; however, to date no such incidents have been material to our business, operating results, or financial condition. Any future perceived or actual electronic or physical security breach involving the misappropriation, loss, or other unauthorized disclosure of confidential or personally identifiable information, including penetration of our network security, whether by us or by a third-party information system service provider, could disrupt our business, damage our reputation and our relationships with our customers or employees, expose us to risks of litigation, significant fines and penalties and liability, result in the deterioration of our customers' and employees' confidence in us, and adversely affect our business, results of operations and financial condition. Since we do not control third-party information system service providers and cannot guarantee that no electronic or physical computer break-ins and security breaches will occur in the future, any perceived or actual unauthorized disclosure of personally identifiable information regarding our employees, customers or website visitors could harm our reputation and credibility and reduce our ability to attract and retain employees and customers. As these threats develop and grow, we may find it necessary to make significant further investments to protect data and our infrastructure, including the implementation of new computer systems or upgrades to existing systems, deployment of additional personnel and protection-related technologies, engagement of third-party consultants, and training of employees. The future occurrence of any of the cyber incidents described above could have a material adverse effect on our business, results of operations and cash flows.

The failure to protect the integrity and security of company employee and customer information could result in damage to reputation and/or subject us to fines, payment of damages, lawsuits or restrictions on our use or transfer of data.

Our business uses and transmits large volumes of employee and customer data, including credit card numbers and other personal information in various information systems that we maintain in areas such as human resources outsourcing, website hosting, and various forms of electronic communications. Our customers and employees have a high expectation that we will adequately protect their personal information. Our collection and use of personal data are governed by privacy laws and regulations, and privacy law is an area that changes often and varies significantly by jurisdiction. For example, the European Union (EU)'s General Data Protection Regulation ("GDPR") requires companies to meet stringent requirements regarding the handling of personal data. The GDPR captures data processing by non-EU firms with no EU establishment as long as firms' processing relates to "offering goods or services" or the "monitoring" of individuals in the EU. In addition to governmental regulations, there are credit card industry standards or other applicable data security standards we must comply with as well. Compliance with applicable privacy regulations may increase our operating costs and/or adversely impact our ability to market our products, properties and services to our guests. In addition, non-compliance with applicable privacy regulations by us (or in some circumstances non-compliance by third parties engaged by us) or a breach of security on systems storing our data may result in damage of reputation and/or subject us to fines, payment of damages, lawsuits or restrictions on our use or transfer of

data. For example, failure to meet the GDPR requirements could result in penalties of up to four percent of worldwide revenue. Any misappropriation of confidential or personally identifiable information gathered, stored or used by us, be it intentional or accidental, could have a material impact on the operation of our business, including severely damaging our reputation and our relationships with our customers, employees and investors. Laws in the United States in this area are also developing quickly. Laws in all 50 states require businesses to provide notice to customers whose personally identifiable information has been disclosed as a result of a data breach. Some states, such as California, Virginia and Colorado, have adopted privacy laws. Such adoption may indicate a trend for further legislation across all states.

Our business could suffer if our computer systems and websites are disrupted or cease to operate effectively.

We are dependent on our computer systems to record and process transactions and manage and operate our business, including processing payments, accounting for and reporting financial results, and managing our employees and employee benefit programs. Given the complexity of our business, it is imperative that we maintain uninterrupted operation of our computer hardware and software systems. Despite our preventative efforts, our systems are vulnerable to damage or interruption from, among other things, security breaches, computer viruses, technical malfunctions, inadequate system capacity, power outages, natural disasters, and usage errors by our employees or third-party consultants. If our information technology systems become damaged or otherwise cease to function properly, we may have to make significant investments to repair or replace them. Additionally, confidential or sensitive data related to our customers or employees could be lost or compromised. Any material disruptions in our information technology systems could have a material adverse effect on our business, results of operations, and financial condition.

If a third party successfully challenges our ownership of, or right to use, the Wynn-related trademarks and/or service marks, our business or results of operations could be harmed.

Our intellectual property assets, especially the logo version of "Wynn," are among our most valuable assets. We have filed applications with the U.S. Patent and Trademark Office ("PTO") and with various foreign patent and trademark registries including registries in Macau, China, Hong Kong, Singapore, Taiwan, Japan, certain European countries and various other jurisdictions throughout the world, to register a variety of WYNN-related trademarks and service marks in connection with a variety of goods and services. Some of the applications are based upon ongoing use and others are based upon a bona fide intent to use the marks in the future.

A common element of most of these marks is the use of the surname "WYNN." As a general rule, a surname (or the portion of a mark primarily constituting a surname) is not eligible for registration unless the surname has acquired "secondary meaning." To date, we have been successful in demonstrating to the PTO such secondary meaning for the WYNN marks, in certain of the applications, based upon factors including the Company's long-term use, advertising and promotional efforts related to the marks and the level of international fame achieved by the marks, but we cannot assure you that we will be successful with the other pending applications.

Federal registrations are not completely dispositive of the right to such marks. Third parties who claim prior rights with respect to similar marks may nonetheless challenge our right to obtain registrations or our use of the marks and seek to overcome the presumptions afforded by such registrations.

Furthermore, due to the increased use of technology in computerized gaming machines and in business operations generally, other forms of intellectual property rights (such as patents and copyrights) are becoming of increased relevance. It is possible that, in the future, third parties might assert superior intellectual property rights or allege that their intellectual property rights cover some aspect of our operations. The defense of such allegations may result in substantial expenses, and, if such claims are successfully prosecuted, may have a material impact on our business. There has been an increase in the international operation of fraudulent online gambling and investment websites attempting to scam and defraud members of the public. Websites offering these or similar activities and opportunities that use our names or similar names or images in likeness to ours, are doing so without our authorization and possibly unlawfully and with criminal intent. If our efforts to cause these sites to be shut down through civil action and by reporting these sites to the appropriate authorities (where applicable) are unsuccessful or not timely completed, these unauthorized activities may continue and harm our reputation and negatively affect our business. Efforts we take to acquire and protect our intellectual property rights against unauthorized use throughout the world may be costly and may not be successful in protecting and preserving the status and value of our intellectual property assets.

Labor actions and other labor problems could negatively impact our operations.

Some of our employees are represented by labor unions. From time to time, we have experienced attempts by labor organizations to organize certain of our non-union employees. These efforts have achieved some success to date. We cannot provide any assurance that we will not experience additional and successful organizing activity in the future. The impact of any

future organizing activity or labor dispute or work stoppage with respect to those of our employees who are represented by labor unions could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Our insurance coverage may not be adequate to cover all possible losses that we could suffer, including losses resulting from terrorism, and our insurance costs may increase.

We have comprehensive property and liability insurance policies for our properties with coverage features and insured limits that we believe are customary in their breadth and scope. However, in the event of a substantial loss, the insurance coverage we carry may not be sufficient to pay the full market value or replacement cost of our lost investment or could result in certain losses being totally uninsured. As a result, we could lose some or all of the capital we have invested in a property, as well as the anticipated future revenue from the property, and we could remain obligated for debt or other financial obligations related to the property.

Market forces beyond our control may limit the scope of the insurance coverage we can obtain in the future or our ability to obtain coverage at reasonable rates. Certain catastrophic losses may be uninsurable or too expensive to justify obtaining insurance. As a result, if we suffer such a catastrophic loss, we may not be successful in obtaining future insurance without increases in cost or decreases in coverage levels. Furthermore, our debt instruments and other material agreements require us to maintain a certain minimum level of insurance. Failure to satisfy these requirements could result in an event of default under these debt instruments or material agreements, which would negatively affect our business and financial condition.

Risks Associated with our Macau Operations

Our Macau Operations may be affected by adverse political and economic conditions.

Our Macau Operations are subject to significant political, economic and social risks inherent in doing business in an emerging market. The future success of our Macau Operations depends on political and economic conditions in Macau and PRC. For example, fiscal decline, international relations, and civil, domestic or international unrest in Macau, China or the surrounding region could significantly harm our business, not only by reducing customer demand for casino resorts, but also by increasing the risk of imposition of taxes and exchange controls or other governmental restrictions, laws or regulations that might impede our Macau Operations or our ability to repatriate funds.

We compete for limited labor resources in Macau and local policies may also affect our ability to employ imported labor.

The success of our operations in Macau will be affected by our success in hiring and retaining employees. We compete with a large number of casino resorts in Macau for a limited number of qualified employees. In addition, only Macau residents are eligible for the majority of positions within the casino including dealers and other gaming staff. Competition for these individuals in Macau has increased and is expected to continue for the foreseeable future. We seek employees from outside Macau to adequately staff our resorts where permitted and certain local policies affect our ability to import labor in certain job classifications. We coordinate with the labor and immigration authorities to ensure our labor needs are satisfied, but cannot be certain that we will be able to recruit and retain a sufficient number of qualified employees for our Macau Operations or that we will be able to obtain required work permits for those employees. If we are unable to obtain, attract, retain and train skilled employees, our ability to adequately manage and staff our existing and planned casino and resort properties and operations in Macau could be impaired, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

The smoking control legislation in Macau could have an adverse effect on our business, financial condition, results of operations and cash flows.

Under the Macau Smoking Prevention and Tobacco Control Law, as of January 1, 2019, smoking on casino premises is only permitted in authorized segregated smoking lounges with no gaming activities and such smoking lounges are required to comply with the conditions set out in the regulations. The existing smoking legislation, and any smoking legislation intended to fully ban all smoking in casinos, may deter potential gaming customers who are smokers from frequenting casinos in Macau, which could have an adverse effect on our business, financial condition, results of operations and cash flows.

Extreme weather conditions have had and may in the future have an adverse impact on our Macau Operations.

Macau's subtropical climate and location on the South China Sea are subject to extreme weather conditions including typhoons and heavy rainstorms, such as Typhoon Mangkhut in 2018 and Typhoon Hato in 2017. Unfavorable weather conditions could negatively affect the profitability of our resorts and prevent or discourage guests from traveling to Macau. Flooding, unscheduled interruption in the technology or transportation services or interruption in the supply of public utilities may lead to a shutdown of any of our resorts in Macau. The occurrence and timing of such events cannot be predicted or controlled by us and may have a material adverse effect on our business, financial condition, results of operations, and cash flows.

If our Macau Operations fail to comply with the Gaming Concession Contract, or applicable Macau laws, the Macau government may rescind our concession without compensation to us, which would have a material adverse effect on our business and financial condition.

Pursuant to the Gaming Concession Contract and applicable Macau laws, the Macau government may rescind the gaming concession if Wynn Macau SA fails to fulfill its obligations under the Macau law or the Gaming Concession Contract, including in the circumstances of (i) endangerment to the national security of mainland China or Macau, (ii) failure on the part of Wynn Macau SA to perform its obligations under the Gaming Concession Contract, (iii) public interest, and (iv) Wynn Macau SA ceasing to be eligible for the gaming concession under the Macau gaming law. If the Macau government rescinds the Gaming Concession Contract due to the Wynn Macau SA's non-fulfilment, or perceived non-fulfillment, of its obligations, Wynn Macau SA will be required to transfer to the Macau government, free from any encumbrance or lien and without compensation, all of its casinos, gaming assets and equipment and ownership rights to its casino areas in Macau. Beginning in the eighth year of Wynn Macau SA's concession, the Macau government may exercise its right to redeem the concession by providing Wynn Macau SA with at least one-year prior written notice. In such event, Wynn Macau SA would be entitled to fair and equitable compensation pursuant to the Macau gaming law. The amount of such compensation relating to the projects agreed with the Macau government would be determined based on the earnings of these projects, before interest, depreciation and amortization for the fiscal year immediately preceding the date the redemption is declared, multiplied by the number of years remaining on the term of the Gaming Concession Contract. Wynn Macau SA is currently in its second year of concession. The loss of our concession would prohibit us from conducting gaming operations in Macau, which would have a material adverse effect on our business and financial condition.

Certain Nevada gaming laws apply to our gaming activities and associations outside of Nevada.

Certain Nevada gaming laws also apply to gaming activities and associations in jurisdictions outside of Nevada. We and our subsidiaries that must be licensed to conduct gaming operations in Nevada are required to comply with certain reporting requirements concerning gaming activities and associations conducted by our subsidiaries in other jurisdictions. We and our licensed Nevada subsidiaries also will be subject to disciplinary action by the NGC if our subsidiaries operating in other jurisdictions knowingly violate any laws relating to their gaming operations; fail to conduct operations in other jurisdictions in accordance with the standards of honesty and integrity required of Nevada gaming operations; engage in any activity or enter into any association that is unsuitable for us because it poses an unreasonable threat to the control of gaming in Nevada, reflects or tends to reflect discredit or disrepute upon Nevada or gaming in Nevada, or is contrary to Nevada gaming policies; engage in any activity or enter into any association that interferes with the ability of Nevada to collect gaming taxes and fees; or employ, contract with or associate with any person in the foreign gaming operation who has been denied a license or a finding of suitability in Nevada on the ground of unsuitability, or who has been found guilty of cheating at gambling. Such disciplinary action could include suspension, conditioning, limitation or revocation of the registration, licenses or approvals held by us and our licensed Nevada subsidiaries, including Wynn Las Vegas, LLC, and the imposition of substantial fines.

In addition, if the NGCB determines that any actual or intended activities or associations of our subsidiaries operating in other states may be prohibited pursuant to one or more of the standards described above, the NGCB can require us and our licensed Nevada subsidiaries to file an application with the NGC for a finding of suitability of the activity or association. If the NGC finds that the activity or association in the other jurisdictions unsuitable or prohibited, those subsidiaries will either be required to terminate the activity or association, or will be prohibited from undertaking the activity or association. Consequently, should the NGC find that our subsidiaries' gaming activities or associations in other jurisdictions are unsuitable, those subsidiaries may be prohibited from undertaking their planned gaming activities or associations in the other jurisdiction or be required to divest their investment in the other jurisdiction, possibly on unfavorable terms.

The Massachusetts Gaming Commission has broad authority to consider conduct outside of Massachusetts for continued licensure in Massachusetts.

The Massachusetts Gaming Act requires a gaming licensee to affirmatively maintain its suitability to hold a gaming license in Massachusetts. Under the MGC's continuing duty regulations, we are required to report to notify and update the

MGC of certain matters including but not limited to any denial, suspension or revocation in any jurisdiction of a gaming related license; any discipline, including a fine or warning, related to gaming operations imposed upon the gaming licensee or qualifier by any government agency in any jurisdiction; any arrest, indictment, charge or criminal conviction of any qualifier in any jurisdiction; any complaints, allegations, or notice of investigation thereof against the gaming licensee, qualifier, or any gaming entity owned or operated by the parent to the gaming licensee, that if substantiated could reasonably lead to potential revocation or suspension of the license or approval held by the gaming licensee, qualifier, or gaming entity owned or operated by the parent to the gaming licensee, in that jurisdiction and/or imposition of a fine of \$50,000 or greater.

Licensing or other disciplinary action against us outside of Massachusetts, including by the government of Macau may be considered by the MGC in assessment of our ongoing suitability to hold a license in Massachusetts and may subject us to fines, license conditions, license suspension or revocation.

Unfavorable changes in currency exchange rates may increase our Macau Operations' obligations under the concession agreement and cause fluctuations in the value of our investment in Macau.

The currency delineated in our Macau Operations' concession agreement with the government of Macau is the Macau pataca. The Macau pataca is linked to the Hong Kong dollar, and the two are often used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years.

If the Hong Kong dollar and the Macau pataca are no longer linked to the U.S. dollar, the exchange rate for these currencies may severely fluctuate. The current rate of exchange fixed by the applicable monetary authorities for these currencies may also change.

Many of our Macau Operations' payment and expenditure obligations are in Macau patacas. We expect that most of the revenues for any casino that we operate in Macau will be in Hong Kong dollars. As a result, we are subject to foreign exchange risk with respect to the exchange rate between Macau patacas and Hong Kong dollars and the Hong Kong dollar and the U.S. dollar. Because certain debt obligations of our Macau-related entities have incurred U.S. dollar-denominated debt, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on our results of operations, financial condition and ability to service our debt.

Currency exchange controls and currency export restrictions could negatively impact our Macau Operations.

Currency exchange controls and restrictions on the export of currency by certain countries may negatively impact the success of our Macau Operations. For example, there are currently existing currency exchange controls and restrictions on the export of the renminbi, the currency of the PRC. Restrictions on the export of the renminbi may impede the flow of gaming customers from the PRC to Macau, inhibit the growth of gaming in Macau and negatively impact our Macau Operations.

Conflicts of interest may arise because certain of our directors and officers are also directors of Wynn Macau, Limited.

Wynn Macau, Limited, an indirect majority owned subsidiary of Wynn Resorts and the developer, owner and operator of Wynn Macau and Wynn Palace, listed its ordinary shares of common stock on The Stock Exchange of Hong Kong Limited in October 2009. As of December 31, 2023, Wynn Resorts owns approximately 72% of Wynn Macau, Limited's ordinary shares of common stock. As a result of Wynn Macau, Limited having stockholders who are not affiliated with us, we and certain of our officers and directors who also serve as officers and/or directors of Wynn Macau, Limited may have conflicting fiduciary obligations to our stockholders and to the minority stockholders of Wynn Macau, Limited. Decisions that could have different implications for Wynn Resorts and Wynn Macau, Limited, including contractual arrangements that we have entered into or may in the future enter into with Wynn Macau, Limited, may give rise to the appearance of a potential conflict of interest.

The Macau government has established a maximum number of gaming tables that can be operated in Macau and has limited the number of new gaming tables at new gaming areas in Macau.

As of December 31, 2023, we had a total of 304 table games at Wynn Palace and 259 at Wynn Macau approved by the Macau's DICJ. We are approved by the Macau government to operate 570 gaming tables and 1,100 gaming machines at our Macau Operations currently. The mix of table games in operation at Wynn Palace and Wynn Macau changes from time to time as a result of marketing and operating strategies in response to changing market demand and industry competition. Failure to shift the mix of our table games in anticipation of market demands and industry trends may negatively impact our operating results.

Risks Related to Share Ownership and Stockholder Matters

Certain stockholders are able to exert significant influence over our operations and future direction.

As of December 31, 2023, Elaine P. Wynn owned approximately 8.54% of our outstanding common stock. As a result, Elaine P. Wynn may be able to exert influence over all matters requiring our stockholders' approval, including the approval of significant corporate transactions. On August 3, 2018, we entered into a Cooperation Agreement (the "Cooperation Agreement") with Elaine P. Wynn regarding the composition of the Company's Board of Directors and certain other matters, including, among other things, the appointment of Mr. Philip G. Satre to the Company's Board of Directors, standstill restrictions, releases, non-disparagement and reimbursement of expenses. The term of the Cooperation Agreement expires on the date that Phil Satre no longer serves as Chair of the Board, unless earlier terminated pursuant to the circumstances described in the Cooperation Agreement.

Our stock price may be volatile.

The trading price of our common stock has been and may continue to be subject to wide fluctuations. Our stock price may fluctuate in response to a number of events and factors, such as general United States, China, and world economic and financial conditions, our own quarterly variations in operating results, increased competition, changes in financial estimates and recommendations by securities analysts, changes in applicable laws or regulations, changes affecting the travel industry, and other events impacting our business. The stock market in general, and prices for companies in our industry in particular, has experienced extreme volatility that may be unrelated to the operating performance of a particular company. These broad market and industry fluctuations may adversely affect the price of our common stock, regardless of our operating performance.

Risks Related to our Indebtedness

We are highly leveraged and future cash flow may not be sufficient for us to meet our obligations, and we might have difficulty obtaining more financing.

We have a substantial amount of consolidated debt in relation to our equity. As of December 31, 2023, we had total outstanding debt of approximately \$11.83 billion. We may incur additional indebtedness in connection with the construction of future development projects or major capital enhancement at our existing properties. See Item 1—Business "Our Resorts."

Failure to meet our payment obligations or other obligations could result in acceleration of our indebtedness, foreclosure upon our assets that serve as collateral or bankruptcy and trigger cross defaults under other agreements. Servicing our indebtedness requires a substantial portion of our cash flow from our operations and reduces the amount of available cash to fund working capital and other cash requirements or pay for other capital expenditures. We may not be able to obtain additional financing, if needed. The applicable rates with respect to a portion of the interest we pay will fluctuate with market rates and, accordingly, our interest expense will increase as market interest rates increase.

We are permitted to incur additional indebtedness if certain conditions are met, including conditions under our WM Cayman II Revolver, our WRF Credit Facilities, and our indentures. If we incur additional indebtedness, the risks described above will be exacerbated.

The agreements governing our debt facilities contain certain covenants that restrict our ability to engage in certain transactions and may impair our ability to respond to changing business and economic conditions.

Some of our debt facilities require us to satisfy various financial covenants, which include requirements for minimum interest coverage ratios and leverage ratios pertaining to total debt to earnings before interest, tax, depreciation and amortization and a minimum earnings before interest, tax, depreciation and amortization. For more information on financial covenants we are subject to under our debt facilities, see Item 8—"Financial Statements and Supplementary Data," Note 7, "Long-Term Debt." Future indebtedness or other contracts could contain covenants more restrictive than those contained in our existing debt facilities.

The agreements governing our debt facilities also contain restrictions on our ability to engage in certain transactions and may limit our ability to respond to changing business and economic conditions. These restrictions include, among other things, limitations on our ability and the ability of our restricted subsidiaries to pay dividends or distributions or repurchase equity; incur additional debt; make investments; create liens on assets to secure debt; enter into transactions with affiliates; issue stock of, or member's interests in, subsidiaries; enter into sale-leaseback transactions; engage in other businesses; merge or consolidate with another company; undergo a change of control; transfer, sell or otherwise dispose of assets; issue disqualified stock; create dividend and other payment restrictions affecting subsidiaries; and designate restricted and unrestricted subsidiaries.

Our ability to comply with the terms of our outstanding facilities may be affected by general economic conditions, industry conditions and other events outside of our control. As a result, we may not be able to maintain compliance with these covenants. If our properties' operations fail to generate adequate cash flow, we may violate those covenants, causing a default under our agreements, which would materially and adversely affect our financial condition and results of operations or result in our lenders or holders of our debt taking action to enforce their security interests in our various assets or cause all outstanding amounts to be due and payable immediately.

Item 1B. Unresolved Staff Comments

None.

Item 1C. Cybersecurity

Wynn Resorts' information security program is designed to preserve the accuracy and integrity of all forms of information processed by us and to protect such information, including our employees' and guests' personally identifiable information and information related to our operations, from misuse, loss, or theft. Our information security program is founded on principles and standards of the National Institute of Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity issued by the U.S. government.

The Chief Information Security Officer ("CISO") works closely with the Chief Information Officer and the Chief Privacy Counsel to collectively manage our global information security, information technology and data privacy programs. The Company's information security program includes a robust set of controls and safeguards for the systems, applications, and databases of the Company and of its third-party vendors. The CISO manages the information security program and sets annual targets and security objectives. The program includes regular risk assessments and recurring internal and external audits to assess the program's maturity and effectiveness. The results of these assessments and audits help inform decisions to make program adjustments and ensure that the program's security objectives are effective and up to date. Additional features of our cybersecurity program include security controls, such as firewalls and intrusion detection systems; data loss prevention tools; penetration testing of network, cloud, and application platforms; security assessments of our third-party vendors; and security awareness education for our employees and specialized training for our information security specialists.

We have implemented security monitoring capabilities, designed to alert us to suspicious activity and have developed an incident response program that includes periodic coordinated response exercises designed to restore business operations as quickly and as orderly as possible in the event of a breach. In the event of a cyber incident which may be considered "material" under the SEC's disclosure rules, Wynn Resorts has established a separate committee comprised of the General Counsel, the Chief Financial Officer, the Chief Privacy Counsel, and the CISO. The Materiality Committee is responsible for determining whether a cyber incident, or series of incidents, is "material" and requires disclosure under Item 1.05 of Form 8-K as well as informing the Board of Directors about the incident from a risk oversight perspective.

The Board of Directors oversees risks relating to cybersecurity. The CISO presents to the Board of Directors on a quarterly basis and the results of the risk assessments and audits on at least an annual basis. These reports also include detailed updates on the Company's performance preparing for, preventing, detecting, responding to, and recovering from cyber incidents. The CISO has overseen the Company's information security program for the last 15 years. He holds a Bachelor of Arts degree in Business Administration, and has over 30 years' total experience in the information technology and security field, including various leadership roles before joining Wynn Resorts. In addition, he holds several industry technical certifications in information security, network engineering, systems engineering, database management, application development, and security intrusions.

Failure of our information security program to prevent or detect a cyber incident could result in the compromise of Company and customer information, reputational damage, and/or financial loss. During the periods covered by this report, we did not experience any material cyber incidents and the expenses we incurred from cyber incidents were immaterial. While prior incidents have not had a material impact on us, future incidents could have a material adverse effect on our business, results of operations and cash flows. For additional information about our cybersecurity risks, see "*System failure, information leakage and the cost of maintaining sufficient cybersecurity could adversely affect our business*" in Item 1A — "Risk Factors."

Item 2. Properties

The following table presents our significant land holdings. We own or have obtained the right to use these properties. We also own or lease various other improved and unimproved properties which may be used for development projects.

Property	Approximate Acres	Location
Macau Operations⁽¹⁾		
Wynn Palace	51	Located in the Cotai area of Macau.
Wynn Macau	16	Located in downtown Macau's inner harbor.
	67	
Las Vegas Operations		
Wynn Las Vegas (main parcel)	75	Located at the intersection of Las Vegas Boulevard and Sands Avenue.
Golf course land ⁽²⁾	128	Located adjacent to Wynn Las Vegas.
Meeting and Convention Expansion	12	Located adjacent to Wynn Las Vegas.
Employee parking lot and office building	18	Located across Sands Avenue.
Office building	5	Located adjacent to golf course land.
	238	
Encore Boston Harbor⁽³⁾	34	Located in Everett, Massachusetts, adjacent to Boston along the Mystic River.
Other⁽⁴⁾	96	Located in Las Vegas, Nevada, and Everett, Massachusetts.

- (1) The government of Macau owns most of the land in Macau. In most cases, private interests in real property located in Macau are obtained through long-term leases known as concessions and other grants of rights to use land from the government. Wynn Palace and Wynn Macau are built on land leased under land concession contracts each with terms of 25 years from May 2012 and August 2004, respectively, which may be renewed with government approval for successive periods.
- (2) We own approximately 834 acre-feet of permitted and certificated water rights, which we use to irrigate the golf course. We also own approximately 151.5 acre-feet of permitted and certificated water rights for commercial use. There are significant cost savings and conservation benefits associated with using water supplied pursuant to our water rights.
- (3) Subject to a triple-net lease with an initial term of 30 years, with one 30-year renewal option.
- (4) Includes approximately 38 acres of land on the Las Vegas Strip directly across from Wynn Las Vegas, and approximately 52 acres of land adjacent to Encore Boston Harbor in Everett, Massachusetts. This land may be used for future development. In addition, includes approximately 6 acres of land adjacent to Encore Boston Harbor in Everett, Massachusetts, upon which the Company is currently constructing a phased development which will include a theater, entertainment venues, gaming facilities, food and beverage facilities, a parking garage, and a pedestrian bridge to Encore Boston Harbor.

Item 3. Legal Proceedings

We are occasionally party to lawsuits. As with all litigation, no assurance can be provided as to the outcome of such matters and we note that litigation inherently involves significant costs. For information regarding the Company's legal proceedings see Item 8—"Financial Statements and Supplementary Data," Note 18, "Commitments and Contingencies—Litigation" in this Annual Report on Form 10-K, which is incorporated herein by reference, and Item 1A—"Risk Factors" in this Annual Report on Form 10-K.

Item 4. Mine Safety Disclosures

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

Market Information

Our outstanding common stock trades on the Nasdaq Global Select Market under the symbol "WYNN."

Holders

There were approximately 159 holders of record of our common stock as of February 14, 2024. This number does not include an estimate of the indeterminate number of beneficial holders whose shares may be held by brokerage firms and clearing agencies.

Issuer Purchases of Equity Securities

The following table summarizes the share repurchases made by the Company during the three months ended December 31, 2023:

For the Month Ended	Number of Shares Repurchased ⁽¹⁾⁽²⁾	Weighted Average Price Paid Per Share	Shares Repurchased as Part of a Publicly Announced Program ⁽²⁾	Approximate Dollar Value Remaining Under the Program (in thousands)
October 1, 2023 to October 31, 2023	408,562	\$ 88.53	406,304	\$ 536,704
November 1, 2023 to November 30, 2023	609,622	\$ 86.48	590,796	\$ 485,704
December 1, 2023 to December 31, 2023	614,615	\$ 85.49	612,525	\$ 433,359

- (1) Shares purchased in October 2023, November 2023, and December 2023 include 2,258, 18,826 and 2,090 shares, respectively, purchased in satisfaction of employee tax withholding obligations on vested restricted stock relating to our stock incentive plans. Refer to Note 13, "Stock-Based Compensation" for additional details on our stock incentive plans.
- (2) In April 2016, the Company announced that the Board of Directors authorized an equity repurchase program of up to \$1.0 billion of our common stock, with no expiration. Under the program, repurchases may be made at the discretion of the Company from time to time on the open market or in privately negotiated transactions. The Company is not obligated to make any repurchases, and the repurchase program may be discontinued at any time. Any shares acquired are held as treasury shares and available for general corporate purposes.

Stock Performance Graph

The graph below compares the five-year cumulative total return on our common stock to the cumulative total return of the Standard & Poor's 500 Stock Index ("S&P 500") and the Dow Jones US Gambling Index. The performance graph assumes that \$100 was invested on December 31, 2018 in each of the Company's common stock, the S&P 500 and the Dow Jones US Gambling Index, and that all dividends were reinvested. The stock price performance shown in this graph is neither necessarily indicative of, nor intended to suggest, future stock price performance.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with, and is qualified in its entirety by, the consolidated financial statements and the notes thereto included elsewhere in this Annual Report on Form 10-K.

Discussion of 2021 items and year-to-year comparisons between 2022 and 2021 that are not included in this Form 10-K can be found in "Management's Discussion and Analysis of Financial Condition and Results of Operations" in Part II, Item 7 of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2022.

Overview

We are a designer, developer, and operator of integrated resorts featuring luxury hotel rooms, high-end retail space, an array of dining and entertainment options, meeting and convention facilities, and gaming, all supported by an unparalleled focus on our guests, our people, and our community. Through our approximately 72% ownership of Wynn Macau, Limited ("WML"), our concessionaire Wynn Resorts (Macau) S.A. ("Wynn Macau SA") operates two integrated resorts in the Macau Special Administrative Region ("Macau") of the People's Republic of China ("PRC"), Wynn Palace and Wynn Macau (collectively, our "Macau Operations"). In Las Vegas, Nevada, we operate and, with the exception of certain retail space, own 100% of Wynn Las Vegas. Additionally, we are a 50.1% owner and managing member of a joint venture that owns and leases certain retail space at Wynn Las Vegas (the "Retail Joint Venture"). We refer to Wynn Las Vegas, Encore, an expansion at Wynn Las Vegas, and the Retail Joint Venture as our Las Vegas Operations. In Everett, Massachusetts, we operate Encore Boston Harbor, an integrated resort. We also hold an approximately 97% interest in, and consolidate, Wynn Interactive Ltd. ("Wynn Interactive"), through which we operate online sports betting, gaming, and social casino businesses. Additionally, the Company has a 40% equity interest in Island 3 AMI FZ-LLC, an unconsolidated affiliate, which is currently constructing an integrated resort property ("Wynn Al Marjan Island") in Ras Al Khaimah, United Arab Emirates.

Key Operating Measures

Certain key operating measures specific to the gaming industry are included in our discussion of our operational performance for the periods for which the Consolidated Statements of Operations are presented. These key operating measures are presented as supplemental disclosures because management and/or certain investors use these measures to better understand period-over-period fluctuations in our casino and hotel operating revenues. These key operating measures are defined below:

- Table drop in mass market for our Macau Operations is the amount of cash that is deposited in a gaming table's drop box plus cash chips purchased at the casino cage.
- Table drop for our Las Vegas Operations is the amount of cash and net markers issued that are deposited in a gaming table's drop box.
- Table drop for Encore Boston Harbor is the amount of cash and gross markers issued that are deposited in a gaming table's drop box.
- Rolling chips are non-negotiable identifiable chips that are used to track turnover for purposes of calculating incentives within our Macau Operations' VIP program.
- Turnover is the sum of all losing rolling chip wagers within our Macau Operations' VIP program.
- Table games win is the amount of table drop or turnover that is retained and recorded as casino revenues. Table games win is before discounts, commissions and the allocation of casino revenues to rooms, food and beverage and other revenues for services provided to casino customers on a complimentary basis. Table games win does not include poker rake.
- Slot machine win is the amount of handle (representing the total amount wagered) that is retained by us and is recorded as casino revenues. Slot machine win is after adjustment for progressive accruals and free play, but before discounts and the allocation of casino revenues to rooms, food and beverage and other revenues for services provided to casino customers on a complimentary basis.
- Poker rake is the portion of cash wagered by patrons in our poker rooms that is retained by the casino as a service fee, after adjustment for progressive accruals, but before the allocation of casino revenues to rooms, food and beverage and other revenues for services provided to casino customers on a complimentary basis. Poker tables are not included in our measure of average number of table games.
- Average daily rate ("ADR") is calculated by dividing total room revenues, including complimentary (less service charges, if any), by total rooms occupied.

- Revenue per available room ("REVPAR") is calculated by dividing total room revenues, including complimentaries (less service charges, if any), by total rooms available.

- Occupancy is calculated by dividing total occupied rooms, including complimentary rooms, by the total rooms available.

Below is a discussion of the methodologies used to calculate win percentages at our resorts.

In our mass market operations in Macau, customers may purchase cash chips at either the gaming tables or at the casino cage. The measurements from our VIP and mass market operations are not comparable as the measurement method used in our mass market operations tracks the initial purchase of chips at the table and at the casino cage, while the measurement method from our VIP operations tracks the sum of all losing wagers. Accordingly, the base measurement from the VIP operations is much larger than the base measurement from the mass market operations. As a result, the expected win percentage with the same amount of gaming win is lower in the VIP operations when compared to the mass market operations.

In our VIP operations in Macau, customers primarily purchase rolling chips from the casino cage and can only use them to make wagers. Winning wagers are paid in cash chips. The loss of the rolling chips in the VIP operations is recorded as turnover and provides a base for calculating VIP win percentage. It is customary in Macau to measure VIP play using this rolling chip method. We typically expect our win as a percentage of turnover from these operations to be within the range of 3.1% to 3.4%.

In Las Vegas, customers purchase chips at the gaming tables in exchange for cash and markers. Customers may then redeem markers at the gaming tables or at the casino cage. The cash and markers, net of redemptions, used to purchase chips are deposited in the gaming table's drop box. This is the base of measurement that we use for calculating win percentage. Each type of table game has its own theoretical win percentage. Our expected table games win percentage is 22% to 26%.

At Encore Boston Harbor, customers purchase chips at the gaming tables in exchange for cash and markers. Customers may then redeem markers only at the casino cage. The cash and gross markers used to purchase chips are deposited in the gaming table's drop box. This is the base of measurement that we use for calculating win percentage. Each type of table game has its own theoretical win percentage. Our expected table games win percentage is 18% to 22%.

Results of Operations

Summary annual results

The following table summarizes our financial results for the periods presented (dollars in thousands, except per share data):

	Year Ended December 31,							
	2023		2022		Increase/ (Decrease)		Percent Change	
Operating revenues	\$	6,531,897	\$	3,756,825	\$	2,775,072		73.9
Net income (loss) attributable to Wynn Resorts, Limited		729,994		(423,856)		1,153,850		NM
Diluted net income (loss) per share		6.32		(3.73)		10.05		NM

NM: Not meaningful.

The increase in operating revenues for the year ended December 31, 2023 was primarily driven by increases of \$1.48 billion, \$902.3 million, and \$348.5 million from Wynn Palace, Wynn Macau, and our Las Vegas Operations, respectively, resulting from an increase in gaming volumes, hotel occupancy, and covers at restaurants. The results of our Macau Operations for the year ended December 31, 2022 were negatively impacted by certain travel-related restrictions and conditions, including COVID-19 testing, entry restrictions, and other mitigation procedures, related to the COVID-19 pandemic. Over the course of December 2022 and January 2023, Macau authorities eliminated these COVID-19 related protective measures, which resulted in increased business volumes at our Macau Operations for the year ended December 31, 2023.

The increase in net income attributable to Wynn Resorts, Limited for the year ended December 31, 2023 was primarily related to increased operating revenues at our Macau Operations and our Las Vegas Operations, as well as an income tax benefit

related to the release of valuation allowance on certain deferred tax assets as a result of achieving sustained profitability in the U.S., partially offset by increased operating expenses, and impairment losses for goodwill and intangible assets related to the Wynn Interactive reportable segment.

Financial results for the year ended December 31, 2023 compared to the year ended December 31, 2022.

Room revenues increased \$383.5 million, primarily due to higher occupancy and ADR at our Macau Operations and our Las Vegas Operations.

Food and beverage revenues increased \$182.4 million, primarily due to increased restaurant covers at our Las Vegas Operations and our Macau Operations.

Entertainment, retail and other revenues increased \$123.3 million, primarily due to higher business volumes across our properties, including an increase in revenues of \$34.8 million from entertainment, convention, and special event-related sales and \$9.6 million from other outlets such as the spa, salon, and golf course at our Las Vegas Operations, and an increase in revenues of \$29.7 million and \$9.8 million from our leased retail outlets at our Macau Operations and our Las Vegas Operations, respectively.

The increase in total operating expenses was primarily due to increased operating costs associated with higher business volumes at each of our properties, an increase in impairment of goodwill and intangible assets and property charges at Wynn Interactive, as a result of our decision to close its online sports betting and iGaming platform, WynnBET, in certain jurisdictions, and the gain recorded in 2022 in connection with the closing on a sale-leaseback arrangement with respect to certain real estate assets related to Encore Boston Harbor (the "EBH Transaction").

Casino expenses increased \$686.7 million and \$396.5 million at Wynn Palace and Wynn Macau, respectively. These increases resulted from higher operating costs, including increases of \$642.3 million and \$381.4 million in incremental gaming tax expense at Wynn Palace and Wynn Macau, respectively, driven by the increase in casino revenues.

Room expenses increased \$28.8 million and \$9.7 million at our Las Vegas Operations and Wynn Palace, respectively. These increases resulted from higher operating costs related to an increase in room revenues at our Las Vegas Operations and Wynn Palace.

Food and beverage expenses increased \$69.4 million, \$31.5 million, and \$17.2 million at our Las Vegas Operations, Wynn Palace, and Wynn Macau, respectively. These increases resulted from higher operating costs related to an increase in food and beverage revenues at our Las Vegas Operations, Wynn Palace, and Wynn Macau, respectively.

Entertainment, retail and other expenses increased \$35.5 million at our Las Vegas Operations as a result of higher operating costs associated with live and theatrical entertainment. Entertainment, retail and other expenses also increased \$19.2 million at our Macau Operations as a result of higher operating costs associated with increased business volumes. These increases were partially offset by a decrease in marketing and other operational costs of \$45.4 million at Wynn Interactive.

General and administrative expenses increased primarily due to triple-net operating lease expense of \$139.8 million at Encore Boston Harbor following the sale-leaseback transaction in December 2022, an increase of \$29.4 million at our Las Vegas Operations attributable to payroll and other general and administrative expenses required to support higher business volumes, and increased corporate and other general and administrative expenses of \$52.3 million, primarily due to development costs.

For the year ended December 31, 2023, pre-opening expenses totaled \$9.5 million, which primarily related to the launch of sports betting operations in Massachusetts. For the year ended December 31, 2022, pre-opening expenses totaled \$20.6 million, which primarily related to reconfiguring the theater space at Wynn Las Vegas.

We recorded a gain of \$182.0 million related to the closing of the EBH Transaction in December 2022.

During the year ended December 31, 2023, the Company recognized impairment of goodwill and other finite-lived intangible assets of \$72.1 million and \$22.4 million, respectively, as a result of our decision to close Wynn Interactive's online sports betting and iGaming platform, WynnBET, in certain jurisdictions. During the year ended December 31, 2022, the Company recognized impairment of goodwill and other intangible assets of \$37.8 million and \$10.3 million, respectively, as a result of changes in forecasts and other industry-specific factors and our decision to cease Wynn Interactive's BetBull operations.

Property charges and other expenses for the year ended December 31, 2023 consisted primarily of contract termination and other expenses of \$94.6 million, as a result of our decision to close Wynn Interactive's online sports betting and iGaming platform, WynnBET, in certain jurisdictions. Property charges and other expenses for the year ended December 31, 2023 also included other contract terminations of \$8.7 million at Wynn Macau, and asset abandonments of \$12.7 million and \$8.0 million at Wynn Palace and our Las Vegas Operations, respectively. Property charges and other expenses for the year ended December 31, 2022 consisted primarily of restructuring costs incurred by Wynn Interactive, including contract termination costs of \$32.8 million and asset abandonments of \$3.3 million, \$22.6 million, and \$1.3 million at our Las Vegas Operations, Wynn Palace, and Wynn Macau, respectively.

Other non-operating income and expenses

Interest expense, net of capitalized interest, increased \$100.6 million primarily due to an increase in the weighted average interest rate to 6.07% for the year ended December 31, 2023, from 5.36% for the year ended December 31, 2022.

We recorded interest income of \$175.8 million for the year ended December 31, 2023, primarily related to interest earned on cash and cash equivalents held at financial institutions.

We incurred a foreign currency remeasurement loss of \$11.5 million and a gain of \$5.8 million for the years ended December 31, 2023 and 2022, respectively. The impact of the exchange rate fluctuation of the Macau pataca, in relation to the U.S. dollar, on the remeasurements of U.S. dollar denominated debt and other obligations from our Macau-related entities drove the variability between periods.

We recorded a gain of \$45.1 million and \$16.0 million for the years ended December 31, 2023 and 2022, respectively, from change in derivatives fair value. The change in derivatives fair value for the year ended December 31, 2023 included a gain of \$49.7 million recorded in relation to the conversion feature of the WML Convertible Bonds.

We recorded a \$12.7 million loss on debt financing transactions for the year ended December 31, 2023, primarily related to the issuance of the 2031 WRF Senior Notes and the repurchase of the tendered 2025 WRF Senior Notes.

Income Taxes

For the years ended December 31, 2023 and 2022, we recorded an income tax benefit of \$496.8 million and an expense of \$9.3 million, respectively. The 2023 income tax benefit primarily relates to the release of valuation allowance on certain deferred tax assets. The 2022 income tax expense primarily relates to U.S. profitability and changes in U.S. deferred taxes.

In 2024, Wynn Macau SA received an exemption from Macau's 12% Complementary Tax on casino gaming profits from January 1, 2023 through December 31, 2027. Our non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau special gaming tax and other levies in accordance with our concession agreement.

Net income (loss) attributable to noncontrolling interests

Net income attributable to noncontrolling interests was \$52.2 million for the year ended December 31, 2023, compared to net loss of \$285.5 million for the year ended December 31, 2022. These amounts are primarily related to the noncontrolling interests' share of net income (loss) from WML.

Segment Information

As further described in Item 8—"Financial Statements and Supplementary Data," Note 20, "Segment Information," we use Adjusted Property EBITDAR to manage the operating results of our segments. Adjusted Property EBITDAR is net income (loss) before interest, income taxes, depreciation and amortization, pre-opening expenses, impairment of goodwill and intangible assets, property charges and other, triple-net operating lease rent expense related to Encore Boston Harbor, management and license fees, corporate expenses and other (including intercompany golf course, meeting and convention, and water rights leases), stock-based compensation, change in derivatives fair value, loss on debt financing transactions, and other non-operating income and expenses. Adjusted Property EBITDAR is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDAR as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors, as well as a basis for determining certain incentive compensation. We also present Adjusted Property EBITDAR because it is used by some investors to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDAR as a supplement to GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their EBITDAR calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation, that do not relate to the management of specific casino properties. However, Adjusted Property EBITDAR should not be considered as an alternative to operating income (loss) as an indicator of our performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income (loss), Adjusted Property EBITDAR does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. We have significant uses of cash flows, including capital expenditures, triple-net operating lease rent expense related to Encore Boston Harbor, interest payments, debt principal repayments, income taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDAR. Also, our calculation of Adjusted Property EBITDAR may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The following table summarizes Adjusted Property EBITDAR (in thousands) for Wynn Palace, Wynn Macau, Las Vegas Operations, Encore Boston Harbor, and Wynn Interactive as reviewed by management and summarized in Item 8—"Financial Statements and Supplementary Data," Note 20, "Segment Information." That footnote also presents a reconciliation of Adjusted Property EBITDAR to net income (loss) attributable to Wynn Resorts, Limited.

Adjusted Property EBITDAR at Wynn Palace and Wynn Macau increased \$712.4 million and \$462.1 million for the year ended December 31, 2023, respectively, primarily due to an increase in operating revenues of \$1.48 billion and \$902.3 million for the year ended December 31, 2023, respectively, partially offset by an increase in operating expenses. Our Macau Operations for the year ended December 31, 2022 were negatively impacted by certain travel-related restrictions and conditions related to the COVID-19 pandemic. Over the course of December 2022 and January 2023, the Macau authorities relaxed or eliminated COVID-19 related protective measures, which resulted in increased business volumes at our Macau Operations for the year ended December 31, 2023.

Adjusted Property EBITDAR at our Las Vegas Operations increased \$145.1 million for the year ended December 31, 2023, primarily due to an increase in revenues from room and casino operations of \$133.1 million and \$92.9 million, respectively, partially offset by an increase in operating expenses.

Adjusted Property EBITDAR at Encore Boston Harbor increased \$14.0 million for the year ended December 31, 2023, primarily due to an increase in revenues from casino operations of \$23.9 million, partially offset by increased operating expenses.

Adjusted Property EBITDAR at Wynn Interactive increased \$55.8 million for the year ended December 31, 2023, primarily due to a decrease in marketing and promotional expense of \$45.4 million and an increase in operating revenues of \$13.0 million.

Refer to the discussions above regarding the specific details of our results of operations.

Operating Activities

Our operating cash flows primarily consist of operating income (excluding depreciation and amortization and other non-cash charges), interest paid and earned, and changes in working capital accounts such as receivables, inventories, prepaid expenses, and payables. Our table games play is a mix of cash play and credit play, while our slot machine play is conducted primarily on a cash basis. A significant portion of our table games revenue is attributable to the play of a limited number of premium customers who gamble on credit. The ability to collect these gaming receivables may impact our operating cash flow for the period. Our rooms, food and beverage, and entertainment, retail and other revenue is conducted on a cash and credit basis. Accordingly, operating cash flows will be impacted by changes in operating income and accounts receivable, net.

During the year ended December 31, 2023, the increase in cash flows from operating activities was primarily due to increased revenues from our Macau Operations and our Las Vegas Operations, which was partially offset by an increase in operating expenses associated with higher business volumes.

During the year ended December 31, 2022, the decrease in net cash used in operating activities was primarily due to a decrease in marketing expenses related to Wynn Interactive and an increase in customer deposits.

Investing Activities

Our investing activities primarily consist of project capital expenditures and maintenance capital expenditures associated with maintaining and continually refining our world-class integrated resort properties.

During the year ended December 31, 2023, we incurred capital expenditures of \$187.2 million at our Las Vegas Operations, \$70.6 million at Encore Boston Harbor, and \$25.6 million at Wynn Macau primarily related to various renovations and maintenance capital expenditures; \$66.3 million at Wynn Palace primarily due to non-gaming related capital projects; and \$93.2 million at Corporate and other primarily related to future development projects, including \$34.6 million related to an expansion project adjacent to Encore Boston Harbor. In addition, during the year ended December 31, 2023, we purchased \$836.5 million in investments, comprised of United States treasury bills and fixed deposits maturing in less than one year.

During the year ended December 31, 2022, we incurred capital expenditures of \$226.4 million at our Las Vegas Operations primarily related to the Wynn Las Vegas room remodel and theater reconfiguration, and \$20.2 million at Encore Boston Harbor, \$31.9 million at Wynn Palace, and \$13.0 million at Wynn Macau primarily related to maintenance capital expenditures. We also received \$1.70 billion in cash proceeds upon closing of the EBH Transaction. In addition, we made a \$40.2 million investment in an unconsolidated affiliate.

Financing Activities

The below table presents proceeds from the issuance, repayments, and repurchases of the specified debt instruments during the year ended December 31, 2023 (in thousands):

	Proceeds from issuance		Repayments and repurchases	
WRF 7 1/8% Senior Notes, due 2031	\$	600,000	\$	—
WML 4 1/2% Convertible Bonds, due 2029		600,000		—
WRF 7 3/4% Senior Notes, due 2025		—		600,000
WLV 4 1/4% Senior Notes, due 2023		—		500,000

WRF Term Loan, due 2024		—		33,125
Total	\$	1,200,000	\$	1,533,124

In addition, during the year ended December 31, 2023, we repurchased 2,206,573 shares of our common stock for \$195.5 million. We also made dividend payments of \$84.7 million, paid \$41.2 million for financing costs related to the financing activities above and used cash of \$22.6 million for distributions to noncontrolling interest holders of the Retail Joint Venture.

During the year ended December 31, 2022, we repurchased 2,956,331 shares of our common stock for \$171.3 million under our equity repurchase program. We also borrowed \$211.4 million under the WM Cayman II Revolver and made quarterly amortization payments under the WRF Term Loan totaling \$50.0 million. In addition, we received a \$50.0 million contribution from a noncontrolling interest holder in exchange for a 49.9% interest in certain retail space contributed by the Company to the Retail Joint Venture and used cash of \$27.7 million for distributions to noncontrolling interest holders of the Retail Joint Venture.

Capital Resources

The following table summarizes our unrestricted cash and cash equivalents, investments, and available revolver borrowing capacity, excluding capacity under intercompany loan agreements, presented by significant financing entity as of December 31, 2023 (in thousands):

	Total Cash and Cash Equivalents	Investments ⁽¹⁾	Revolver Borrowing Capacity
Wynn Macau, Limited and subsidiaries	\$ 1,317,744	\$ 697,908	\$ —
Wynn Resorts Finance, LLC ⁽²⁾	361,529	—	736,451
Wynn Resorts, Limited and other	1,199,913	147,284	—
Total	\$ 2,879,186	\$ 845,192	\$ 736,451

(1) Investments consist of investments in United States treasury bills and fixed deposits maturing in less than one year.

(2) Excluding Wynn Macau, Limited and subsidiaries.

Wynn Macau, Limited and subsidiaries. WML generates cash from our Macau Operations to fund working capital requirements as needed. We expect to use this cash to fund working capital and capital expenditure requirements at WML and our Macau Operations, and to service our WML Senior Notes, WM Cayman II Revolver, and WML Convertible Bonds. WML paid no dividends during 2023 or 2022.

In 2024, Wynn Macau SA renewed its agreement with the Macau government that provides for a payment in lieu of complementary tax on dividend distributions which would otherwise be borne by stockholders of Wynn Macau SA from January 1, 2023 through December 31, 2025. The payment is \$5.5 million for the year ended December 31, 2023.

Pursuant to the amended and restated facility agreement dated June 27, 2023, the base rate applicable to loans denominated in U.S. dollars made pursuant to the WM Cayman II Revolver transitioned to the term secured overnight financing rate ("Term SOFR"), plus a credit adjustment spread of 0.10%, plus (b) a margin of 1.875% to 2.875% per annum based on WM Cayman II's leverage ratio on a consolidated basis. The new Term SOFR base rate became effective July 4, 2023. The loans denominated in Hong Kong dollars under the WM Cayman II Revolver bear interest at HIBOR plus a margin of 1.875% to 2.875% per annum based on WM Cayman II's leverage ratio on consolidated basis. The final maturity of all outstanding loans under the Revolving Facility remains unchanged at September 16, 2025. WML, as guarantor, may be subject to certain restrictions on payments of dividends or distributions to its shareholders, unless certain financial criteria have been satisfied.

On March 7, 2023, WML completed an offering (the "Offering") of \$600.0 million 4.50% convertible bonds due 2029 (the "WML Convertible Bonds"). The WML Convertible Bonds are governed by a trust deed dated March 7, 2023 (the "Trust Deed"). The net proceeds from the Offering, after deduction of commission and other related expenses, were \$585.9 million. WML intends to use the proceeds for general corporate purposes. The WML Convertible Bonds bear interest on their outstanding principal amount from and including March 7, 2023 at the rate of 4.50% per annum.

The WML Convertible Bonds are convertible at the option of the holder thereof into fully paid ordinary shares of WML, at the initial conversion price of approximately HK\$10.24 (equivalent to approximately \$1.31) per share, subject to and upon compliance with the terms and conditions of the WML Convertible Bonds (the "Terms and Conditions," and such right, the "Conversion Right"). The conversion price is at the fixed rate of HK\$7.8497 (equivalent to US\$1.00), subject to standard adjustments for certain dilutive events as described in the Terms and Conditions. WML has the option, in its sole discretion, to pay to the relevant bondholder an amount of cash equivalent in order to satisfy the Conversion Right in whole or in part.

The holders of the WML Convertible Bonds have the option to require WML to redeem all or some only of such holder's Bonds (i) on March 7, 2027 at their principal amount together with interest accrued but unpaid to (but excluding) the date fixed for redemption; or (ii) on the Relevant Event Redemption Date (as defined in the Terms and Conditions) at their principal amount together with interest accrued but unpaid to, but excluding such date, following the occurrence of (a) when the Ordinary Shares cease to be listed or admitted to trading or are suspended from trading for a period equal to or exceeding 10 consecutive trading days on the Stock Exchange of Hong Kong Limited, or if applicable, the alternative stock exchange, (b) when there is a Change of

Control (as defined in the Terms and Conditions), or (c) when less than 25% of WML's total number of issued Ordinary Shares are held by the public (as interpreted under Rule 8.24 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited). The WML Convertible Bonds may also be redeemed at the option of WML in whole, but not in part, at any time after March 7, 2027, but prior to March 7, 2029, upon giving notice to the bondholders in accordance with the Terms and Conditions, under certain circumstances specified in the Trust Deed.

If our portion of our cash and cash equivalents were repatriated to the U.S. on December 31, 2023, it would be subject to minimal U.S. taxes in the year of repatriation.

Wynn Resorts Finance, LLC and subsidiaries. Wynn Resorts Finance, LLC ("WRF" or "Wynn Resorts Finance") generates cash from distributions from its subsidiaries, which include our Macau Operations, Wynn Las Vegas, and Encore Boston Harbor, and capital contributions from Wynn Resorts, as required. In addition, WRF may utilize its available revolving borrowing capacity as needed. We expect to use this cash to service our WRF Credit Facilities, the WRF Senior Notes and the Wynn Las Vegas Senior Notes, and to fund working capital and capital expenditure requirements as needed.

WRF is a holding company and, as a result, its ability to pay dividends to Wynn Resorts is dependent on WRF receiving distributions from its subsidiaries, which include WML, Wynn Las Vegas, LLC, and Wynn MA. The WRF Credit Agreement contains customary negative and financial covenants, including, but not limited to, covenants that restrict WRF's ability to pay dividends or distributions and incur additional indebtedness.

On February 16, 2023, WRF issued \$600.0 million aggregate principal amount of 7 1/8% Senior Notes due 2031 (the "2031 WRF Senior Notes") in a private offering. The 2031 WRF Senior Notes were issued at par, for proceeds of \$596.2 million, net of \$3.8 million of related fees and expenses. Also on February 16, 2023, WRF completed a cash tender offer for any and all of the outstanding principal amount of the 2025 WRF Senior Notes, and accepted for purchase valid tenders with respect to \$506.4 million and paid a tender premium of \$12.4 million. We used a portion of the net proceeds from the offering of the 2031 WRF Senior Notes to purchase such tendered 2025 WRF Senior Notes and to pay related fees and expenses.

In March 2023, we repurchased all of the outstanding Wynn Las Vegas 4.25% Senior Notes due 2023 of \$500.0 million using cash held by WRF, at a price equal to 100% of the principal amount plus accrued interest under the terms of their indenture.

In April 2023, we repurchased the remaining outstanding 2025 WRF Senior Notes using the remaining net proceeds from the issuance of the 2031 WRF Senior Notes and cash held by WRF, at a price equal to 101.938% of the principal amount plus accrued interest under the terms of its indenture.

In May 2023, WRF and certain of its subsidiaries entered into an amendment (the "WRF Credit Agreement Amendment") to its existing credit agreement (the "WRF Credit Agreement").

The WRF Credit Agreement Amendment amends the WRF Credit Agreement to: (i) transition the benchmark rate from LIBOR to Term SOFR and to make conforming changes, (ii) reduce the aggregate principal amount of revolving commitments under the revolving credit facility by \$100.0 million, from \$850.0 million to \$750.0 million, (iii) extend the stated maturity date for lenders electing to extend their revolving commitments in an amount equal to approximately \$681.3 million from September 20, 2024 to September 20, 2027, and (iv) extend the stated maturity date for lenders electing to extend their term loan commitments in an amount equal to approximately \$749.4 million from September 20, 2024 to September 20, 2027. Lenders who elected not to extend their revolving commitments in an amount equal to approximately \$68.7 million will remain subject to a stated maturity date of September 20, 2024, and lenders who elected not to extend their term loan commitments in an amount equal to approximately \$75.6 million will remain subject to a stated maturity date of September 20, 2024.

In August 2023, Wynn Las Vegas repurchased \$400.0 million aggregate principal amount of its 5 1/2% Senior Notes due 2025 ("2025 WLV Senior Notes"), at a price equal to 94% of the principal amount, plus accrued interest and an early tender premium of \$20.0 million and the related fees and expenses, using cash held by Wynn Resorts.

In February 2024, WRF issued an additional \$400.0 million aggregate principal amount of 7 1/8% Senior Notes due 2031 (the "2031 WRF Add-On Senior Notes") in a private offering. The 2031 WRF Add-On Senior Notes were issued at a price equal to 103.0% of the principal amount, for net proceeds of approximately \$409 million. Also, in February 2024, Wynn Las Vegas repurchased \$678.0 million aggregate principal amount of its 2025 WLV Senior Notes, at a price equal to 97.2% of the principal amount, plus accrued interest and an early tender premium of \$20.3 million to the holders of validly tendered 2025 WLV Senior Notes. The Company used the net proceeds from the 2031 WRF Add-On Senior Notes and cash held by Wynn Resorts to purchase such validly tendered 2025 WLV Senior Notes and to pay the tender premium and related fees and expenses.

Wynn Resorts, Limited and other subsidiaries. Wynn Resorts, Limited is a holding company and, as a result, our ability to pay dividends is dependent on our ability to obtain funds and our subsidiaries' ability to provide funds to us. Wynn Resorts, Limited and other primarily generates cash from royalty (including intellectual property license) and management agreements with our resorts, dividends and distributions from our subsidiaries, and the operations of the Retail Joint Venture of which we own 50.1%. Fees payable by Wynn Macau SA to Wynn Resorts, Limited under its intellectual property license agreement are capped at \$140.0 million for the year ended December 31, 2024. We expect to use cash held by Wynn Resorts, Limited and other to service our Retail Term Loan, to fund working capital needs of our subsidiaries, pay dividends, make required capital contributions to the entity which owns the Wynn Al Marjan Island development, and for general corporate purposes.

The Company is currently constructing a phased development adjacent to Encore Boston Harbor, which will include a theater, entertainment venues, gaming facilities, food and beverage facilities, and a parking garage. We expect to incur between \$375.0 million and \$400.0 million of remaining project costs related to this development, which we expect to complete during the first quarter of 2026.

On June 2, 2023, the Company entered into a second amendment to the existing term loan agreement (the "Retail Term Loan Amendment") which transitions the benchmark interest rate of the Retail Term Loan from LIBOR to the adjusted daily simple secured overnight financing rate ("SOFR") and to make related conforming changes, effective July 3, 2023.

The Company paid a cash dividend of \$0.25 per share in each of the quarters ended June 30, 2023, September 30, 2023, and December 31, 2023 and recorded \$28.5 million, \$28.2 million and \$28.4 million respectively, against accumulated deficit.

On February 7, 2024, the Company declared a cash dividend of \$0.25 per share, payable on February 29, 2024 to stockholders of record as of February 20, 2024.

Other Factors Affecting Liquidity

We may refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of the indebtedness on acceptable terms or at all.

Legal proceedings in which we are involved also may impact our liquidity. No assurance can be provided as to the outcome of such proceedings. In addition, litigation inherently involves significant costs. For information regarding legal proceedings, see Item 8—"Financial Statements and Supplementary Data," Note 18, "Commitments and Contingencies."

In April 2016, our Board of Directors has authorized an equity repurchase program of up to \$1.00 billion. Under the equity repurchase program, we may repurchase the Company's outstanding shares from time to time through open market purchases, in privately negotiated transactions, and under plans complying with Rules 10b5-1 and 10b-18 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). We repurchased 2,206,573 shares of our common stock at an average price of \$88.61 per share, for an aggregate cost of \$195.5 million under this equity repurchase program during the year ended December 31, 2023. As of December 31, 2023, we had \$433.4 million in repurchase authority remaining under the program.

We have in the past repurchased, and in the future, we may periodically consider repurchasing our outstanding notes for cash. The amount of any shares and/or notes to be repurchased, as well as the timing of any repurchases, will be based on business, market and other conditions and factors, including price, contractual requirements or consents, and capital availability.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. We continue to explore opportunities to develop additional gaming or related businesses in domestic and international markets. There can be no assurances regarding the business prospects with respect to any other opportunity. Any new development may require us to obtain additional financing. We may decide to conduct any such development through Wynn Resorts, Limited or through subsidiaries separate from the Las Vegas, Boston or Macau-related entities.

- (1) Amounts for all periods represent our estimated future interest payments on our debt facilities based upon amounts outstanding and SOFR or HIBOR rates as of December 31, 2023. Actual rates will vary.
- (2) Represents the fixed and minimum variable gaming premium amounts payable under the Gaming Concession Contract, based on the number and type of gaming tables and machines we operate.
- (3) Represents amounts payable under the Property Transfer Agreements (as defined in Item 8—"Financial Statements and Supplementary Data," Note 5, "Property and Equipment, net").
- (4) Represents payments to executive officers, other members of management and certain key employees. Employment agreements generally have three to five year terms and typically indicate a base salary and often contain provisions for discretionary bonuses. Certain of the executives are also entitled to a separation

payment if terminated without "cause" or upon voluntary termination of employment for "good reason" following a "change of control" (as these terms are defined in the employment contracts).

- (5) Represents payments to certain communities surrounding Encore Boston Harbor, required as a condition of the gaming license awarded to Wynn MA, LLC.
- (6) Other includes open purchase orders, future charitable contributions, performance contracts and other contracts. As further discussed in Item 8—"Financial Statements and Supplementary Data," Note 14, "Income Taxes," we had \$135.7 million of unrecognized tax benefits as of December 31, 2023. Due to the inherent uncertainty of the underlying tax positions, it is not practicable to assign this liability to any particular year and therefore it is not included in the table above as of December 31, 2023.

Gaming Concession Contract

On December 16, 2022, Wynn Macau SA entered into a definitive gaming concession contract (the "Gaming Concession Contract") with the government of Macau, pursuant to which Wynn Macau SA was granted a 10-year gaming concession commencing on January 1, 2023 and expiring on December 31, 2032, to operate games of chance at Wynn Palace and Wynn Macau.

In addition to the Macau gaming premium and Property Transfer Agreements payment commitments included in the table above, Wynn Macau SA committed to make certain non-gaming and gaming investments in the amount of MOP17.73 billion (approximately \$2.20 billion) over the course of the ten-year term of the Gaming Concession Contract. MOP16.50 billion (approximately \$2.05 billion) of the committed investment will be used for non-gaming capital projects and event programming in connection with, among others, attraction of foreign tourists, conventions and exhibitions, entertainment performances, sports events, culture and art, health and wellness, themed amusement, gastronomy, community tourism and maritime tourism.

Wynn Macau SA agreed, as part of its commitment for its Gaming Concession Contract, to increase its investment in non-gaming projects (original commitment of MOP16.50 billion (approximately \$2.05 billion) by 20% once market-wide gross gaming revenues reached MOP180.00 billion (approximately \$22.36 billion) in any one year (the "Trigger Event"). As market-wide gross gaming revenue exceeded MOP180.00 billion (approximately \$22.36 billion) in 2023, the Trigger Event occurred at the end of 2023 and each gaming concessionaire is now required to increase its original committed investment amount in non-gaming projects by 20%. Wynn Macau SA will comply with its further investment commitment by investing MOP3.30 billion

(approximately \$409.9 million) over the course of the remaining 9 years of the Gaming Concession Contract in non-gaming capital projects. The scope, nature and timing of the additional investment in non-gaming capital projects will be mutually agreed between Wynn Macau SA and the Macau SAR Government in due course and according to the terms of the Gaming Concession Contract.

See Item 8—"Financial Statements and Supplementary Data," Note 18, "Commitments and Contingencies," for additional information regarding the amounts owed under the Gaming Concession Contract and Macau gaming law.

Wynn Al Marjan Island Funding Commitment

Pursuant to the shareholders' agreement governing Island 3 AMI FZ-LLC, the unconsolidated entity in which the Company has a 40% ownership interest and which owns the Wynn Al Marjan Island integrated resort development project in Ras Al Khaimah, United Arab Emirates, the Company, and the entity's other shareholders, have committed to fund the development of the project through capital contributions in an amount up to its pro rata share of at least 20% of the project budget. The amount and timing of such contributions are subject to approval by the entity's shareholders.

Critical Accounting Policies and Estimates

The preparation of our consolidated financial statements in conformity with GAAP involves the use of estimates and assumptions that affect the amounts reported in the consolidated financial statements. Certain of our accounting policies require management to apply significant judgment in defining the appropriate assumptions integral to financial estimates and on an ongoing basis, management evaluates those estimates. Judgments are based on historical experience, terms of existing contracts, industry trends and information available from outside sources, as appropriate. However, by their nature, judgments are subject to an inherent degree of uncertainty, and therefore actual results could differ from our estimates.

WML Convertible Bond Conversion Option Derivative

On March 7, 2023, WML completed the Offering of the WML Convertible Bonds. The Company determined that the conversion feature contained within the WML Convertible Bonds is not indexed to WML's equity and, as such, is required to be bifurcated from the debt host contract and accounted for as a free-standing derivative (the "WML Convertible Bonds Conversion Option Derivative"). In accordance with applicable accounting standards, the WML Convertible Bond Conversion Option Derivative will be reported at fair value as of the end of each reporting period, with changes recognized in the statements of operations.

The Company used a binomial lattice model in order to estimate the fair value of the embedded derivative in the WML Convertible Bonds. Inherent in a binomial options pricing model are unobservable (Level 3) inputs and assumptions related to expected share-price volatility, risk-free interest rate, expected term, and dividend yield. The Company estimates the volatility of shares of WML common stock based on historical volatility that matches the expected remaining term to maturity of the WML Convertible Bonds. The risk-free interest rate is based on the Hong Kong and United States benchmark yield curves on the valuation date for a maturity similar to the expected remaining term of the WML Convertible Bonds. The expected life of the WML Convertible Bonds is assumed to be equivalent to their remaining term to maturity. The dividend yield is based on the historical WML dividend rate over the last several years. The output of the lattice model can be highly sensitive to fluctuations in its inputs.

Sale-leaseback Transaction

On December 1, 2022, the Company closed on a sale-leaseback arrangement with respect to certain real estate assets related to Encore Boston Harbor (the "EBH Transaction"). Upon closing of the EBH Transaction, the Company received cash proceeds of approximately \$1.70 billion in exchange for the sale of such real estate assets, recognizing a gain on sale of \$182.0 million, and concurrently entered into a lease agreement with respect to the sold assets for the purpose of continuing to operate the Encore Boston Harbor integrated resort. Upon entering into the lease agreement, the Company recognized an operating lease asset and a corresponding operating lease liability of \$1.51 billion.

Accounting for sale-leaseback transactions requires significant management judgement and estimates, including with respect to the determination of whether the transaction qualifies as a sale as defined within GAAP, operating versus finance lease classification, and inputs into the measurement of lease assets and liabilities.

In determining whether the transaction qualifies as a sale, we are required to assess whether a contract exists and if so, whether control has passed to the counterparty in the contract. Control indicators include, but are not limited to, whether the entity has a present right to payment for the asset, whether the customer has legal title to the asset, whether the entity has transferred physical possession of the asset, whether the customer has significant risks and rewards of ownership of the asset, and whether the customer has accepted the asset. Concluding whether a sale has occurred requires significant judgement in determining whether the rights and obligations created by the sale agreement convey control to the counterparty in the transaction.

In a sale-leaseback arrangement, we are required to determine whether the lease is classified as an operating lease or a finance lease. A finance lease would preclude sale accounting. A lessee is required to classify a lease as a finance lease if, among other factors, 1) the term is for the major part of the remaining economic life of the underlying asset or 2) the present value of the sum of the lease payments equals or exceeds substantially all of the fair value of the underlying asset. Lease terms include options to extend the lease when it is reasonably certain that such option will be exercised. The Company's operating lease related to Encore Boston Harbor contains an initial term of 30 years from December 2022 to November 2052 with one thirty-year renewal period at the Company's option, which, in management judgement, is not considered to be reasonably certain of being exercised. The determination of whether the present value of the sum of the lease payments equals or exceeds substantially all of the fair value of the underlying asset requires the use of estimates, in both determining the discount rate to measure the present value of the sum of the lease payments and in determining the fair value of the underlying assets. As the interest rate implicit in our leases is not readily determinable, we use our incremental borrowing rate, which is defined by GAAP as the "rate of interest that a lessee would have to pay to borrow on a collateralized basis over a similar term an amount equal to the lease payments in a similar economic environment," to determine the present value of lease payments. Inputs into our selected incremental borrowing rate which require management's judgement include quantifying our entity-specific credit risk and risks associated with the economic environment specific to the leased assets. In determining the fair value of the underlying assets, we use a combination of the income, market, and cost approaches, which include inputs such as estimated future cash flows, the selection of recently sold comparable properties, and estimated cost to construct a comparable asset.

Allowance for Credit Losses

A substantial portion of our outstanding receivables relates to casino credit play. Credit play, through the issuance of markers, represents a significant portion of the table games volume. Our goal is to maintain strict controls over the issuance of credit and aggressively pursue collection from those customers who fail to pay their balances in a timely fashion. These collection efforts may include the mailing of statements and delinquency notices, personal contacts, the use of outside collection agencies, and litigation. Markers issued at our Las Vegas Operations and Encore Boston Harbor are generally legally enforceable instruments in the United States, and United States assets of foreign customers may be used to satisfy judgments entered in the United States.

The enforceability of markers and other forms of credit related to gaming debt outside of the United States varies from country to country. Some foreign countries do not recognize the enforceability of gaming related debt, or make enforcement burdensome. We closely consider the likelihood and difficulty of enforceability, among other factors, when issuing credit to customers who are not residents of the United States. In addition to our internal credit and collection departments, we have a network of legal, accounting and collection professionals to assist us in our determinations regarding enforceability and our overall collection efforts.

We regularly evaluate our reserve for credit losses based on a specific review of customer accounts and outstanding gaming promoter accounts, taking into consideration the amount owed, the age of the account, the customer's financial condition, management's experience with historical and current collection trends, current economic and business conditions, and management's expectations of future economic and business conditions and forecasts. Accounts are written off when management deems them to be uncollectible. Recoveries of accounts previously written off are recorded when received.

The following table presents key statistics related to our casino accounts receivable (dollars in thousands):

	December 31,			
	2023		2022	
Casino accounts receivable	\$	218,694	\$	171,893
Allowance for casino credit losses	\$	34,739	\$	74,207
Allowance as a percentage of casino accounts receivable		15.9 %		43.2 %

The decrease in allowance for casino credit losses as shown in the table above is primarily due to the impact of historical collection patterns and expectations of current and future collection trends, as well as the specific review of customer accounts. Although the Company believes that its allowance is adequate, it is possible the estimated amounts of cash collections with respect to receivables could change. Our allowance for credit losses is based on our estimates of amounts collectible and depends on the risk assessments and judgments by management regarding realizability, the current and expected future state of the economy and our credit policy. Our reserve methodology is applied similarly to credit extended at each of our resorts. As of December 31, 2023 and 2022, 41.8% and 34.3%, respectively, of our outstanding casino accounts receivable balance originated at our Macau Operations.

As of December 31, 2023, a 100 basis point change in the allowance for credit losses as a percentage of casino accounts receivable would change the provision for credit losses by approximately \$2.2 million.

As our customer payment experience evolves, we will continue to refine our estimated allowance for credit losses. Accordingly, the associated provision for credit losses may fluctuate. Because individual customer account balances can be significant, the reserve and the provision can change significantly between periods as we become aware of additional information about a customer or changes occur in a region's economy or legal system.

Impairment of Long-lived Assets, Intangible assets, and Goodwill

We evaluate our property and equipment and other long-lived assets for impairment in accordance with applicable accounting standards. For assets to be disposed of we recognize the asset at the lower of carrying value or fair market value less costs of disposal, as estimated based on comparable asset sales, solicited offers, or a discounted cash flow model. For assets to be held and used, we review for impairment whenever indicators of impairment exist. In reviewing for impairment, we compare the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, an impairment is recorded based on the fair value of the asset, typically measured using a discounted cash flow model. If an asset is still under development, future cash flows include remaining construction costs. All recognized impairment losses, whether for assets to be disposed of or assets to be held and used, are recorded as operating expenses.

The Company tests goodwill for impairment annually, or more frequently if events or changes in circumstances indicate that this asset may be impaired. The Company's test of goodwill impairment starts with a qualitative assessment to determine whether it is necessary to perform a quantitative goodwill impairment test. If qualitative factors indicate that the fair value of the reporting unit is more likely than not less than its carrying amount, then a quantitative goodwill impairment test is performed. For the quantitative analysis, the Company compares the fair value of its reporting unit to its carrying value. If the estimated fair value exceeds its carrying value, goodwill is considered not to be impaired and no additional steps are necessary. However, if the fair value of the reporting unit is less than its carrying amount, goodwill impairment is recorded equal to the difference between the carrying amount of the reporting unit and its fair value, not to exceed the carrying amount of goodwill.

During the year ended December 31, 2023, as a result of the Company's decision to cease operating Wynn Interactive's online sports betting and iGaming platform in certain jurisdictions, the Company identified interim indicators of impairment related to the goodwill assigned to the WynnBET reporting unit within the Wynn Interactive reportable segment. As a result, the Company performed an impairment test as of December 31, 2023, and determined that the carrying value of its goodwill exceeded the estimated fair value of that reporting unit based on a combination of the income and cost approaches, causing the Company to recognize a goodwill impairment loss of \$72.1 million. As of December 31, 2023, the Company had no remaining goodwill

recorded related to the acquisition of BetBull Limited ("BetBull"), a subsidiary of Wynn Interactive. The Company also recognized impairment of other finite-lived intangible assets related to Wynn Interactive's closed operations totaling \$22.4 million during the year ended December 31, 2023.

During the year ended December 31, 2022, as a result of changes in forecasts and other industry-specific factors and management's decision to cease the operations of Betbull Limited ("BetBull"), a subsidiary of Wynn Interactive, the Company recognized impairment of goodwill and other finite-lived intangible assets of \$37.8 million and \$10.3 million, respectively.

Litigation and Contingency Estimates

We are subject to various claims, legal actions and other contingencies, and we accrue for these matters when they are both probable and estimable. For matters that arose on or prior to the balance sheet date, we estimate any accruals based on the relevant facts and circumstances available through the date of issuance of the financial statements. We include the accruals associated with any contingent matters in other accrued liabilities on the Consolidated Balance Sheets.

Income Taxes

We are subject to income taxes in the United States and other foreign jurisdictions where we operate. Accounting standards require the recognition of deferred tax assets, net of applicable reserves, and liabilities for the estimated future tax consequences attributable to differences between financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates on the income tax provision and deferred tax assets and liabilities generally is recognized in the results of operations in the period that includes the enactment date. Accounting standards require recognition of a future tax benefit to the extent that realization of such benefit is more likely than not. Otherwise, a valuation allowance is applied.

As of December 31, 2023, we had deferred tax assets of \$2.20 billion, including a foreign tax credit ("FTC") carryforward of \$1.20 billion and deferred tax assets related to interest expense carryforwards of \$156.2 million and net operating loss carryforwards of \$239.6 million. In assessing the need for a valuation allowance, the Company considers whether it is more likely than not that the deferred tax assets will be realized. In this assessment, appropriate consideration was given to all positive and negative evidence including recent operating profitability, forecasts of future earnings, ability to carryback, the reversal of net taxable temporary differences, the duration of statutory carryforward periods, and tax planning strategies.

In 2023, we considered both the achievement of sustained profitability and cumulative income as well as forecasted income and tax planning strategies to be significant forms of positive evidence. We determined that the positive evidence outweighed the negative evidence and supported a release of a portion of the valuation allowance. Therefore, we recorded a \$1.10 billion net decrease to valuation allowances, including a \$971.7 million decrease to the valuation allowance on FTC carryforwards. Of the \$971.7 million decrease, \$97.5 million relates to current year utilization and \$572.6 million relates to expirations of FTCs in 2023. The remaining \$301.6 million represents FTCs more likely than not to be realized based on future taxable income and tax planning strategies. We also recorded a \$158.0 million decrease in valuation allowance on disallowed interest expense carryforward. The need for valuation allowances against deferred tax assets will be reassessed on a continuous basis in future periods and, as a result, the allowance may increase or decrease based on changes in facts and circumstances.

As of December 31, 2022, we relied solely on the reversal of net taxable temporary differences in assessing the need for a valuation allowance.

Our income tax returns are subject to examination by the IRS and other tax authorities in the locations where we operate. We assess potentially unfavorable outcomes of such examinations based on accounting standards for uncertain income taxes. The accounting standards prescribe a minimum recognition threshold that a tax position is required to meet before being recognized in the financial statements.

Uncertain tax position accounting standards apply to all tax positions related to income taxes. These accounting standards utilize a two-step approach for evaluating tax positions. The tax benefit is measured as the largest amount of benefit that is more likely than not to be realized upon settlement.

As applicable, we recognize accrued penalties and interest related to unrecognized tax benefits in the provision for income taxes.

Recommendations made by the Organization for Economic Cooperation and Development's Base Erosion and Profit Shifting 2.0 ("BEPS 2.0") project have the potential to lead to changes in the tax laws in numerous countries, including the implementation of a global minimum tax. Several countries around the world have enacted or proposed changes to their

existing tax laws based on these recommendations. We are monitoring the potential changes in tax laws resulting from the Organization for Economic Cooperation and Development's multi-jurisdictional plan of action to address base erosion and profit shifting, which could impact our effective tax rate.

Item 7A. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices.

Interest Rate Risks

One of our primary exposures to market risk is interest rate risk associated with our debt facilities that bear interest based on floating rates. We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable rate borrowings, supplemented by hedging activities as believed by us to be appropriate. We cannot assure you that these risk management strategies will have the desired effect, and interest rate fluctuations could have a negative impact on our results of operations and cash flows.

The following table provides estimated future cash flow information derived from our best estimates of repayments as of December 31, 2023, of our expected long-term indebtedness and related weighted average interest rates by expected maturity dates. However, we cannot predict the SOFR or HIBOR rates that will be in effect in the future. Actual rates will vary. The one-month SOFR and HIBOR rates as of December 31, 2023 of 5.38% and 5.22%, respectively, were used for all variable rate calculations in the table below.

The information is presented in U.S. dollar equivalents as applicable.

pay the counterparty if one-month SOFR falls below the established floor rate of 1.00%, and the counterparty will pay the Company if one-month SOFR exceeds the ceiling rate of 3.67%.

Foreign Currency Risks

The currency delineated in Wynn Macau SA's Gaming Concession Contract with the government of Macau is the Macau pataca (see Item 1 - "Business - Regulation and Licensing - Macau" for further discussion). The Macau pataca, which is not a freely convertible currency, is linked to the Hong Kong dollar, and in many cases the two are used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in Chinese governmental policies and international economic and political developments.

If the Hong Kong dollar and the Macau pataca are not linked to the U.S. dollar in the future, severe fluctuations in the exchange rate for these currencies may result. We also cannot assure you that the current rate of exchange fixed by the applicable monetary authorities for these currencies will remain at the same level.

We expect most of the revenues and expenses for any casino that we operate in Macau will be denominated in Hong Kong dollars or Macau patacas; however, a significant portion of our Wynn Macau, Limited and Wynn Macau SA debt is denominated in U.S. dollars. Fluctuations in the exchange rates resulting in weakening of the Macau pataca or the Hong Kong dollar in relation to the U.S. dollar could have materially adverse effects on our results, financial condition, and ability to service debt. Based on our balances as of December 31, 2023, an assumed 1% change in the U.S. dollar/Hong Kong dollar exchange rate would cause a foreign currency transaction gain/loss of \$45.6 million.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Wynn Resorts, Limited and subsidiaries

Opinion on Internal Control Over Financial Reporting

We have audited Wynn Resorts, Limited and subsidiaries' internal control over financial reporting as of December 31, 2023, based on criteria established in Internal Control—Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework) (the COSO criteria). In our opinion, Wynn Resorts, Limited and subsidiaries (the Company) maintained, in all material respects, effective internal control over financial reporting as of December 31, 2023, based on the COSO criteria.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of the Company as of December 31, 2023 and 2022, the related consolidated statements of operations, comprehensive income (loss), stockholders' deficit and cash flows for each of the three years in the period ended December 31, 2023, and the related notes and financial statement schedule listed in the Index at Item 15(a)2 and our report dated February 23, 2024 expressed an unqualified opinion thereon.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting included in the accompanying Management's Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects.

Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders of Wynn Resorts, Limited and subsidiaries

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Wynn Resorts, Limited and subsidiaries (the Company) as of December 31, 2023 and 2022, the related consolidated statements of operations, comprehensive income (loss), stockholders' deficit and cash flows for each of the three years in the period ended December 31, 2023, and the related notes and financial statement schedule listed in the Index at Item 15(a)2 (collectively referred to as the "consolidated financial statements"). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company at December 31, 2023 and 2022, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2023, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2023, based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 framework), and our report dated February 23, 2024 expressed an unqualified opinion thereon.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective or complex judgments. The communication of the critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Valuation of Deferred Tax Assets	
<i>Description of the Matter</i>	<p>As more fully described in Note 14 to the consolidated financial statements, at December 31, 2023, the Company had deferred tax assets related to foreign tax credit carryforwards, disallowed interest expense carryforwards and other U.S. and foreign deferred tax assets of \$2.2 billion reduced by a \$1.3 billion valuation allowance. Deferred tax assets are reduced by a valuation allowance if, based on the weight of all available evidence, in management's judgment it is more likely than not that some portion, or all, of the deferred tax assets will not be realized. During the year ended December 31, 2023, the Company released \$1.1 billion of its previously recorded valuation allowance. The Company considered the achievement of sustained profitability and cumulative income in the U.S., as well as forecasted income and tax planning strategies to be significant forms of positive evidence. The Company determined that the positive evidence outweighed the negative evidence and supported a release of a portion of the valuation allowance.</p> <p>Auditing management's assessment of the realizability of the Company's deferred tax assets involved complex judgments due to the significant estimation required in measuring the future utilization of deferred tax assets. These deferred tax assets are affected by assumptions, including forecasted domestic and foreign-sourced income and related inter-company royalties, the amount of interest expense and other expenses allocated to foreign sourced income and the execution of tax planning strategies. Fluctuations in actual results from those forecasted can have a material impact on the recoverability of these deferred tax assets.</p>
<i>How We Addressed the Matter in Our Audit</i>	<p>We obtained an understanding, evaluated the design and tested the operating effectiveness of controls over management's process for evaluating the realization of the Company's deferred tax assets, including controls over management's review of its forecasted income and significant assumptions described above and identification and use of available tax planning strategies.</p> <p>To test the valuation of deferred tax assets, we performed audit procedures that included, among others, assessing methodologies and testing the significant assumptions discussed above and the underlying data used by the Company in its analysis. We compared the significant assumptions used by management to the Company's business plans and current industry and economic trends and evaluated whether changes to the Company's business plans, economic trends and other factors would affect the significant assumptions. We assessed the historical accuracy of management's estimates and performed sensitivity analyses of significant assumptions to evaluate the changes in the valuation allowance that would result from changes in the assumptions. We involved our tax professionals to evaluate the application of tax law in the Company's available tax planning strategies, the scheduling of the reversal of existing taxable temporary differences and carryforward amounts, and the evaluation of the utilization of the deferred tax assets.</p>

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Note 1 - Organization and Business

Organization

Wynn Resorts, Limited, a Nevada corporation (together with its subsidiaries, "Wynn Resorts" or the "Company") is a designer, developer, and operator of integrated resorts featuring luxury hotel rooms, high-end retail space, an array of dining and entertainment options, meeting and convention facilities, and gaming.

In the Macau Special Administrative Region of the People's Republic of China ("Macau"), the Company owns approximately 72% of Wynn Macau, Limited ("WML"), which includes the operations of the Wynn Palace and Wynn Macau resorts. The Company refers to Wynn Palace and Wynn Macau as its Macau Operations. In Las Vegas, Nevada, the Company operates and, with the exception of certain retail space, owns 100% of Wynn Las Vegas. Additionally, the Company is a 50.1% owner and managing member of a joint venture that owns and leases certain retail space at Wynn Las Vegas (the "Retail Joint Venture"). The Company refers to Wynn Las Vegas, Encore, an expansion at Wynn Las Vegas, and the Retail Joint Venture as its Las Vegas Operations. In Everett, Massachusetts, the Company operates Encore Boston Harbor, an integrated resort. The Company also holds an approximately 97% interest in, and consolidates, Wynn Interactive Ltd. ("Wynn Interactive"), through which it operates online sports betting, gaming, and social casino businesses. Additionally, the Company has a 40% equity interest in Island 3 AMI FZ-LLC, an unconsolidated affiliate, which is currently constructing an integrated resort property ("Wynn Al Marjan Island") in Ras Al Khaimah, United Arab Emirates, currently expected to open in 2027.

Macau Operations

Wynn Palace features a luxury hotel tower with 1,706 guest rooms, suites and villas, approximately 468,000 square feet of casino space, 14 food and beverage outlets, approximately 37,000 square feet of meeting and convention space, approximately 107,000 square feet of retail space, public attractions including a performance lake, an immersive entertainment center, Western and Asian art displays, and a gondola ride offering convenient street-level access.

Wynn Macau features two luxury hotel towers with a total of 1,010 guest rooms and suites, approximately 294,000 square feet of casino space, 14 food and beverage outlets, approximately 31,000 square feet of meeting and convention space, approximately 64,300 square feet of retail space, a performance lake, a rotunda show and recreation and leisure facilities.

On December 16, 2022, Wynn Resorts (Macau), S.A. ("Wynn Macau SA"), an indirect subsidiary of the Company, entered into a definitive gaming concession contract (the "Gaming Concession Contract") with the Macau government, pursuant to which Wynn Macau SA was granted a 10-year gaming concession commencing on January 1, 2023 and expiring on December 31, 2032, to operate games of chance at Wynn Palace and Wynn Macau.

Las Vegas Operations

Wynn Las Vegas features two luxury hotel towers with a total of 4,748 guest rooms, suites and villas, approximately 194,000 square feet of casino space, 34 food and beverage outlets, approximately 513,000 square feet of meeting and convention space, approximately 177,000 square feet of retail space (the majority of which is owned and operated under a joint venture of which the Company owns 50.1%), as well as two theaters, two nightclubs and a beach club and recreation and leisure facilities.

Encore Boston Harbor

Encore Boston Harbor, an integrated resort in Everett, Massachusetts, adjacent to Boston along the Mystic River, features a luxury hotel tower with a total of 671 guest rooms and suites, approximately 210,000 square feet of casino space, 14 food and beverage outlets, one nightclub, approximately 71,000 square feet of meeting and convention space, and approximately 8,186 square feet of retail space. Public attractions include a waterfront park, floral displays, and water shuttle service to downtown Boston.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

On December 1, 2022, the Company closed on a sale-leaseback arrangement with respect to certain real estate assets related to Encore Boston Harbor (the "EBH Transaction"). Upon closing of the EBH Transaction, the Company received cash proceeds of approximately \$1.70 billion in exchange for the sale of such real estate assets, and concurrently entered into a lease agreement for the purpose of continuing to operate the Encore Boston Harbor integrated resort. For more information on the EBH Transaction, see Note 5, "Property and Equipment, net" and Note 16, "Leases."

Wynn Interactive

In August 2023, the Company announced its decision to close WynnBET, Wynn Interactive's digital sports betting and casino gaming business, in jurisdictions other than New York, Massachusetts, and Michigan, and in January 2024 the Company announced its decision to close WynnBET in Massachusetts. In February 2024, the Company entered into an asset purchase agreement providing for the transfer and assignment of Wynn's market access rights and related obligations in Michigan to Caesars Entertainment, Inc., and separately, signed an equity purchase agreement for the sale of WSI US, LLC, Wynn Interactive's domestic operating subsidiary, which includes the Company's gaming license in New York, to Penn Entertainment, Inc.; in each case, subject to certain customary closing conditions.

Note 2 - Basis of Presentation and Significant Accounting Policies

Basis of Presentation and Principles of Consolidation

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP") and include the accounts of the Company, its majority-owned subsidiaries, and entities the Company identifies as variable interest entities ("VIEs") of which the Company is determined to be the primary beneficiary. For information on the Company's VIEs, see Note 19, "Retail Joint Venture." If the entity does not qualify for consolidation and the Company has significant influence over the operating and financial decisions of the entity, the Company accounts for the entity under the equity method. For more information on the Company's equity method investments, see *Investments in Unconsolidated Affiliate* within Note 2, "Basis of Presentation and Significant Accounting Policies." All significant intercompany accounts and transactions have been eliminated. Certain amounts in the consolidated financial statements for the years ended December 31, 2022 and 2021 have been reclassified to be consistent with the current period presentation. These reclassifications had no effect on the previously reported net loss or operating loss.

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Significant estimates and assumptions reflected in the financial statements relate to and include, but are not limited to, inputs into the Company's estimated allowance for deferred tax assets and credit losses, estimates regarding the useful lives and recoverability of long-lived and intangible assets, valuations of derivatives, and litigation and contingency estimates.

Cash, Cash Equivalents and Restricted Cash

Cash and cash equivalents consist of cash and highly liquid investments with original maturities of three months or less and include both U.S. dollar-denominated and foreign currency-denominated securities. Cash equivalents are carried at cost, which approximates fair value. Restricted cash consists of cash collateral associated with obligations, cash held in a trust in accordance with WML's share award plan, and an amount held in the form of a first demand bank guarantee in favor of the Macau government to support Wynn Macau SA's legal and contractual obligations under the Gaming Concession Contract.

Investments

The Company's investments include financial assets in the form of interest-bearing fixed deposits, which are recorded at fair value (see Note 10, "Fair Value Measurements"), and debt securities in the form of United States treasury bills. Investments in debt securities which the Company has the positive intent and ability to hold to maturity are classified as held-to-maturity and are carried at amortized cost. Debt securities held primarily for the purpose of selling in the near term are classified as trading

securities and are reported at fair value, with unrealized gains and losses included in income. Debt securities not classified as held-to-maturity or trading are classified as available-for-sale and are reported at fair value with unrealized gains

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

and losses as a separate component of other comprehensive income. Premiums and discounts on debt securities are amortized or accreted into interest income using the effective interest method. All of the Company's debt securities are classified as held-to-maturity.

As of December 31, 2023, the Company held \$550.0 million in fixed deposits, recorded at fair value, and \$295.2 million in debt securities, recorded at amortized cost within Investments on the Consolidated Balance Sheets. The estimated fair value of the Company's debt securities as of December 31, 2023 was approximately \$294.8 million and the gross unrecognized holding loss was \$0.4 million. As of December 31, 2023, the Company had \$8.7 million in accrued interest on its debt securities, recorded in Investments on the Consolidated Balance Sheets.

As of December 31, 2022, the Company had no investments in fixed deposits or debt securities recorded within Investments on the Consolidated Balance Sheets.

As of the balance sheet date, the Company evaluates whether the unrealized losses are attributable to credit losses or other factors. The Company considers the severity of the decline in value, creditworthiness of the issuer and other relevant factors and records an allowance for credit losses, limited to the excess of amortized cost over fair value, with a corresponding charge to earnings. The allowance may be subsequently increased or decreased based on the prevailing facts and circumstances. During the year ended December 31, 2023, the Company recorded no allowance for credit losses related to its investments.

Accounts Receivable and Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of casino accounts receivable. The Company issues credit in the form of "markers" to approved casino customers following investigations of creditworthiness.

Accounts receivable, including casino and hotel receivables, are typically non-interest bearing and are recorded at amortized cost. Casino receivables primarily consist of credit issued to patrons in the form of markers. The Company issues credit based on factors such as level of play and financial resources, following background and credit checks. The casino credit extended by the Company is generally unsecured and due on demand.

An estimated allowance for credit losses is maintained to reduce the Company's receivables to their carrying amount, which reflects the net amount the Company expects to collect. The allowance estimate reflects specific review of customer accounts taking into consideration the amount owed, the age of the account, the customer's financial condition, management's experience with historical and current collection trends, current economic and business conditions, and management's expectations of future economic and business conditions and forecasts. Accounts are written off when management deems them to be uncollectible. Recoveries of accounts previously written off are recorded when received.

Inventories

Inventories consist of retail merchandise and food and beverage items, which are stated at the lower of cost or net realizable value, and certain operating supplies. Cost is determined by the first-in, first-out, weighted average and specific identification methods.

Property and Equipment

Purchases of property and equipment are stated at cost, and when placed into service, are depreciated over the estimated useful lives of the assets using the straight-line method as follows:

			Estimated Useful Life in Years		
Buildings and improvements			10 - 45		
Land improvements			10 - 45		
Furniture, fixtures and equipment			3 - 20		
Leasehold interest in land			25		
Airplanes			20		

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

Costs related to improvements are capitalized, while costs of repairs and maintenance are charged to expense as incurred. The cost and accumulated depreciation of property and equipment retired or otherwise disposed of are eliminated from the respective accounts and any resulting gain or loss is included in property charges and other in the accompanying Consolidated Statements of Operations.

Capitalized Interest

The interest cost associated with major development and construction projects, and interest cost associated with equity method investments incurred during the investee's initial development period, is capitalized and included in the cost of the project or investment in unconsolidated affiliate balance. Interest capitalization ceases once a project is substantially complete or no longer undergoing construction activities to prepare it for its intended use. When no debt is specifically identified as being incurred in connection with a construction project, the Company capitalizes interest on amounts expended on the project using the weighted average cost of the Company's outstanding borrowings. Interest of \$5.8 million was capitalized for the year ended December 31, 2023. No interest was capitalized for the years ended December 31, 2022 and 2021.

Goodwill

Goodwill represents the excess of the purchase price in a business combination over the fair value of the tangible and intangible assets acquired and the liabilities assumed. Goodwill is not amortized, but rather is subject to an annual impairment test.

The Company tests goodwill for impairment annually, or more frequently if events or changes in circumstances indicate that this asset may be impaired. The Company's test of goodwill impairment starts with a qualitative assessment to determine whether it is necessary to perform a quantitative goodwill impairment test. If qualitative factors indicate that the fair value of the reporting unit is more likely than not less than its carrying amount, then a quantitative goodwill impairment test is performed. For the quantitative analysis, the Company compares the fair value of its reporting unit to its carrying value. If the estimated fair value exceeds its carrying amount, goodwill is considered not to be impaired and no additional steps are necessary. However, if the fair value of the reporting unit is less than its carrying amount, goodwill impairment is recorded equal to the difference between the carrying amount of the reporting unit and its fair value, not to exceed the carrying amount of goodwill.

Intangible Assets other than Goodwill

The Company's intangible assets other than goodwill consist primarily of finite-lived intangible assets, including its Macau gaming concession and Massachusetts gaming license. Finite-lived intangible assets are amortized over the shorter of their contractual terms or estimated useful lives. The Company's indefinite-lived intangible assets are not amortized, but are reviewed for impairment annually.

Long-Lived Assets

Long-lived assets, which are to be held and used, including finite-lived intangible assets and property and equipment, are periodically reviewed by management for impairment whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. If an indicator of impairment exists, the Company compares the estimated future cash flows of the asset, on an undiscounted basis, to the carrying value of the asset. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then impairment is measured as the difference between fair value and carrying value, with fair value typically based on a discounted cash flow model. If an asset is still under development, future cash flows include remaining construction costs.

Leases

Lessee Arrangements

The Company is the lessee under non-cancelable real estate and equipment leases. The Company determines if an arrangement is or contains a lease at inception or modification of the arrangement. An arrangement is or contains a lease if there are identified assets and the right to control the use of an identified asset is conveyed for a period of time in exchange for consideration. Control over the use of the identified asset means the lessee has both the right to obtain substantially all of the economic benefits from the use of the asset and the right to direct the use of the asset.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

Finance and operating lease assets and liabilities are measured and recorded upon lease commencement at the present value of the future minimum lease payments. The Company combines lease and nonlease components in its determination of minimum lease payments, except for certain asset classes that have significant nonlease components. As the interest rate implicit in its leases is not readily determinable, the Company uses its incremental borrowing rate as the discount rate to determine the present value of lease payments. Lease terms include options to extend the lease when it is reasonably certain that such option will be exercised. The Company's triple-net operating lease related to Encore Boston Harbor contains a renewal period at the Company's option, which is not considered to be reasonably certain of being exercised. Many of the Company's leases include fixed rental escalation clauses that are factored into the determination of lease payments. A lessee is required to classify a lease as a finance lease if, among other factors, 1) the term is for the major part of the remaining economic life of the underlying asset or 2) the present value of the sum of the lease payments equals or exceeds substantially all of the fair value of the underlying asset. For operating leases, lease expense for minimum lease payments is recognized on a straight-line basis over the expected lease term. For finance leases, the Company records depreciation of the lease asset on a straight-line basis over the shorter of the lease term or useful life of the lease asset, and the lease liability accretes interest using the discount rate determined at lease commencement. The Company does not record an asset or liability for leases with a term of less than one year. Variable lease costs generally arise from changes in an index, such as the consumer price index. Variable lease costs are expensed as incurred and are not included in the determination of lease assets or liabilities.

For sale-leaseback arrangements, such as the EBH Transaction, the Company is required to determine whether the transaction qualifies as a sale, which includes assessing whether a contract exists and if so, whether control has passed to the counterparty in the contract. Control indicators include, but are not limited to, whether the entity has a present right to payment for the asset, whether the customer has legal title to the asset, whether the entity has transferred physical possession of the asset, whether the customer has significant risks and rewards of ownership of the asset, and whether the customer has accepted the asset. If it is determined that a sale has occurred, the Company recognizes an operating or finance lease based on the factors outline in the preceding paragraph. A finance lease would preclude sale accounting.

Lessor Arrangements

The Company is the lessor under non-cancelable operating leases for retail and food and beverage outlet space at its integrated resorts, which represents approximately 102,000, 63,000, 187,000, and 39,000 square feet of space at Wynn Palace, Wynn Macau, Wynn Las Vegas, and Encore Boston Harbor, respectively. The lease arrangements generally include minimum base rent and contingent rental clauses based on a percentage of net sales. Generally, the terms of the leases range between five and 10 years. The Company records revenue on a straight-line basis over the term of the lease, and recognizes revenue for contingent rentals when the contingency has been resolved. The Company has elected to combine lease and nonlease components for the purpose of measuring lease revenue.

Investments in Unconsolidated Affiliate

The Company accounts for its investment in Island 3 AMI FZ-LLC, an unconsolidated affiliate which is currently constructing Wynn Al Marjan Island, using the equity method. Under the equity method, the investment's carrying value is adjusted for the Company's share of the investee's earnings and losses, capital contributions to and distributions from this company, and capitalization of interest cost incurred by the Company during the investee's initial development period. As of December 31, 2023 and 2022, the Company had investments in unconsolidated affiliate of \$90.9 million and \$39.9 million, respectively, recorded in noncurrent other assets in the accompanying Consolidated Balance Sheets.

The Company classifies operating income and losses as well as gains and impairments related to its investment in unconsolidated affiliate as a component of Operating income (loss) within the Company's accompanying Consolidated Statements of Operations, and classifies non-operating income or losses related to its investments in unconsolidated affiliates as a component of Other income (expense) within the Company's accompanying Consolidated Statements of Operations, as the Company's investments in unconsolidated affiliate are an extension of the Company's core business operations. The Company recognized a loss on investments in unconsolidated affiliate of \$2.4 million and \$0.3 million during the years ended December 31, 2023 and 2022, respectively, recorded in Pre-opening within the Company's accompanying Consolidated Statements of Operations.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

Debt Issuance Costs

Direct and incremental costs and original issue discounts and premiums incurred in connection with the issuance of long-term debt are deferred and amortized to interest expense using the effective interest method or, if the amounts approximate the effective interest method, on a straight-line basis. Debt issuance costs incurred in connection with the issuance of the Company's revolving credit facilities are presented in noncurrent other assets on the Consolidated Balance Sheets. All other debt issuance costs are presented as a direct reduction of long-term debt on the Consolidated Balance Sheets. Approximately \$39.5 million, \$29.4 million, and \$27.0 million was amortized to interest expense during the years ended December 31, 2023, 2022, and 2021, respectively.

Derivative Financial Instruments

The Company has an interest rate collar to manage interest rate exposure on its Retail Term Loan (as defined in Note 7, "Long-Term Debt"). The Company measures the fair value of the interest rate collar at each balance sheet date based on a Black-Scholes option pricing model, which incorporates observable market inputs such as market volatility and interest rates. The fair value of the interest rate collar is recognized as an asset or liability at each balance sheet date, with changes in fair value recorded in earnings as the Company's interest rate collar does not qualify for hedge accounting. The fair value approximates the amount the Company would pay if the interest rate collar was settled at the respective valuation date.

See Note 8, "WML Convertible Bond Conversion Option Derivative" for accounting policy disclosures relating to the WML Convertible Bond Conversion Option Derivative (as defined therein).

Revenue Recognition

The Company's revenue from contracts with customers primarily consists of casino wagers and sales of rooms, food and beverage, entertainment, retail and other goods and services.

Gross casino revenues are measured by the aggregate net difference between gaming wins and losses. The Company applies a practical expedient by accounting for its casino wagering transactions on a portfolio basis versus an individual basis as all wagers have similar characteristics. Commissions rebated to customers either directly or indirectly through games promoters and cash discounts and other cash incentives earned by customers are recorded as a reduction of casino revenues. In addition to the wager, casino transactions typically include performance obligations related to complimentary goods or services provided to incentivize future gaming or in exchange for points earned under the Company's loyalty programs.

For casino transactions that include complimentary goods or services provided by the Company to incentivize future gaming, the Company allocates the standalone selling price of each good or service to the appropriate revenue type based on the good or service provided. Complimentary goods or services that are provided under the Company's control and discretion and supplied by third parties are recorded as an operating expense.

The Company offers loyalty programs at each of its resorts. Customers earn points based on their level of table games and slots play, which can be redeemed for slots free play, gifts and complimentary goods or services provided by the Company. For casino transactions that include points earned under the Company's loyalty programs, the Company defers a portion of the revenue by recording the estimated standalone selling price of the earned points that are expected to be redeemed as a liability.

Upon redemption of the points for Company-owned goods or services, the standalone selling price of each good or service is allocated to the appropriate revenue type based on the good or service provided. Upon the redemption of points with third parties, the redemption amount is deducted from the liability and paid directly to the third party with any difference between the amount paid and the stand-alone selling price recorded as Entertainment, retail and other revenue in the accompanying Consolidated Statements of Operations.

After allocating amounts to the complimentary goods or services provided and to the points earned under the Company's loyalty programs, the residual amount is recorded as casino revenue when the wager is settled.

The transaction price for rooms, food and beverage, entertainment, retail and other transactions is the net amount collected from the customer for such goods and services and is recorded as revenue when the goods are provided, services are performed or events are held. Sales tax and other applicable taxes collected by the Company are excluded from revenues. Advance deposits on rooms and advance ticket sales are performance obligations that are recorded as customer deposits until services are provided to the customer. Revenues from contracts with multiple goods or services are allocated to each good or service based

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

on its relative standalone selling price. As previously noted, Entertainment, retail and other revenue also includes lease revenue, which is recognized in accordance with the relevant accounting principles.

Gaming Taxes

The Company is subject to taxes based on gross gaming revenues in the jurisdictions in which it operates, subject to applicable jurisdictional adjustments. These gaming taxes are recorded as casino expenses in the accompanying Consolidated Statements of Operations. These taxes totaled \$1.57 billion, \$526.3 million, and \$830.4 million for the years ended December 31, 2023, 2022, and 2021, respectively.

Advertising Costs

The cost of advertising is expensed as incurred, and totaled \$112.6 million, \$148.6 million, and \$250.6 million for the years ended December 31, 2023, 2022, and 2021, respectively.

Pre-opening Expenses

Pre-opening expenses represent personnel, advertising, and other costs incurred prior to the opening of new ventures and are expensed as incurred. During the year ended December 31, 2023, the Company incurred pre-opening expenses primarily in connection with the launch of sports betting operations in Massachusetts. During the year ended December 31, 2022, the Company incurred pre-opening expenses primarily in connection with reconfiguring the theater space at Wynn Las Vegas to host an exclusive theatrical production, *Awakening*. During the year ended December 31, 2021, the Company incurred pre-opening expenses primarily in connection with restaurant remodels at our Las Vegas Operations.

Income Taxes

The Company is subject to income taxes in the U.S. and foreign jurisdictions where it operates. Accounting standards require the recognition of deferred tax assets, net of applicable reserves, and liabilities for the estimated future tax consequences attributable to differences between financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates on the income tax provision and deferred tax assets and liabilities generally is recognized in the results of operations in the period that includes the enactment date. Accounting standards also require recognition of a future tax benefit to the extent that realization of such benefit is more likely than not; otherwise, a valuation allowance is applied.

The Company's income tax returns are subject to examination by the Internal Revenue Service ("IRS") and other tax authorities in the locations where it operates. The Company assesses potentially unfavorable outcomes of such examinations based on accounting standards for uncertain income taxes. The accounting standards prescribe a minimum recognition threshold a tax position is required to meet before being recognized in the financial statements.

Uncertain tax position accounting standards apply to all tax positions related to income taxes. These accounting standards utilize a two-step approach for evaluating tax positions. If a tax position, based on its technical merits, is deemed more likely than not to be sustained, then the tax benefit is measured as the largest amount of benefit that is more likely than not to be realized upon settlement.

As applicable, the Company will recognize accrued penalties and interest related to unrecognized tax benefits in the provision for income taxes.

Foreign Currency

Gains or losses from foreign currency remeasurements are included in Other income (expense) in the accompanying Consolidated Statements of Operations. Balance sheet accounts are translated at the exchange rate in effect at each balance sheet date and income statement accounts are translated at the average rate of exchange prevailing during the year. Translation adjustments resulting from this process are charged or credited to other comprehensive loss.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

Comprehensive Income (Loss) and Accumulated Other Comprehensive Income (Loss)

Comprehensive income (loss) includes net income (loss) and all other non-stockholder changes in equity or other comprehensive income (loss). Components of the Company's comprehensive income (loss) are reported in the accompanying Consolidated Statements of Stockholders' Deficit and Consolidated Statements of Comprehensive Income (Loss).

Fair Value Measurements

The Company measures certain of its financial assets and liabilities, at fair value on a recurring basis pursuant to accounting standards for fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used to measure fair value. These tiers include:

- **Level 1** - Observable inputs such as quoted prices in active markets.
- **Level 2** - Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- **Level 3** - Unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Stock-Based Compensation

The Company accounts for stock-based compensation in accordance with accounting standards, which require the compensation cost relating to share-based payment transactions be recognized in the Company's Consolidated Statements of Operations. The cost is measured at the grant date, based on the estimated fair value of the award using the Black-Scholes option pricing model for stock options, based on the estimated fair value of the award using the Monte Carlo simulation approach for performance share units, and based on the closing share price of the Company's stock on the grant date for nonvested share awards. Dividend yield is based on the estimate of annual dividends expected to be paid at the time of the grant. Expected volatility is based on implied and historical factors related to the Company's common stock. The risk-free interest rate used for each period presented is based on the U.S. Treasury yield curve for stock options issued under the Wynn Resorts Omnibus Plan and Wynn Interactive Omnibus Plan (as defined and discussed in Note 13, "Stock-Based Compensation") and the Hong Kong Exchange Fund rates for stock options issued under the Share Option Plan (as defined in Note 13, "Stock-Based Compensation"), both at the time of grant for the period equal to the expected term. Expected term represents the weighted average time between the option's grant date and its exercise date. The Company uses historical award exercise activity and termination activity in estimating the expected term for the Omnibus Plan and Share Option Plan. The cost is recognized as an expense on a straight-line basis over the employee's requisite service period (the vesting period of the award), and forfeitures are recognized as they occur. The Company's stock-based employee compensation arrangements are more fully discussed in Note 13, "Stock-Based Compensation."

Recently Issued Accounting Standards

The Company's management has evaluated all of the recently issued, but not yet effective, accounting standards that have been issued or proposed by the Financial Accounting Standards Board ("FASB") or other standards-setting bodies through the filing date of these financial statements and does not believe the future adoption of any such pronouncements will have a material effect on the Company's financial position, results of operations and cash flows.

Encore Boston Harbor Real Estate Sale

Upon closing of the EBH Transaction in December 2022, the Company received cash proceeds of approximately \$1.70 billion in exchange for the sale of certain real estate assets associated with Encore Boston Harbor. In connection with the sale, the Company recognized a gain of \$182.0 million in the fourth quarter of 2022.

Macau Operations Property Transfer Agreements

In December 2022, in accordance with the requirements of the Macau Gaming Law, Wynn Macau SA and Palo Real Estate Company Limited ("Palo"), a subsidiary of Wynn Macau SA, entered into agreements (collectively, the "Property Transfer Agreements") with the Macau government, pursuant to which Wynn Macau SA and Palo transferred the casino areas and gaming

equipment of the Company's Macau Operations to the Macau government without compensation on December 31, 2022, and the Macau government agreed to transfer such casino areas and gaming equipment back to Wynn Macau SA as of January 1, 2023, for its use in the operation of games of chance at Wynn Macau and Wynn Palace as permitted under the Gaming Concession Contract through December 31, 2032. In exchange for the use of such assets, Wynn Macau SA has agreed to pay the Macau government an annual amount of MOP53.1 million (approximately \$6.6 million) during each of the years ending December 31, 2023, 2024, and 2025, and an annual amount of MOP177.0 million (approximately \$22.0 million) during each of the remaining years of the term of the Gaming Concession Contract through December 31, 2032, subject to adjustment

in each year based on the average price index in Macau. As the Company expects to continue to operate the casino areas and gaming equipment at its Macau Operations in the same manner as under the previous concession, obtain substantially all of the economic benefits, and bear all of the risks arising from the use of these assets, and believes it will be awarded a new concession upon the expiration of the Gaming Concession Contract, the Company will continue to recognize the casino areas and gaming equipment as property and equipment over their remaining estimated useful lives. Pursuant to the Gaming Concession Contract, Wynn Macau SA will revert to the Macau government the casino areas and gaming equipment, without compensation and free of encumbrance, upon the rescission or termination of the gaming concession on December 31, 2032.

Massachusetts Finite-Lived Intangible Assets

The Massachusetts gaming license is a finite-lived intangible asset that is being amortized over the 15 year life of the license. The Company expects that amortization of the Massachusetts gaming license will be \$7.8 million each year from 2024 through 2033, and \$3.7 million in 2034.

Other finite-lived intangible assets primarily consist of market access fees and gaming license fees. Market access fees relate to fees paid to gaming operators and other strategic partners that are approved or pending regulatory approval by a state's

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

regulator to operate online casino wagering and online sports betting in certain jurisdictions. The Company amortizes market access fees over their stated contractual term, which is typically ten years. The Company expects that amortization of Other intangible assets will be \$6.0 million in 2024, \$3.7 million in 2025, \$3.0 million each year in 2026, 2027 and 2028, and \$9.3 million thereafter.

During the year ended December 31, 2023, as a result of the Company's decision to cease operating Wynn Interactive's online sports betting and iGaming platform in certain jurisdictions announced in August 2023, the Company identified interim indicators of impairment related to the goodwill assigned to the WynnBET reporting unit within the Wynn Interactive reportable segment. As a result, the Company performed an impairment test and determined that the carrying value of its goodwill exceeded the estimated fair value of that reporting unit based on a combination of the income and cost approaches, causing the Company to recognize a goodwill impairment loss of \$72.1 million. As of December 31, 2023, the Company had no remaining goodwill recorded related to the acquisition of BetBull Limited ("BetBull"), a subsidiary of Wynn Interactive. The Company also recognized impairment of other finite-lived intangible assets related to Wynn Interactive's closed operations totaling \$22.4 million during the year ended December 31, 2023.

During the year ended December 31, 2022, as a result of changes in forecasts and other industry-specific factors and management's decision to cease the operations of Betbull Limited ("BetBull"), a subsidiary of Wynn Interactive, the Company recognized impairment of goodwill and other finite-lived intangible assets of \$37.8 million and \$10.3 million, respectively. In November 2021, Wynn Resorts announced the termination of a previously announced agreement and plan of merger which contemplated the combination of Wynn Interactive and a special purpose acquisition company. The Company concluded that the termination of the agreement constituted a potential indicator of impairment, and as a result of revisiting its estimated fair value of the reporting units comprising Wynn Interactive based on a combination of the income and market approaches, recognized goodwill impairment of \$10.3 million during the year ended December 31, 2021.

Macau Gaming Concession

In December 2022, Wynn Resorts (Macau) S.A. ("Wynn Macau SA"), an indirect subsidiary of Wynn Resorts, Limited, entered into a definitive gaming concession contract (the "Gaming Concession Contract") with the Macau government, pursuant to which Wynn Macau SA was granted a 10-year gaming concession commencing on January 1, 2023 and expiring on December 31, 2032, to operate games of chance at Wynn Palace and Wynn Macau. Under the terms of the Gaming Concession Contract, Wynn Macau SA is required to pay the Macau government an annual gaming premium consisting of a fixed and a variable portion. The fixed portion of the premium is composed of an annual amount equal to MOP30.0 million (approximately \$3.7 million). The variable portion is composed of an annual amount equal to MOP300,000 (approximately \$37 thousand) per gaming table located in special gaming halls reserved exclusively to particular games or players, MOP150,000 (approximately \$19 thousand) per gaming table that is not reserved exclusively to particular games or players, and MOP1,000 (approximately \$124) per gaming machine, including slot machines, operated by Wynn Macau SA. The amount of the variable portion of the premium cannot be less than the amount that would result from the permanent operation of 500 gaming tables and 1,000 gaming machines, i.e. MOP76.0 million (approximately \$9.4 million).

In December 2022, in accordance with the requirements of the Macau Gaming Law, Wynn Macau SA and Palo entered into the Property Transfer Agreements (as defined in Note 5, "Property and Equipment, net"). Under the Property Transfer Agreements, Wynn Macau SA has agreed to make annual payments to the Macau government of MOP53.1 million (approximately \$6.6 million) during each of the years ending December 31, 2024 and 2025, and an annual payment of MOP177.0 million (approximately \$22.0 million) during each of the remaining years of the term of the Gaming Concession Contract through December 31, 2032, subject to adjustment in each year based on the average price index in Macau.

On January 1, 2023, the Company recognized an intangible asset and financial liability of MOP1.68 billion (approximately \$208.3 million), representing the right to operate games of chance at Wynn Palace and Wynn Macau and the unconditional obligation to make payments under the Gaming Concession Contract. This intangible asset comprises the contractually obligated annual payments of fixed and variable premiums, as well as fees associated with the above-described Property Transfer Agreements. The contractually obligated annual variable premium payments associated with the intangible asset was determined using the total number of gaming tables and gaming machines that Wynn Macau SA is currently approved to operate by the Macau government. In the accompanying consolidated balance sheets, the noncurrent portion of the financial liability is included in "Other long-term liabilities" and the current portion is included in "Other accrued liabilities." The intangible asset is being amortized on a

straight-line basis over the 10-year term of the Gaming Concession Contract. The Company expects that amortization of the Macau Gaming Concession will be \$20.9 million each year from 2024 to 2032.

Macau Related Debt*WM Cayman II Revolver*

On September 16, 2021, WM Cayman Holdings Limited II, an indirect wholly owned subsidiary of WML, as borrower ("WM Cayman II") and WML as guarantor, each an indirect subsidiary of Wynn Resorts, entered into a facility agreement with, among others, Bank of China Limited, Macau Branch as agent and a syndicate of lenders (the "Facility Agreement"), pursuant to which the lenders will make available in an aggregate amount of \$1.50 billion equivalent revolving unsecured credit facility consisting of a U.S. dollar tranche in an amount of \$312.5 million ("Facility A") and a Hong Kong dollar tranche ("Facility B") in an amount of HK\$9.26 billion (approximately \$1.19 billion) to WM Cayman II (the "WM Cayman II Revolver"). WM Cayman II has the ability to upsize the total WM Cayman II Revolver by an additional \$1.00 billion equivalent under the Facility Agreement and related agreements upon the satisfaction of various conditions.

Due to the global phase out of London Interbank Offered Rate ("LIBOR"), on June 27, 2023, WM Cayman II, as borrower and WML, as guarantor, entered into an Amended and Restated Facility Agreement with Bank of China Limited, Macau Branch, as agent for the syndicate of lenders (as amended and restated, the "Amended and Restated Facility Agreement"), to transition the base rate applicable to loans denominated in U.S. dollars provided under WM Cayman II Revolver from LIBOR to Term SOFR. The new Term SOFR base rate became effective July 4, 2023.

Pursuant to the Amended and Restated Facility Agreement, loans provided under Facility A bear interest at a variable rate per annum equal to: (a) Term SOFR, plus a credit adjustment spread of 0.10% (subject to a minimum floor of 0.00%), plus (b) a margin of 1.875% to 2.875% based on the consolidated leverage ratio of WM Cayman II and its subsidiaries (as calculated pursuant to the Amended and Restated Facility Agreement), and loans provided under Facility B bear interest at a variable rate per annum equal to: (i) the Hong Kong Interbank Offered Rate, plus (ii) a margin of 1.875% to 2.875% based on the consolidated leverage ratio of WM Cayman II and its subsidiaries (as calculated pursuant to the Amended and Restated Facility Agreement).

The final maturity of all outstanding loans under the WM Cayman II Revolver is September 16, 2025, by which time any outstanding borrowings from the WM Cayman II Revolver must be repaid. WML, as guarantor, may be subject to certain restrictions on payments of dividends or distributions to its shareholders, unless certain financial criteria have been satisfied through the Facility Agreement.

WML Convertible Bonds

On March 7, 2023, WML completed an offering (the "Offering") of \$600 million 4.50% convertible bonds due 2029 (the "WML Convertible Bonds"). The WML Convertible Bonds are governed by a trust deed dated March 7, 2023 (the "Trust Deed"), between WML and DB Trustees (Hong Kong) Limited, as trustee. WML, DB Trustees (Hong Kong) Limited, as trustee, and Deutsche Bank Trust Company Americas entered into an agency agreement, appointing Deutsche Bank Trust Company Americas as the principal paying agent, principal conversion agent, transfer agent and registrar in relation to the WML Convertible Bonds. The net proceeds from the Offering, after deduction of commissions and other related expenses, were \$585.9 million. WML intends to use the net proceeds for general corporate purposes.

The WML Convertible Bonds bear interest on their outstanding principal amount from and including March 7, 2023 at the rate of 4.50% per annum, payable semi-annually in arrears on March 7 and September 7 of each year. At any time on or after April 17, 2023, the WML Convertible Bonds are convertible at the option of the holder thereof into fully paid ordinary shares of WML, each with a nominal value of HK\$0.001 per share ("Ordinary Shares"), at the initial conversion price of approximately HK\$10.24 (equivalent to approximately \$1.31) per share, subject to and upon compliance with the terms and conditions of the WML Convertible Bonds (the "Terms and Conditions," and such right, the "Conversion Right"). The conversion price is at the fixed exchange rate of HK\$7.8497 per \$1.00, subject to standard adjustments for certain dilutive events as described in the Terms and Conditions. WML has the option upon conversion by a bondholder to pay an amount of cash equivalent described in the Terms and Conditions in order to satisfy such Conversion Right in whole or in part.

Holders of the WML Convertible Bonds have the option to require WML to redeem all or some only of such holder's WML Convertible Bonds (i) on March 7, 2027 at their principal amount together with interest accrued but unpaid to, but excluding, the date fixed for redemption; or (ii) on the Relevant Event Redemption Date (as defined in the Terms and Conditions) at their

principal amount together with interest accrued but unpaid to, but excluding, such date, following the occurrence of (a) when the Ordinary Shares cease to be listed or admitted to trading or are suspended from trading for a period

equal to or exceeding 10 consecutive trading days on the Stock Exchange of Hong Kong Limited, or if applicable, the alternative stock exchange, (b) when there is a Change of Control (as defined in the Terms and Conditions), or (c) when less than 25% of WML's total number of issued Ordinary Shares are held by the public (as interpreted under Rule 8.24 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited).

The WML Convertible Bonds may also be redeemed at the option of WML under certain circumstances specified in the Terms and Conditions, in whole, but not in part, at any time after March 7, 2027, but prior to March 7, 2029, upon giving notice to the bondholders in accordance with the Terms and Conditions. The WML Convertible Bonds constitute direct, unsubordinated, unconditional and, subject to the Terms and Conditions, unsecured obligations of WML and rank pari passu and without any preference or priority among themselves. The Ordinary Shares to be issued upon exercise of Conversion Right will be fully-paid and will in all respects rank pari passu with the fully-paid Ordinary Shares in issue on the relevant registration date set forth in the Terms and Conditions.

The Trust Deed contains covenants limiting WML's and all of its subsidiaries' ability to, among other things, create, permit to subsist or arise or have outstanding any mortgage, charge, pledge, lien or other encumbrance or certain security interest; consolidate or merge with or into another company; and sell, assign, transfer, convey or otherwise dispose of all or substantially all of its and its subsidiaries' properties or assets, with certain exceptions. The Trust Deed also contains customary events of default.

The Company determined that the conversion feature contained within the WML Convertible Bonds is required to be bifurcated from the debt host contract and accounted for as a free-standing derivative (the "WML Convertible Bond Conversion Option Derivative"). In accordance with applicable accounting standards, the WML Convertible Bond Conversion Option Derivative will be reported at fair value as of the end of each reporting period, with changes recognized in the statements of operations. For more information, see "Note 8 - WML Convertible Bond Conversion Option Derivative." As a result, the Company recognized a debt discount of \$123.5 million within Long-term debt, representing the estimated fair value of the holders' conversion option upon completion of the Offering. The debt discount will be amortized to interest expense over the term of the WML Convertible Bonds using the effective interest method. As of December 31, 2023, the estimated fair value of the WML Convertible Bond Conversion Option Derivative was a liability of \$73.7 million, recorded within Long-term debt within the accompanying Consolidated Balance Sheet.

WML Senior Notes

WML's 4 7/8% Senior Notes due 2024, 5 1/2% Senior Notes due 2026, 5 1/2% Senior Notes due 2027, 5 5/8% Senior Notes due 2028, and 5 1/8% Senior Notes due 2029 (collectively, the "WML Senior Notes") bear interest at each of their respective interest rates and interest is payable semi-annually. The WML Senior Notes are WML's general unsecured obligations and rank pari passu in right of payment with all of WML's existing and future senior unsecured indebtedness, will rank senior to all of WML's future subordinated indebtedness, if any; will be effectively subordinated to all of WML's future secured indebtedness to the extent of the value of the assets securing such debt; and will be structurally subordinated to all existing and future obligations of WML's subsidiaries, including the WM Cayman II Revolver. The WML Senior Notes are not registered under the Securities Act of 1933, as amended (the "Securities Act") and the WML Notes are subject to restrictions on transferability and resale.

The WML Senior Notes were issued pursuant to indentures between WML and Deutsche Bank Trust Company Americas, as trustee (the "WML Senior Notes Indentures"). The WML Senior Notes Indentures contain covenants limiting WML's (and certain of its subsidiaries') ability to, among other things: merge or consolidate with another company; transfer or sell all or substantially all of its properties or assets; and lease all or substantially all of its properties or assets. The WML Senior Notes Indentures also contain customary events of default. In the case of an event of default arising from certain events of bankruptcy or insolvency, all WML Senior Notes then outstanding will become due and payable immediately without further action or notice.

Upon the occurrence of (a) any event after which none of WML or any subsidiary of WML has the applicable gaming concessions or authorizations in Macau in substantially the same manner and scope as WML and its subsidiaries are entitled to at the date on which each of the WML Senior Notes are issued, for a period of 10 consecutive days or more, and such event has a material adverse effect on WML and its subsidiaries, taken as a whole; or (b) the termination or modification of any such concessions or authorizations which has a material adverse effect on WML and its subsidiaries, taken as a whole, each holder of the WML Senior Notes will have the right to require WML to repurchase all or any part of such holder's WML Senior Notes at a purchase price in cash equal to 100% of the principal amount thereof, plus accrued and unpaid interest. If WML undergoes a

WRF Credit Facilities

During 2019, WRF entered into a credit agreement (the "WRF Credit Agreement") providing for a first lien term loan facility in an aggregate principal amount of \$1.00 billion (the "WRF Term Loan") and a first lien revolving credit facility in an aggregate principal amount of \$850.0 million (the "WRF Revolver" and together with the WRF Term Loan, the "WRF Credit Facilities"). WRF used the net proceeds from the WRF Term Loan and the 2029 WRF Senior Notes (as defined below) to refinance the existing Wynn America credit facilities and the Wynn Resorts term loan and to pay related fees and expenses.

Subject to certain exceptions, the WRF Credit Facilities bear interest at LIBOR plus 1.75% per annum. The annual fee required to pay for unborrowed amounts under the WRF Revolver, if any, is 0.25% per annum. The Company is required to make quarterly repayments on the WRF Term Loan of \$12.5 million, with any remaining principal amount outstanding repayable in full on September 20, 2024.

The WRF Credit Agreement contains customary representations and warranties, events of default and negative and affirmative covenants, including, but not limited to, covenants that restrict our ability to pay dividends or distributions to any direct or indirect subsidiaries, to incur and/or repay indebtedness, to make certain restricted payments, and to enter into mergers and acquisitions, negative pledges, liens, transactions with affiliates, and sales of assets. In addition, WRF is subject to financial covenants, including maintaining a Consolidated First Lien Net Leverage Ratio, as defined in the WRF Credit Agreement. The Consolidated Senior Secured Net Leverage Ratio is not to exceed 3.75 to 1.00.

The WRF Credit Facilities are guaranteed by each of WRF's existing and future wholly owned domestic restricted subsidiaries (the "Guarantors"), subject to certain exceptions, and are secured by a first priority lien on substantially all of WRF's and each of the guarantors' existing and future property and assets, subject to certain exceptions, including a limitation on the amount of collateral granted by Wynn Las Vegas, LLC ("WLV") and its subsidiaries so as to not violate the indenture governing WLV's outstanding senior notes.

On April 10, 2020 and November 27, 2020, the WRF Credit Agreement was amended to, among other things, implement a financial covenant relief period (the "Financial Covenant Relief Period") through April 1, 2022 and implement a financial covenant increase period (the "Financial Covenant Increase Period") commencing on the first day after the expiration of the Financial Covenant Relief Period and ending on the first day of the fourth fiscal quarter after the expiration of the Financial Covenant Relief Period, unless earlier terminated by WRF. During the Financial Covenant Relief Period, the existing consolidated first lien net leverage ratio financial covenant was replaced with a minimum liquidity financial covenant that required WRF and its restricted subsidiaries to maintain liquidity of at least \$325.0 million at all times (with liquidity being the sum of unrestricted operating cash, as defined in the WRF Credit Agreement, and the available borrowing capacity under the WRF Revolver). WRF terminated the Financial Covenant Relief Period during the first quarter of 2022. Following the termination of the Financial Covenant Relief Period, WRF may not permit the consolidated first lien net leverage ratio as of the last day of any fiscal quarter to exceed 3.75 to 1.00.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

In May 2023, WRF and certain of its subsidiaries entered into an amendment (the "WRF Credit Facility Agreement Amendment") to its existing credit agreement among Deutsche Bank AG New York Branch, as administrative agent and collateral agent, and the other lenders party thereto.

The WRF Credit Facility Agreement Amendment amends the WRF Credit Facility Agreement to: (i) transition the benchmark rate from LIBOR to Term SOFR and to make conforming changes, (ii) reduce the aggregate principal amount of revolving commitments under the revolving credit facility by \$100.0 million, from \$850.0 million to \$750.0 million, (iii) extend the stated maturity date for lenders electing to extend their revolving commitments in an amount equal to approximately \$681.3 million from September 20, 2024 to September 20, 2027, and (iv) extend the stated maturity date for lenders electing to extend their term loan commitments in an amount equal to approximately \$749.4 million from September 20, 2024 to September 20, 2027. Lenders who elected not to extend their revolving commitments in an amount equal to approximately \$68.7 million will remain subject to a stated maturity date of September 20, 2024, and lenders who elected not to extend their term loan commitments in an amount equal to approximately \$75.6 million will remain subject to a stated maturity date of September 20, 2024. In connection with the WRF Credit Facility Agreement Amendment, the Company recognized a loss on debt financing transactions of \$1.2 million within the accompanying Consolidated Statements of Operations, and the Company recorded debt issuance costs of \$5.1 million, within the Consolidated Balance Sheet.

WRF Senior Notes

During 2020 and 2019, WRF and its subsidiary Wynn Resorts Capital Corp. (collectively with WRF, the "WRF Issuers"), each an indirect wholly owned subsidiary of the Company, issued \$600.0 million aggregate principal amount of 7 3/4% Senior Notes due 2025 (the "2025 WRF Senior Notes") and \$750.0 million aggregate principal amount of 5 1/8% Senior Notes due 2029 (the "2029 WRF Senior Notes").

In February 2023, the WRF Issuers issued \$600.0 million aggregate principal amount of 7 1/8% Senior Notes due 2031 (the "2031 WRF Senior Notes") pursuant to an indenture among the WRF Issuers, the guarantors party thereto, and the Trustee, in a private offering. The 2031 WRF Senior Notes were issued at par, for proceeds of \$596.2 million, net of \$3.8 million of related fees and expenses. Also on February 16, 2023, the WRF Issuers completed a cash tender offer for any and all of the outstanding principal amount of the 2025 WRF Senior Notes, and accepted for purchase valid tenders with respect to \$506.4 million and paid a tender premium of \$12.4 million. The Company used a portion of the net proceeds from the offering of the 2031 WRF Senior Notes to purchase such tendered 2025 WRF Senior Notes and to pay related fees and expenses.

In April 2023, WRF repurchased all of the outstanding 2025 WRF Senior Notes using the remaining net proceeds from the issuance of the 2031 WRF Senior Notes and cash held by WRF, at a price equal to 101.938% of the principal amount plus accrued interest under the terms of its indenture.

In connection with the issuance of the 2031 WRF Senior Notes and purchase of the 2025 WRF Senior Notes, the Company recognized a loss on debt financing transactions of \$10.6 million within the accompanying Consolidated Statements of Operations, and the Company recorded debt issuance costs of \$11.4 million within the accompanying Consolidated Balance Sheet.

In February 2024, the WRF Issuers issued an additional \$400.0 million aggregate principal amount of 7 1/8% Senior Notes due 2031 (the "2031 WRF Add-On Senior Notes" and collectively with the 2031 Senior Notes and 2029 Senior Notes, the "WRF Senior Notes") pursuant to a supplemental indenture to the 2031 Senior Notes indenture dated as of February 16, 2023. The 2031 WRF Add-On Senior Notes were issued at a price equal to 103.0% of the principal amount, for net proceeds of approximately \$409 million. The Company used the net proceeds from the offering of the 2031 WRF Add-On Senior Notes and cash held by Wynn Resorts to repurchase \$678.0 million of the outstanding principal amount of the 2025 WLV Senior Notes (see definition below) and to pay related fees and expenses.

The WRF Senior Notes were issued pursuant to indentures (the "WRF Indentures") among the WRF Issuers, the guarantors party thereto, and U.S. Bank National Association, as trustee (the "Trustee"). The WRF Senior Notes bear interest at each of their respective interest rates and interest is payable semi-annually.

The WRF Senior Notes are the WRF Issuers' senior unsecured obligations and rank pari passu in right of payment with the WLV Senior Notes (as defined below), and rank equally in right of payment with Wynn Las Vegas' guarantee of the WRF Credit

Facilities, and rank senior in right of payment to all of the WRF Issuers' existing and future subordinated debt. The WRF Senior Notes are effectively subordinated in right of payment to all of the WRF Issuers' existing and future secured debt (to the

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

extent of the value of the collateral securing such debt), and structurally subordinated to all of the liabilities of any of the WRF Issuers' subsidiaries that do not guarantee the WRF Senior Notes, including WML and its subsidiaries.

The WRF Senior Notes are jointly and severally guaranteed by each of WRF's existing domestic restricted subsidiaries that guarantee indebtedness under the WRF Credit Agreement, including Wynn Las Vegas, LLC and each of its subsidiaries that guarantees the WLV Senior Notes. The guarantees are senior unsecured obligations of the Guarantors and rank senior in right of payment to all of their future subordinated debt. The guarantees rank equally in right of payment with all existing and future liabilities of the Guarantors that are not so subordinated and will be effectively subordinated in right of payment to all of such Guarantors' existing and future secured debt (to the extent of the collateral securing such debt).

The WRF Indentures contains covenants that limit the ability of the WRF Issuers and the guarantors to, among other things, enter into sale-leaseback transactions, create or incur liens to secure debt, and merge, consolidate or sell all or substantially all of the WRF Issuers' assets. These covenants are subject to exceptions and qualifications set forth in the WRF Indentures. The WRF Indentures also contain customary events of default, including, but not limited to, failure to make required payments, failure to comply with certain covenants, certain events of bankruptcy and insolvency, and failure to pay certain judgments.

The WRF Senior Notes were offered only to qualified institutional buyers in reliance on Rule 144A under the Securities Act. The WRF Senior Notes have not been and will not be registered under the Securities Act or under any state securities laws. Therefore, the WRF Senior Notes may not be offered or sold within the United States to, or for the account or benefit of, any United States person unless the offer or sale would qualify for a registration exemption from the Securities Act and applicable state securities laws.

WLV Senior Notes

Wynn Las Vegas, LLC and Wynn Las Vegas Capital Corp. ("Capital Corp." and together with Wynn Las Vegas, LLC, the "Issuers") issued \$500.0 million 4 1/4% Senior Notes due 2023 (the "2023 WLV Senior Notes"), \$1.80 billion 5 1/2% Senior Notes due 2025 (the "2025 WLV Senior Notes"), and \$900.0 million 5 1/4% Senior Notes due 2027 (the "2027 WLV Senior Notes") pursuant to indentures, dated as of May 22, 2013 (the "2023 Indenture"), February 18, 2015 (the "2025 Indenture"), and May 11, 2017 (the "2027 Indenture"), respectively, among the Issuers, the Guarantors (as defined below) and the Trustee.

In March 2023, the Company repurchased all of its outstanding 2023 WLV Senior Notes, representing an aggregate principal amount of \$500.0 million, using cash held by WRF, at a price equal to 100% of the principal amount plus accrued interest under the terms of its indenture. In connection with the repurchase, the Company recognized a loss on debt financing transaction of \$1.0 million within the accompanying Consolidated Statements of Operations.

In August 2023, Wynn Las Vegas repurchased \$400.0 million aggregate principal amount of its 2025 WLV Senior Notes, at a price equal to 94% of the principal amount, plus accrued interest and an early tender premium of \$20.0 million to the holders of validly tendered 2025 WLV Senior Notes. WRF used cash held by Wynn Resorts to purchase such tendered 2025 WLV Senior Notes and to pay the tender premium and related fees and expenses. In connection with the completion of the tender, the Company recognized a gain on debt financing transaction of \$2.9 million within the accompanying Consolidated Statements of Operations.

In February 2024, Wynn Las Vegas repurchased \$678.0 million aggregate principal amount of its 2025 WLV Senior Notes, at a price equal to 97.2% of the principal amount, plus accrued interest and an early tender premium of \$20.3 million to the holders of validly tendered 2025 WLV Senior Notes. The Company used the net proceeds from the 2031 WRF Add-On Senior Notes and cash held by Wynn Resorts, to purchase such validly tendered 2025 WLV Senior Notes and to pay the tender premium and related fees and expenses.

The 2025 WLV Senior Notes and 2027 WLV Senior Notes are collectively referred to as the "WLV Senior Notes." The 2025 Indenture and 2027 Indenture are collectively referred to as the "WLV Indentures."

The WLV Senior Notes are the WLV Issuers' senior unsecured obligations and each rank pari passu in right of payment. The WLV Senior Notes are unsecured, except by the first priority pledge by Wynn Las Vegas Holdings, LLC ("WLVH"), a direct wholly owned subsidiary of Wynn Resorts Finance, LLC, of its equity interests in Wynn Las Vegas, LLC. If Wynn Resorts receives an investment grade rating from one or more ratings agencies, the first priority pledge securing the WLV Senior Notes will be released.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The WLV Senior Notes are jointly and severally guaranteed by all of the Issuers' subsidiaries, other than Capital Corp., which was a co-issuer. The guarantees are senior unsecured obligations of the guarantors and rank senior in right of payment to all of their existing and future subordinated debt. The guarantees rank equally in right of payment with all existing and future liabilities of the guarantors that are not so subordinated and will be effectively subordinated in right of payment to all of such guarantors' existing and future secured debt (to the extent of the collateral securing such debt).

The WLV Indentures contain covenants limiting the WLV Issuers' and the guarantors' ability to create liens on assets to secure debt; enter into sale-leaseback transactions; and merge or consolidate with another company. These covenants are subject to a number of important and significant limitations, qualifications and exceptions.

Events of default under the WLV Indentures include, among others, the following: default for 30 days in the payment of interest when due on the WLV Senior Notes; default in payment of the principal or premium, if any, when due on the WLV Senior Notes; failure to comply with certain covenants in the WLV Indentures; and certain events of bankruptcy or insolvency. In the case of an event of default arising from certain events of bankruptcy or insolvency with respect to the WLV Issuers or any guarantor, all WLV Senior Notes then outstanding will become due and payable immediately without further action or notice.

In 2018, Wynn Resorts purchased \$20.0 million principal amount of each of the 2025 WLV Senior Notes and 2027 WLV Senior Notes through open market purchases, for a total of \$40.0 million. As of December 31, 2023, Wynn Resorts holds this debt and has not contributed it to its wholly owned subsidiary, Wynn Las Vegas, LLC.

The WLV Issuers and certain of their subsidiaries will guarantee and secure their obligation under the WRF Credit Facilities with liens on substantially all of their assets, with such liens limiting the amount of such obligations secured to 15% of their total assets.

The WLV Senior Notes were offered pursuant to an exemption under the Securities Act only to qualified institutional buyers in reliance on Rule 144A under the Securities Act. The WLV Senior Notes have not been and will not be registered under the Securities Act or under any state securities laws. Therefore, the WLV Senior Notes may not be offered or sold within the United States to, or for the account or benefit of, any United States person unless the offer or sale would qualify for a registration exemption from the Securities Act and applicable state securities laws.

Retail Term Loan

In 2018, Wynn/CA Plaza Property Owner, LLC and Wynn/CA Property Owner, LLC (collectively, the "Retail Borrowers"), subsidiaries of the Retail Joint Venture, entered into a term loan agreement (together with its subsequent amendments, the "Retail Term Loan Agreement"). On June 2, 2023, the Borrowers entered into an amendment effective as of July 3, 2023, which amended the Retail Term Loan Agreement to transition the benchmark interest rate applicable to the secured loan in an aggregate principal amount of \$615.0 million issued to the Borrowers thereunder from LIBOR to SOFR and to make related conforming changes to the Retail Term Loan Agreement.

The Retail Term Loan Agreement provides for a term loan facility to the Retail Borrowers of \$615.0 million (the "Retail Term Loan"). The Retail Term Loan is secured by substantially all of the assets of the Retail Borrowers. The Retail Term Loan matures on July 24, 2025 and bears interest at a rate of SOFR plus an adjustment of 0.10% plus 1.70% per annum. The Retail Borrowers distributed approximately \$589 million of the net proceeds of the Retail Term Loan to their members on a proportionate basis to each member's ownership percentage. The Retail Borrowers may prepay the Retail Term Loan, in whole or in part, at any time with no premium above the principal amount. In accordance with the Retail Term Loan Second Amendment, the Retail Borrowers entered into an interest rate collar agreement with a SOFR floor of 1.00% and a ceiling of 3.67%.

The Retail Term Loan Agreement contains customary representations and warranties, events of default and affirmative and negative covenants for debt facilities of this type, including, among other things, limitations on leasing matters, incurrence of indebtedness, distributions and transactions with affiliates. The Retail Term Loan Agreement also provides for customary sweeps of the Retail Borrowers' excess cash in the event of a default or in the event the Retail Borrowers fail to maintain certain financial ratios as defined in the Retail Term Loan Agreement. In addition, the Company will indemnify the lenders under the Retail Term Loan and be liable, in each case, for certain customary environmental and non-recourse carve out matters pursuant to a hazardous materials indemnity agreement and a recourse indemnity agreement, each entered into concurrently with the execution of the Retail Term Loan Agreement.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

In accordance with the terms of the Retail Term Loan Agreement, the Retail Borrowers entered into an interest rate collar with a notional value of \$615.0 million, the underlying reference rate of which was transitioned from LIBOR to SOFR concurrently with the Retail Term Loan. The interest rate collar establishes a range whereby the Retail Borrowers will pay the counterparty if one-month SOFR falls below the established floor rate of 1.00%, and the counterparty will pay the Retail Borrowers if one-month SOFR exceeds the ceiling rate of 3.67%. The interest rate collar settles monthly through the termination date in August 2024. No payments or receipts are exchanged on interest rate collar contracts unless interest rates rise above or fall below the pre-determined ceiling or floor rate, respectively. The Company measures the fair value of the interest rate collar at each balance sheet date based on a Black-Scholes option pricing model, which incorporates observable market inputs such as market volatility and interest rates, with changes in fair value recorded in earnings. As of December 31, 2023, the fair value of the interest rate collar was an asset of \$5.8 million, recorded in Prepaid expenses and other in the accompanying Consolidated Balance Sheets. As of December 31, 2022, the fair value of the interest rate collar was a liability of \$10.4 million, of which \$6.7 million was recorded in Prepaid expenses and other, and \$3.7 million was recorded in Other assets in the accompanying Consolidated Balance Sheets.

Debt Covenant Compliance

As of December 31, 2023, management believes the Company was in compliance with all debt covenants.

Scheduled Maturities of Long-Term Debt

Scheduled maturities of long-term debt as of December 31, 2023 were as follows (in thousands):

Years Ending December 31,		
2024	\$	711,154

Fair Value of Long-Term Debt

The estimated fair value of the Company's long-term debt as of December 31, 2023 and 2022, was approximately \$11.49 billion and \$11.23 billion, respectively, compared to its carrying value, excluding debt issuance costs and original issue discount and premium, of \$11.83 billion, and \$12.16 billion, respectively. The estimated fair value of the Company's long-term debt is based on recent trades, if available, and indicative pricing from market information (Level 2 inputs).

Note 8 - WML Convertible Bond Conversion Option Derivative

An embedded derivative is a feature contained within a contract that affects some or all of the cash flows or the value of other exchanges required by the contract in a manner similar to a derivative instrument. Embedded derivatives are required to be bifurcated and accounted for separately from the host contract and carried at fair value when: (a) the embedded derivative possesses economic characteristics that are not clearly and closely related to the economic characteristics of the host contract; and (b) a separate, freestanding instrument with the same terms would qualify as a derivative instrument. The Company determined that the conversion feature contained within the WML Convertible Bonds is not indexed to WML's equity and, as such, is required to be bifurcated from the debt host contract and accounted for as a free-standing derivative. In accordance with applicable

accounting standards, the WML Convertible Bond Conversion Option Derivative will be reported at fair value as of the end of each reporting period, with changes recognized in the statements of operations.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The Company used a binomial lattice model in order to estimate the fair value of the embedded derivative in the WML Convertible Bonds. Inherent in a binomial options pricing model are unobservable (Level 3) inputs and assumptions related to expected share-price volatility, risk-free interest rate, expected term, and dividend yield. The Company estimates the volatility of shares of WML common stock based on historical volatility that matches the expected remaining term to maturity of the WML Convertible Bonds. The risk-free interest rate is based on the Hong Kong and United States benchmark yield curves on the valuation date for a maturity similar to the expected remaining term of the WML Convertible Bonds. The expected life of the WML Convertible Bonds is assumed to be equivalent to their remaining term to maturity. The dividend yield is based on the historical WML dividend rate over the last several years.

The following table sets forth the inputs to the lattice models that were used to value the embedded derivative:

	December 31, 2023		March 2, 2023 (Pricing date)	
WML stock price	HK\$	6.43	HK\$	8.08
Estimated volatility		34.0 %		26.0 %
Risk-free interest rate		3.3 %		4.2 %
Expected term (years)		5.2		6.0
Dividend yield		0.0 %		0.0 %

In connection with the completion of the Offering on March 7, 2023, the Company recognized a debt discount and a corresponding liability for the embedded derivative, based on an estimated fair value of \$123.5 million. The debt discount will be amortized to interest expense over the term of the WML Convertible Bonds using the effective interest method. As of December 31, 2023, the estimated fair value of the embedded derivative was a liability of \$73.7 million, recorded within Long-term debt within the accompanying Consolidated Balance Sheet. In connection with the change in fair value, the Company recorded a gain of \$49.7 million within Change in derivatives fair value in the accompanying Consolidated Statements of Operations for the year ended December 31, 2023.

Note 9 - Stockholders' Deficit

Equity Repurchase Program

In April 2016, the Company's board of directors authorized an equity repurchase program of up to \$1.00 billion, which may include repurchases by the Company of its common stock from time to time through open market purchases, privately negotiated transactions, and under plans complying with Rules 10b5-1 and 10b-18 under the Securities Exchange Act of 1934, as amended. During the year ended December 31, 2023, the Company repurchased 2,206,573 shares of its common stock at an average price of \$88.61 per share for an aggregate cost of \$195.5 million under the equity repurchase program. During the year ended December 31, 2022, repurchased 2,956,331 shares of its common stock at an average price of \$57.95 per share for an aggregate cost of \$171.3 million under the equity repurchase program. As of December 31, 2023, the Company had \$433.4 million in repurchase authority remaining under the program.

Dividends

The Company paid a cash dividend of \$0.25 per share in each of the quarters ended June 30, 2023, September 30, 2023 and December 31, 2023 and recorded \$28.5 million, \$28.2 million and \$28.4 million respectively, against accumulated deficit. No dividends were paid during the years ended December 31, 2022 and 2021.

On February 7, 2024, the Company declared a cash dividend of \$0.25 per share, payable on February 29, 2024 to stockholders of record as of February 20, 2024.

Noncontrolling Interests

In October 2009, WML, the developer, owner and operator of Wynn Macau and Wynn Palace, listed its ordinary shares of common stock on The Stock Exchange of Hong Kong Limited through an initial public offering. The Company currently owns

approximately 72% of this subsidiary's common stock. The shares of WML were not and will not be registered under the Securities Act and may not be offered or sold in the United States absent a registration under the Securities Act, or an applicable exception from such registration requirements.

WML Securities Lending Agreement

In connection with the WML Convertible Bonds Offering, WM Cayman Holdings I Limited ("WM Cayman I"), a wholly owned subsidiary of the Company and holder of our approximate 72% ownership interest in WML, entered into a stock borrowing and lending agreement with Goldman Sachs International (the "WML Stock Borrower") on March 2, 2023 (as amended on March 30, 2023, the "Securities Lending Agreement"), pursuant to which WM Cayman I has agreed to lend to the WML Stock Borrower up to 459,774,985 of its ordinary share holdings in WML, upon and subject to the terms and conditions in the Securities Lending Agreement. WM Cayman I may, at its sole discretion, terminate any stock loan by giving the WML Stock Borrower no less than five business days' notice. The Securities Lending Agreement terminates on the date on which the WML Convertible Bonds have been redeemed, or converted in full, whichever is the earlier. On March 6, 2023, the WML Stock Borrower borrowed 459,774,985 ordinary shares of WML under the Securities Lending Agreement and on April 3, 2023 returned 280,000,000 of such shares to WM Cayman I. As of the date of this report, the WML Stock Borrower held 179,774,985 WML shares under the Securities Lending Agreement.

Macau Plan will be provided with the option of joining the CPF system or staying in the existing Wynn Macau Plan, which will continue to be in effect in parallel. The CPF system allows eligible employees to contribute 5% or more of their base salary to the CPF while the Company matches with a 5% of such salary as employer's contribution to the CPF. The Company's matching contributions vest to the employee at 10% per year with full vesting in ten years. The assets of the Wynn Macau Plan and the CPF are held separately from those of the Company in independently administered funds and overseen by the Macau government. Forfeitures of unvested contributions are used to reduce the Company's liability for its contributions payable. During the years ended December 31, 2023, 2022 and 2021, the Company recorded matching contribution expenses of \$16.3 million, \$17.0 million, and \$17.2 million, respectively.

Multi-Employer Pension Plans

Wynn Las Vegas, LLC contributes to a multi-employer defined benefit pension plan for certain of its union employees under the terms of the collective-bargaining agreement with the Culinary Workers Union, Local 226, and Bartenders Union, Local 165, which expires November 30, 2028. The legal name of the multi-employer pension plan is the Southern Nevada Culinary and Bartenders Pension Plan (the "Plan") (EIN: 88-6016617 Plan Number: 1). The Company recorded expenses of \$15.8 million, \$13.5 million, and \$9.8 million for contributions to the Plan for the years ended December 31, 2023, 2022 and 2021, respectively. For the 2022 plan year, the most recent for which plan data is available, the Company's contributions were identified by the Plan to exceed 5% of total contributions for that year. Based on information the Company received from the Plan, it was certified to be in neither endangered nor critical status for the 2022 plan year. Wynn Las Vegas, LLC contributes to a multi-employer defined benefit pension plan for certain of its union employees under the terms of the collective bargaining agreement with the International Brotherhood of Teamsters, Local 986, which expires July 21, 2024. The legal name of the multi-employer pension plan is the Western Conference of Teamsters Pension Trust Fund (the "Fund") (EIN: 91-6145047 Plan Numbers: 217718, 217830). The Company recorded expenses of \$0.2 million for contributions to the Fund for the year ended December 31, 2023.

Beginning as of January 1, 2024, Encore Boston Harbor contributes to multi-employer defined benefit pension plans for certain of its union employees under the terms of the collective-bargaining agreement with UNITE HERE Local 26 affiliated with UNITE HERE and International Brotherhood of Teamsters, Chauffeurs, Warehousemen & Helpers, Local 25, which expires on August 31, 2026. The legal names of the multi-employer pension plans are the UNITE HERE! Workers and Hospitality Employers Variable Defined Benefit Pension Fund (the "UNITE Plan") (EIN: 45-4227067 Plan Number: 026) and the New England Teamsters Pension Fund (the "Teamsters Plan") (EIN: 04-6372430 Plan Number: 001). Based on information the Company received from the UNITE Plan, it was certified to be in neither endangered nor critical status for 2022. Based on information the Company received from the Teamsters Plan, it is in critical and declining status for 2024 as defined in the Pension Protection Act of 2006, and as amended by the Multiemployer Pension Reform Act of 2014.

Risks of participating in a multi-employer plan differ from single-employer plans for the following reasons: (1) assets contributed to a multi-employer plan by one employer may be used to provide benefits to employees of other participating employers; (2) if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers; (3) if a participating employer stops participating, it may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability; and (4) if the plan is terminated by withdrawal of all employers and if the value of the nonforfeitable benefits exceeds plan assets and withdrawal liability payments, employers are required by law to make up the insufficient difference.

Note 12 - Customer Contract Liabilities

In providing goods and services to its customers, there is often a timing difference between the Company receiving cash and the Company recording revenue for providing services or holding events.

The Company's primary liabilities associated with customer contracts are as follows (in thousands):

	December 31, 2023	December 31, 2022	Increase/ (Decrease)	December 31, 2022	December 31, 2021	In (D
Casino outstanding chips and front money deposits ⁽¹⁾	\$ 433,269	\$ 390,531	\$ 42,738	\$ 390,531	\$ 352,830	\$ 3
Advance room deposits and ticket sales ⁽²⁾	89,640	85,019	4,621	85,019	55,438	2
Other gaming-related liabilities ⁽³⁾	24,964	31,265	(6,301)	31,265	26,515	.
Loyalty program and related liabilities ⁽⁴⁾	31,106	35,083	(3,977)	35,083	34,695	
	\$ 578,979	\$ 541,898	\$ 37,081	\$ 541,898	\$ 469,478	\$ 7

- (1) Casino outstanding chips generally represent amounts owed to gaming promoters and customers for chips in their possession, and casino front money deposits represent funds deposited by customers before gaming play occurs. These amounts are included in customer deposits on the Consolidated Balance Sheets and may be recognized as revenue or redeemed for cash in the future.
- (2) Advance room deposits and ticket sales represent cash received in advance for goods or services to be provided in the future. These amounts are included in customer deposits on the Consolidated Balance Sheets and will be recognized as revenue when the goods or services are provided or the events are held. Decreases in this balance generally represent the recognition of revenue and increases in the balance represent additional deposits made by customers. The deposits are expected to primarily be recognized as revenue within one year.
- (3) Other gaming-related liabilities generally represent unpaid wagers primarily in the form of unredeemed slot, race and sportsbook tickets or wagers for future sporting events. The amounts are included in other accrued liabilities on the Consolidated Balance Sheets.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

- (4) Loyalty program and related liabilities represent the deferral of revenue until the loyalty points or other complimentary are redeemed. The amounts are included in other accrued liabilities on the Consolidated Balance Sheets and are expected to be recognized as revenue within one year of being earned by customers.

Note 13 - Stock-Based Compensation

The Company has adopted equity plans that allow for grants of stock-based compensation awards. The following sections describe each of these plans.

Wynn Resorts, Limited 2014 Omnibus Incentive Plan (the "WRL Omnibus Plan")

On May 16, 2014, the Company adopted the WRL Omnibus Plan after approval from its stockholders, which was adopted for a period of 10 years. The WRL Omnibus Plan allows for the grant of stock options, restricted stock, restricted stock units, stock appreciation rights, performance awards, and other share-based awards to eligible participants. The Company reserved 4,409,390 shares of its common stock for issuance under the WRL Omnibus Plan. On June 25, 2020, the Company's shareholders approved an amendment to the WRL Omnibus Plan that increases the shares authorized for issuance by 1,500,000 shares, for an aggregate number of shares authorized for issuance to 5,909,390 shares.

As of December 31, 2023, the Company had 1,585,472 shares of its common stock available for grant as share-based awards under the WRL Omnibus Plan.

Wynn Macau, Limited Share Option and Share Award Plans

The Company's majority-owned subsidiary, WML, has two stock-based compensation plans that provide awards based on shares of WML's common stock. The shares available for issuance under these plans are separate and distinct from the common stock of Wynn Resorts' share plan and are not available for issuance for any awards under the Wynn Resorts share plan. The maximum number of shares which may be issued pursuant to WML's stock-based compensation plans is a combined aggregate of 523,843,160 shares. As of December 31, 2023, there were 521,567,160 shares available for issuance under WML's stock-based compensation plans.

WML Share Option Plan ("WML Share Option Plan")

WML adopted the WML Share Option Plan on May 25, 2023 to supersede its share option plan adopted on May 30, 2019. The WML share option plan allows for the grant of stock options to purchase shares of WML to eligible directors and employees of WML, its subsidiaries, and related entities, and service providers of WML and its subsidiaries. The WML Share Option Plan is administered by WML's board of directors, which has the discretion on the vesting and service requirements, exercise price, performance targets to exercise if applicable and other conditions, subject to certain limits. The WML Share Option Plan was adopted for a period of 10 years commencing from May 25, 2023.

WML Employee Share Ownership Scheme (the "WML Share Award Plan")

WML adopted the WML Share Award Plan on May 25, 2023 to supersede its employee ownership scheme adopted on June 30, 2014. The Share Award Plan allows for the grant of nonvested shares of WML's common stock to eligible directors and employees of WML, its subsidiaries, and related entities, and service providers of WML and its subsidiaries. The WML Share Award Plan was adopted for a period of 10 years commencing from May 25, 2023.

Wynn Interactive Ltd. 2020 Omnibus Incentive Plan (the "WIL Omnibus Plan")

On October 23, 2020, the Wynn Interactive board of directors adopted the WIL Omnibus Plan. The WIL Omnibus Plan, which is administered by the Wynn Interactive board of directors, allows for an aggregate number of shares totaling 101,419 for the grant of stock options, restricted stock, restricted stock units, stock appreciation rights, performance awards, and other share-based awards to eligible participants. As of December 31, 2023, there were 30,984 shares available to grant under the WIL Omnibus Plan.

Certain members of the executive management team receive grants of nonvested share awards that are subject to service and performance conditions. Generally, these awards vest if certain fair share metrics (as approved by the Company's Compensation Committee of the Board of Directors) are attained over a one-, two-, or three-year performance period. The Company records expense for these awards if it determines that vesting is probable. At December 31, 2023, all performance nonvested awards were deemed to be probable of vesting; however, none of the performance criteria contingencies have been resolved. The activity for these performance nonvested shares is included in the table above.

The following is provided for the share awards under the Company's stock-based compensation plans (in thousands, except weighted average grant date fair value):

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

December 31, 2023, there was \$12.5 million of unamortized compensation expense under the WML Share Award Plan, which is expected to be recognized over a weighted average period of 2.51 years.

Performance Share Units ("PSUs")

Certain members of the Wynn Resorts executive management team receive grants of PSUs that are subject to service and market conditions. Each PSU represents the right to receive between 0 and 1.6 shares of Wynn Resorts common stock depending on the performance of the common stock over a three-year period. The summary of PSU activity during the year ended December 31, 2023 is provided below:

	Units	Weighted Average Grant Date Fair Value

Vested	—	\$ —
Forfeited	—	\$ —
Nonvested as of December 31, 2023	24,910	\$ 121.70

The fair value of PSUs granted under the WRL Omnibus Plan during the year ended December 31, 2023 was estimated on the date of grant using a risk-free rate of 3.80% and expected volatility of 55.0%.

Annual Incentive Bonus

Certain members of the Company's management team receive a portion of their annual incentive bonus in shares of the Company's stock. The number of shares is determined based on the closing stock price on the date the annual incentive bonus is settled. As the number of shares is variable, the Company records a liability for the fixed monetary amount over the service period. The Company recorded stock-based compensation expense associated with these awards of \$8.0 million, \$6.6 million and \$9.3 million for each of the years ended December 31, 2023, 2022 and 2021, respectively. The Company settled its obligations for the 2023, 2022, and 2021 annual incentive bonuses by issuing 84,130, 67,320, and 108,224 of vested shares with a weighted-average grant date fair value of \$95.26, \$98.61, and \$85.80, in January of the respective following year.

In 2024, Wynn Macau SA received an exemption from Macau's 12% Complementary Tax on casino gaming profits from January 1, 2023 through December 31, 2027. For the year ended December 31, 2022, the Company did not have any casino gaming profits exempt from the Macau Complementary Tax. For the year ended December 31, 2023, the Company was exempt

from the payment of Macau Complementary Tax totaling \$77.4 million or \$0.69 per diluted share. The Company's non-gaming profits remain subject to the Macau Complementary Tax and its casino winnings remain subject to the Macau special gaming tax and other levies in accordance with its concession agreement.

In 2024, Wynn Macau SA renewed its agreement with the Macau government that provides for a payment in lieu of complementary tax on dividend distributions which would otherwise be borne by stockholders of Wynn Macau SA from January 1, 2023 through December 31, 2025. The payment is \$5.5 million for the year ended December 31, 2023.

Accounting standards require recognition of a future tax benefit to the extent that realization of such benefit is more likely than not; otherwise, a valuation allowance is applied. During the years ended December 31, 2023 and 2022, the aggregate

WYNN RESORTS, LIMITED AND SUBSIDIARIES

valuation allowance for deferred tax assets decreased \$1.10 billion and \$64.1 million, respectively. The 2023 decrease is primarily related to the release of valuation allowance on foreign tax credits ("FTCs") and certain deferred tax assets as a result of achieving sustained profitability in the U.S. The 2022 decrease is primarily related to utilization of FTCs and expiration of NOL carryforwards.

The Company recorded tax benefits resulting from the exercise of nonqualified stock options and the value of vested restricted stock and accrued dividends of \$2.3 million, \$0.7 million, and \$1.9 million for the years ended December 31, 2023, 2022, and 2021, respectively, in excess of the amounts reported for such items as compensation costs under accounting standards related to stock-based compensation.

The tax effects of significant temporary differences representing net deferred tax assets and liabilities consisted of the following (in thousands):

interest carryforward of \$682.3 million which does not expire. As of December 31, 2023, the Company had U.S. federal and state tax loss carryforwards of \$624.6 million. As of December 31, 2022, the Company had U.S. federal and state tax loss carryforwards of \$417.3 million. U.S. federal tax loss carryforwards do not expire. The Company incurred foreign tax losses of \$55.1 million, \$424.2 million and \$394.1 million during the tax years ended December 31, 2023, 2022 and 2021, respectively. The majority of foreign tax loss carryforwards expire in 2026, 2025 and 2024, respectively.

The Company records valuation allowances on certain of its U.S. and foreign deferred tax assets. In assessing the need for a valuation allowance, the Company considers whether it is more likely than not that the deferred tax assets will be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income. In the assessment of the valuation allowance, appropriate consideration is given to all positive and negative evidence including recent operating profitability, forecast of future earnings, ability to carryback, the reversal of net taxable temporary differences, the duration of statutory carryforward periods and tax planning strategies.

In 2023, the Company considered both the achievement of sustained profitability and cumulative income as well as forecasted income and tax planning strategies to be significant forms of positive evidence. The Company determined that the positive evidence outweighed the negative evidence and supported a release of a portion of the valuation allowance. Therefore, the Company recorded a \$1.10 billion net decrease to valuation allowances, including a \$971.7 million decrease to valuation allowance on FTC carryforwards. Of the \$971.7 million decrease, \$97.5 million relates to current year utilization and \$572.6 million relates to expirations of FTCs in 2023. The remaining \$301.6 million represents FTCs more likely than not to be realized based on future taxable income and tax planning strategies. The Company also recorded a \$158.0 million decrease in valuation allowance on disallowed interest expense carryforward. The need for valuation allowances against deferred tax assets will be reassessed on a continuous basis in future periods and, as a result, the allowance may increase or decrease based on changes in facts and circumstances.

The Company relied solely on the reversal of net taxable temporary differences in assessing the need for a valuation allowance in the year ended December 31, 2022.

As of December 31, 2023 and 2022, the Company had valuation allowances provided on its deferred tax assets as follows (in thousands):

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

As of December 31, 2023, 2022 and 2021, unrecognized tax benefits of \$135.7 million, \$135.9 million and \$141.5 million, respectively, were recorded as reductions in deferred income taxes, net. The Company had no unrecognized tax benefits recorded in other long-term liabilities as of December 31, 2023, 2022 and 2021.

As of December 31, 2023, 2022 and 2021, \$69.0 million, \$69.0 million and \$74.3 million, respectively, of unrecognized tax benefits would, if recognized, impact the effective tax rate.

The Company recognizes penalties and interest related to unrecognized tax benefits in the provision for income taxes. During each of the years ended December 31, 2023, 2022 and 2021, the Company recognized no interest and penalties.

The Company anticipates that the 2019 statute of limitations will expire in the next 12 months for certain foreign tax jurisdictions. Also, the Company's unrecognized tax benefits include certain income tax accounting methods, which govern the timing and deductibility of income tax deductions. As a result, the Company's unrecognized tax benefits could decrease up to \$1.5 million over the next 12 months.

The Company files income tax returns in the U.S. federal jurisdiction, various states and foreign jurisdictions. The Company's income tax returns are subject to examination by the IRS and other tax authorities in the locations where it operates. The Company's 2002 to 2019 domestic income tax returns remain subject to examination by the IRS to the extent tax attributes carryforward to future years. The Company's 2020 to 2022 domestic income tax returns also remain subject to examination by the IRS. The Company's 2019 to 2022 Macau income tax returns remain subject to examination by the Financial Services Bureau.

The Company has participated in the IRS Compliance Assurance Program ("CAP") for the 2012 through 2023 tax years and will continue to participate in the IRS CAP for the 2024 tax year.

On December 31, 2023, 2022 and 2021, the statute of limitations for the 2018, 2017, and 2016 Macau Complementary tax return expired, respectively. As a result of the expiration of the statute of limitations for the Macau Complementary Tax return, the total amount of unrecognized tax benefits decreased by \$16.1 million, \$15.0 million, and \$10.6 million, respectively.

Note 15 - Earnings Per Share

Basic earnings per share ("EPS") is computed by dividing net income (loss) attributable to Wynn Resorts by the weighted average number of common shares outstanding during the period. Diluted EPS is computed by dividing net income (loss) attributable to Wynn Resorts, adjusted for the potential dilutive impact assuming that the conversion of the WML Convertible Bonds occurred as of the date of their issuance under the if-converted method, by the weighted average number of common shares outstanding during the period increased to include the number of additional shares of common stock that would have been outstanding if the potential dilutive securities had been issued, to the extent such impact is not anti-dilutive. Potentially dilutive securities include outstanding stock options and unvested restricted stock.

Encore Boston Harbor Lease

The Company leases the real estate assets of Encore Boston Harbor pursuant to a triple-net operating lease agreement with an initial term of 30 years from December 2022 to November 2052, which may be renewed for one additional thirty-year term. The lease has an initial base rent of \$100 million per year, which increases at a fixed rate of 1.75% per year for the first ten years and the greater of 1.75% or change in consumer price index, subject to a cap of 2.5%, each year for the remaining term of the lease. In addition, certain fixed payments in lieu of taxes ("PILOT") made on behalf of the lessor are included in lease payments for the purpose of measuring the associated operating lease assets and liabilities.

The lease payments, inclusive of PILOT payments, are \$124.1 million in 2024, \$126.4 million in 2025, \$128.8 million in 2026, \$131.3 million in 2027, \$133.7 million in 2028, and \$3.43 billion thereafter. At December 31, 2023, the total liability associated with the lease was \$1.51 billion.

Ground Leases

Undeveloped Land - Las Vegas

The Company leases approximately 16 acres of undeveloped land on Las Vegas Boulevard directly across from Wynn Las Vegas in Las Vegas, Nevada, pursuant to a lease agreement which expires in 2097. The ground lease payments, which increase at a

fixed rate over the term of the lease, are \$4.0 million per year from 2024 to 2028 and total payments of \$347.8 million thereafter. As of December 31, 2023 and 2022, the liability associated with this lease was \$64.8 million and \$64.3 million, respectively.

At December 31, 2023 and 2022, operating lease assets included approximately \$82.5 million and \$83.6 million, respectively, related to an amount allocated to the leasehold interest in land upon the acquisition of a group of assets in 2018.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

The Company expects that the amortization of this amount will be \$1.1 million each year from 2024 through 2096 and \$0.7 million in 2097.

Macau Land Concessions

Wynn Palace and Wynn Macau were built on land that is leased under Macau land concession contracts each with terms of 25 years from May 2012 and August 2004, respectively, which may be renewed with government approval for successive 10-year periods in accordance with Macau legislation. The land concession payments are expected to be \$1.5 million per year through 2028 and total payments of \$8.4 million thereafter through 2037. At December 31, 2023 and 2022, the total liability associated with these leases was \$10.4 million and \$13.6 million, respectively.

At December 31, 2023 and 2022, operating lease assets included \$141.2 million and \$154.1 million of leasehold interests in land related to the Wynn Palace and Wynn Macau land concessions. The Company expects that the amortization associated with these leasehold interests will be approximately \$12.5 million per year from 2024 through 2028 and approximately \$9.3 million per year thereafter through 2037.

Home Purchase

In 2022, Linda Chen, President and Executive Director of Wynn Macau SA exercised an option to purchase a home provided by the Company for her use for no consideration, as provided by the terms of her employment agreement. Based on a third-party appraisal as of the date of option exercise, the estimated fair value of the home was \$6.4 million. The home purchase closed during the third quarter of 2022.

Cooperation Agreement

On August 3, 2018, the Company entered into a Cooperation Agreement (the "Cooperation Agreement") with Elaine P. Wynn regarding the composition of the Company's Board of Directors and certain other matters, including, among other things, the appointment of Mr. Philip G. Satre to the Company's Board of Directors, standstill restrictions, releases, non-disparagement, reimbursement of expenses and the grant of certain complimentary privileges. The term of the Cooperation Agreement expires on the date that Mr. Satre no longer serves as Chair of the Board, unless earlier terminated pursuant to the circumstances described in the Cooperation Agreement.

Amounts Due to Officers, Directors and Former Directors

The Company periodically provides services to certain executive officers, directors or former directors of the Company, including the personal use of employees, construction work and other personal services, for which the officers, directors or former directors reimburse the Company. The Company requires prepayment for any such services, which amounts are replenished on an ongoing basis as needed. As of December 31, 2023 and 2022, these net deposit balances with the Company were immaterial, as were the services provided.

Note 18 - Commitments and Contingencies

Macau Gaming Concession

Wynn Macau SA committed to make certain non-gaming and gaming investments in the amount of MOP17.73 billion (approximately \$2.20 billion) over the course of the ten-year term of the Gaming Concession Contract. MOP16.50 billion (approximately \$2.05 billion) of the committed investment will be used for non-gaming capital projects and event programming in connection with, among others, attraction of foreign tourists, conventions and exhibitions, entertainment performances, sports events, culture and art, health and wellness, themed amusement, gastronomy, community tourism and maritime tourism. Wynn Macau SA agreed, as part of its commitment for its Gaming Concession Contract, to increase its investment in non-gaming projects (original commitment of MOP16.50 billion (approximately \$2.05 billion) by 20% once market-wide gross gaming revenues reached MOP180.00 billion (approximately \$22.36 billion) in any one year (the "Trigger Event"). As market wide gross gaming revenue exceeded MOP180.00 billion (approximately \$22.36 billion) in 2023, the Trigger Event occurred at the end of 2023 and each gaming concessionaire is now required to increase its original committed investment amount in non-gaming projects by 20%. Wynn Macau SA will comply with its further investment commitment by investing MOP3.30 billion (approximately \$409.9 million) over the course of the remaining 9 years of the Gaming Concession Contract in non-gaming capital projects. The scope, nature and timing of the additional investment in non-gaming capital projects will be mutually agreed between Wynn Macau SA and the Macau SAR Government in due course and according to the terms of the Gaming Concession Contract.

Additionally, Wynn Macau SA committed to make the following payments throughout the term of the Gaming Concession Contract:

(i) Special gaming premium - The Company is obligated to pay a special annual gaming premium if the average of the gross gaming revenues of the Company's gaming tables and gaming machines is lower than a certain minimum amount determined by the Macau government. A minimum average annual gross gaming revenue of MOP7.0 million (approximately \$0.9 million) per gaming table and MOP300,000 (approximately \$37 thousand) per gaming machine has been set by Macau government. If Wynn Macau SA fails to reach such minimum gross gaming revenue, Wynn Macau SA will be required to pay a special premium equal to the difference between the special gaming tax calculated based on the actual gross gaming revenue and that of such minimum gross gaming revenue.

(ii) Special levies, totaling 5% of gross gaming revenues. The Macau government may reduce the special levies payable by Wynn Macau SA (1) based on Wynn Macau SA's contribution to the attraction of tourists who enter Macau for tourism and

business purposes and hold travel documents issued by countries or regions other than the People's Republic of China; (2) if Wynn Macau SA's operations are adversely affected by abnormal, unpredictable or force majeure circumstances associated with the prevailing economic conditions of Macau; or (3) factors as determined by the Chief Executive of Macau; and

(iii) Special gaming tax assessed at the rate of 35% of gross gaming revenues.

Wynn Al Marjan Island Funding Commitment

Pursuant to the shareholders' agreement governing Island 3 AMI FZ-LLC, the unconsolidated entity in which the Company has a 40% ownership interest and which owns the Wynn Al Marjan Island integrated resort development project in Ras Al Khaimah, United Arab Emirates, the Company, and the entity's other shareholders, have committed to fund the development of the project through capital contributions in an amount up to its pro rata share of at least 20% of the project budget. The amount and timing of such contributions are subject to approval by the entity's shareholders.

Employment Agreements

The Company has entered into employment agreements with several executive officers, other members of management and certain key employees. These agreements generally have three- to five-year terms and typically indicate a base salary and often contain provisions for discretionary bonuses. Certain of the executives are also entitled to a separation payment if terminated without "cause" or upon voluntary termination of employment for "good reason" following a "change of control" (as these terms are defined in the employment contracts). As of December 31, 2023, the Company was obligated to make future payments of \$97.0 million, \$66.1 million, \$25.1 million, \$6.8 million, \$2.1 million, and \$2.7 million during the years ending December 31, 2024, 2025, 2026, 2027, 2028, and thereafter, respectively.

Other Commitments

The Company has additional commitments for open purchase orders, construction contracts, payment obligations to communities surrounding Encore Boston Harbor, and performance and other miscellaneous contracts. As of December 31, 2023, the Company was obligated under these arrangements to make future minimum payments as follows (in thousands):

with the alleged theft, embezzlement, fraud and/or other crime(s) perpetrated by a former employee of Dore (the "Dore Incident"), the plaintiffs of the lawsuits allege that Dore failed to honor withdrawal of funds deposited with Dore as investments or gaming deposits that allegedly resulted in certain losses for these individuals. The principal allegations common to the lawsuits are that Wynn Macau SA, as a gaming concessionaire, should be held responsible for Dore's conduct on the basis that Wynn Macau SA is responsible for the supervision of Dore's activities at Wynn Macau that resulted in the purported losses.

The Company believes these cases are without merit and unfounded and intends to vigorously defend against the remaining claims pleaded against Wynn Macau SA in these lawsuits. The Company has made estimates for potential litigation costs based upon its assessment of the likely outcome and has recorded provisions for such amounts in the accompanying consolidated financial statements. No assurances can be provided as to the outcome of the pending Dore cases, and actual results may differ from these estimates.

Securities Class Action

On February 20, 2018, a putative securities class action was filed against the Company and certain current and former officers of the Company in the United States District Court, Southern District of New York (which was subsequently transferred to the United States District Court, District of Nevada) by John V. Ferris and Joann M. Ferris on behalf of all persons who purchased the Company's common stock between February 28, 2014 and January 25, 2018. The complaint alleges, among other things, certain violations of federal securities laws and seeks to recover unspecified damages as well as attorneys' fees, costs and related expenses for the plaintiffs. On April 15, 2019, the Company filed a motion to dismiss, which the court granted on May 27, 2020, with leave to amend. On July 1, 2020, the plaintiffs filed an amended complaint. On August 14, 2020, the Company filed a motion to dismiss the amended complaint. On July 28, 2021, the court granted in part, and denied in part, the Company's motion to dismiss the amended complaint, dismissing certain of plaintiffs' claims, including all claims against current CEO Craig Billings and the individual directors, and allowing other claims to proceed against the Company and several of the Company's former executive officers, including Matthew Maddox, Stephen A. Wynn, Kimmarie Sinatra, and Steven Cootey. On March 2, 2023, the court granted the plaintiffs' motion for class certification and appointed lead counsel. The parties are now proceeding with discovery.

The defendants in this action intend to vigorously defend against the claims pleaded against them and believe that the claims are without merit. This action is in the preliminary stages and the Company has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of these actions or reasonably estimate the range of possible loss, if any.

Federal Investigation

From time to time, the Company receives regulatory inquiries about compliance with anti-money laundering laws. The Company received requests for information from the U.S. Attorney's Office for the Southern District of California relating to its anti-money laundering policies and procedures, and beginning in 2020 received several grand jury subpoenas regarding various transactions at Wynn Las Vegas relating to certain patrons and agents who reside or operate in foreign jurisdictions. The Company continues to cooperate with the U.S. Attorney's Office in its investigation, which remains ongoing. Because no charges or claims have been brought, the Company is unable to predict the outcome of the investigation, the extent of the materiality of the outcome, or reasonably estimate the possible range of loss, if any, which could be associated with the resolution of any possible charges or claims that may be brought against the Company.

Note 19 - Retail Joint Venture

In December 2016, the Company entered into the Retail Joint Venture with Crown Acquisitions Inc. ("Crown") to own and operate approximately 88,000 square feet of existing retail space at Wynn Las Vegas. In November 2017 and March 2022, the Company contributed approximately 74,000 square feet and 70,000 square feet of additional retail space to the Retail Joint Venture. The Company maintains a 50.1% ownership in the Retail Joint Venture and is the managing member. The Company's responsibilities with respect to the Retail Joint Venture include day-to-day business operations, property management services and a role in the leasing decisions of the retail space.

The Company assessed its ownership in the Retail Joint Venture based on consolidation accounting guidance with an evaluation being performed to determine if the Retail Joint Venture is a VIE, if the Company has a variable interest in the Retail

Joint Venture and if the Company is the primary beneficiary of the Retail Joint Venture. The primary beneficiary is the party who has the power to direct the activities of a VIE that most significantly impact the entity's economic performance and who

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

has an obligation to absorb losses of the entity or a right to receive benefits from the entity that could potentially be significant to the entity.

The Company concluded that the Retail Joint Venture is a VIE and the Company is the primary beneficiary based on its involvement in the leasing activities of the Retail Joint Venture. As a result, the Company consolidates all of the Retail Joint Venture's assets, liabilities and results of operations. The Company will evaluate its primary beneficiary designation on an ongoing basis and will assess the appropriateness of the Retail Joint Venture's VIE status when changes occur.

As of December 31, 2023 and 2022, the Retail Joint Venture had total assets of \$102.5 million and \$102.9 million, respectively, and total liabilities of \$621.9 million and \$620.9 million, respectively. The Retail Joint Venture's total liabilities as of December 31, 2023 and 2022 included long-term debt of \$614.1 million and \$613.5 million, respectively, net of debt issuance costs, related to the outstanding borrowings under the Retail Term Loan.

Note 20 - Segment Information

The Company has identified its reportable segments based on factors such as geography, regulatory environment, the information reviewed by its chief operating decision maker, and the Company's organizational and management reporting structure.

The Company has identified the following reportable segments: (i) Wynn Macau, representing the aggregate of Wynn Macau and Encore, an expansion at Wynn Macau, which are managed as a single integrated resort; (ii) Wynn Palace; (iii) Las Vegas Operations, representing the aggregate of Wynn Las Vegas, Encore, an expansion at Wynn Las Vegas, and the Retail Joint Venture, which are managed as a single integrated resort; (iv) Encore Boston Harbor; and (v) Wynn Interactive. For geographical reporting purposes, Wynn Macau, Wynn Palace, and Other Macau (which represents the assets of the Company's Macau holding company and other ancillary entities) have been aggregated into Macau Operations.

WYNN RESORTS, LIMITED AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

- (1) "Adjusted Property EBITDAR" is net income (loss) before interest, income taxes, depreciation and amortization, pre-opening expenses, gain on EBH Transaction, net, impairment of goodwill and intangible assets, property charges and other, triple-net operating lease rent expense related to Encore Boston Harbor, management and license fees, corporate expenses and other (including intercompany golf course, meeting and convention, and water rights leases), stock-based compensation, change in derivatives fair value, loss on debt financing transactions, and other non-operating income and expenses. Adjusted Property EBITDAR is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDAR as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors, as well as a basis for determining certain incentive compensation. The Company also presents Adjusted Property EBITDAR because it is used by some investors to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDAR as a supplement to GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their EBITDAR calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation, that do not relate to the management of specific casino properties. However, Adjusted Property EBITDAR should not be considered as an alternative to operating income (loss) as an indicator of the Company's performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income (loss), Adjusted Property EBITDAR does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. The Company has significant uses of cash flows, including capital expenditures, triple-net operating lease rent expense related to Encore Boston Harbor, interest payments, debt principal repayments, income taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDAR. Also, the Company's calculation of Adjusted Property EBITDAR may be different from the calculation methods used by other companies and, therefore, comparability may be limited.
- (2) For the year ended December 31, 2023, includes \$94.9 million related to the Company's decision to cease operating Wynn Interactive's online sports betting and iGaming platform in certain jurisdictions.

The following tables (in thousands, except per share data) present selected quarterly financial information for 2023 and 2022, as previously reported. Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

None.

Item 9A. Controls and Procedures

Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this annual report. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide reasonable assurance of achieving the desired control objectives and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on such evaluation, the Company's CEO and CFO have concluded that, as of the period covered by this annual report, the Company's disclosure controls and procedures were effective, at the reasonable assurance level, in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

Management's Report on Internal Control Over Financial Reporting

Management of the Company is responsible for establishing and maintaining adequate internal control over financial reporting, as defined in Rule 13a-15(f) and 15d-15(f) under the Exchange Act.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2023. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission ("COSO") in *Internal Control-Integrated Framework* (2013). Based on our assessment, management believes that, as of December 31, 2023, our internal control over financial reporting was effective based on those criteria.

The effectiveness of our internal control over financial reporting as of December 31, 2023 has been audited by Ernst & Young, LLP, an independent registered public accounting firm. Their report appears under "Report of Independent Registered Public Accounting Firm on Internal Control Over Financial Reporting."

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter ended December 31, 2023 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information

Insider Trading Arrangements.

None of the Company's directors or officers (as defined in Section 16 of the Exchange Act) adopted or terminated a "Rule 10b5-1 trading arrangement" or a "non-Rule 10b5-1 trading arrangement" (each as defined in Item 408(a) and (c) of Regulation S-K) during the Company's fiscal quarter ended December 31, 2023.

Item 9C. Disclosure Regarding Foreign Jurisdictions that Prevent Inspections

Not applicable.

PART III

Item 10. Directors, Executive Officers and Corporate Governance

The information required by this item will be contained in the Registrant's definitive Proxy Statement for its 2024 Annual Stockholder Meeting to be filed with the Securities and Exchange Commission within 120 days after December 31, 2023 (the "2024 Proxy Statement") under the captions "Election of Directors," "Executive Officers," "Governance" and "Delinquent Section 16(a) Reports," "Beneficial Ownership Reporting Compliance," and is incorporated herein by reference.

As part of the Company's commitment to integrity, the Board of Directors has adopted a Code of Business Conduct and Ethics ("Code") applicable to all directors, officers and employees of the Company and its subsidiaries. This Code is periodically reviewed by the Board of Directors. In the event we determine to amend or waive certain provisions of this Code, we intend to disclose such amendments or waivers on our website at <https://wynnresortslimited.gcs-web.com/corporate-governance/code-business-conduct-and-ethics> within four business days following such amendment or waiver or as otherwise required by the Nasdaq listing standards.
